The Committee on General Government Appropriations (Baker)
recommended the following amendment:

Senate Amendment (with title amendment)

On page 4, between lines 23 and 24,

insert:

Section 3. All new and replacement fire hydrants in
this state shall have an internal hydrant valve device
installed which will prevent intentional or accidental
backflow contamination of the domestic water supply. Such
device may in no way delay access to the water supply for fire
protection.

(Redesignate subsequent sections.)
