Amendment No. (for drafter's use only)

18   2.   Enhance the reliability of electric power production

19 within the state by improving the balance of power plant fuel

20 diversity and reducing Florida's dependence on fuel oil and

21 natural gas.

22   3.   Provide the most cost-effective source of power

23 including conservation and efficiency measures, taking into

24 account the need to improve the balance of fuel diversity,

25 reduce Florida's dependence on fuel oil and natural gas, reduce

26 air emission compliance costs, and contribute to the long-term

27 stability and reliability of the electric grid.

28   (c)   Rule 25-22.082, Florida Administrative Code, shall be

29 applicable to a nuclear power plant sited under this act,

30 including provisions for cost recovery, and an applicant shall

31 be required to secure competitive
