and insert: pursuant to s. 1003.492.--A value of 0.3 full-time equivalent student membership shall be calculated for each student who is enrolled in an industry-certified career and professional academy program pursuant to s. 1003.492 and who is awarded a certificate of successful completion. Such value shall be added to the total full-time equivalent student membership in secondary career education programs for grades 9 through 12 in the subsequent year for courses that were not funded through dual enrollment. Unless a different amount is specified in the General Appropriations Act, the appropriation for this calculation is limited to \$30 million annually. If the appropriation is insufficient to fully fund the total calculation, the appropriation shall be prorated.
