The Committee on Commerce (Ring) recommended the following amendment:

Senate Amendment

On page 10, lines 7-9, delete those lines

and insert: (b) "Qualified person" means a person holding a state license and working within their scope of practice certified by a recognized national organization to provide the instruction for which a tax credit is being sought. In the case of fitness instruction, for which licensure does not exist, "qualified person" means a person who holds either a minimum of an associate's degree from an accredited university in a health- or fitness-related field or at least one current fitness instruction certification from a certifying organization or agency that has at least begun third-party accreditation of its certification procedures and protocols from the National Commission for Certifying Agencies, or an equivalent accrediting organization recognized by the Council for Higher Education Accreditation or the United States Department of Education.
