The Committee on Judiciary (Deutch) recommended the following
amendment to amendment (350622):

Senate Amendment (with title amendment)

On page 4, between lines 2 and 3,

insert:

(6) The written protocol between the pharmacist and
supervising physician must include particular terms and
conditions imposed by the supervising physician upon the
pharmacist relating to the administration of influenza virus
immunizations by the pharmacist. The written protocol shall
include, at a minimum, specific categories and conditions
among patients for whom the supervising physician authorizes
the pharmacist to administer influenza virus immunizations.
The terms, scope, and conditions set forth in the written
protocol between the pharmacist and the supervising physician
must be appropriate to the pharmacist's training and
certification for immunization. Pharmacists who have been
delegated the authority to administer influenza virus
immunizations by the supervising physician shall provide

1 evidence of current certification by the Centers of Disease
 2 Control of the United States Department of Health to the
 3 supervising physician. Supervising physicians shall review the
 4 administration of influenza virus immunizations by the
 5 pharmacists under such physician's supervision pursuant to the
 6 written protocol, and this review shall take place as outlined
 7 in the written protocol. The process and schedule for the
 8 review shall be outlined in the written protocol between the
 9 pharmacist and the supervising physician.
