11 Senator Bennett moved the following amendment:

13 **Senate Amendment**

14 On page 3, line 12, through
15 page 5, line 3, delete those lines

17 and insert: protocol under a supervisory practitioner who is
18 a physician licensed under chapter 458 or chapter 459. Each
19 protocol shall contain specific procedures for addressing any
20 unforeseen allergic reaction to influenza virus immunizations.

21 (2) A pharmacist may not enter into a protocol unless
22 he or she maintains at least \$200,000 of professional
23 liability insurance and has completed training in influenza
24 virus immunizations as provided in this section.

25 (3) A pharmacist administering influenza virus
26 immunizations shall maintain and make available patient
27 records using the same standards for confidentiality and
28 maintenance of such records as those that are imposed on
29 health care practitioners under s. 456.057. These records
30 shall be maintained for a minimum of 5 years.

31 (4) The decision by a supervisory practitioner to

Bill No. CS for CS for SB 2022

Barcode 291964

1 enter into a protocol under this section is a professional
 2 decision on the part of the practitioner and a person may not
 3 interfere with a supervisory practitioner's decision as to
 4 entering into such a protocol. A pharmacist may not enter into
 5 a protocol that is to be performed while acting as an employee
 6 without the written approval of the owner of the pharmacy.
 7 Pharmacists shall forward immunization records to the
 8 department for inclusion in the state registry of immunization
 9 information.

10 (5) Any pharmacist seeking to administer influenza
 11 virus immunizations to adults under this section must be
 12 certified to administer influenza virus immunizations pursuant
 13 to a certification program approved by the Board of Pharmacy
 14 in consultation with the Board of Medicine and the Board of
 15 Osteopathic Medicine. The certification program shall, at a
 16 minimum, require that the pharmacist attend at least 20 hours
 17 of continuing education classes approved by the board. The
 18 program shall have a curriculum of instruction concerning the
 19 safe and effective administration of influenza virus
 20 immunizations, including, but not limited to, potential
 21 allergic reactions to influenza virus immunizations.

22 (6) The written protocol between the pharmacist and
 23 supervising physician must include particular terms and
 24 conditions imposed by the supervising physician upon the
 25 pharmacist relating to the administration of influenza virus
 26 immunizations by the pharmacist. The written protocol must
 27 include, at a minimum, specific categories and conditions
 28 among patients for whom the supervising physician authorizes
 29 the pharmacist to administer influenza virus immunizations.
 30 The terms, scope, and conditions set forth in the written
 31 protocol between the pharmacist and the supervising physician

Bill No. CS for CS for SB 2022

Barcode 291964

1 must be appropriate to the pharmacist's training and
2 certification for immunization. Pharmacists who have been
3 delegated the authority to administer influenza virus
4 immunizations by the supervising physician shall provide
5 evidence of current certification by the Board of Pharmacy to
6 the supervising physician. Supervising physicians shall review
7 the
