Senator Haridopolos moved the following amendment:

Senate Amendment (with title amendment)

On page 3, line 10, through
page 4, line 17, delete those lines

and insert:

(1) Pharmacists who hold a doctor of pharmacy degree may administer influenza virus immunizations to adults within the framework of an established protocol under a supervisory practitioner who is a physician licensed under chapter 458 or chapter 459 or by written agreement with a county health department. Each protocol shall contain specific procedures for addressing any unforeseen allergic reaction to influenza virus immunizations.

(2) A pharmacist may not enter into a protocol unless he or she maintains at least \$200,000 of professional liability insurance and has completed training in influenza virus immunizations as provided in this section.

(3) A pharmacist administering influenza virus immunizations shall maintain and make available patient

Bill No. CS for CS for SB 2022

1 records using the same standards for confidentiality and
2 maintenance of such records as those that are imposed on
3 health care practitioners under s. 456.057. These records
4 shall be maintained for a minimum of 5 years.

5 (4) The decision by a supervisory practitioner to
6 enter into a protocol under this section is a professional
7 decision on the part of the practitioner and a person may not
8 interfere with a supervisory practitioner's decision as to
9 entering into such a protocol. A pharmacist may not enter into
10 a protocol that is to be performed while acting as an employee
11 without the written approval of the owner of the pharmacy.
12 Pharmacists shall forward immunization records to the
13 department for inclusion in the state registry of immunization
14 information.

15 (5) Any pharmacist seeking to administer influenza
16 virus immunizations to adults under this section must be
17 certified to administer influenza virus immunizations pursuant
18 to a certification program approved by the Board of Pharmacy
19 in consultation with the Board of Medicine and the Board of
20 Osteopathic Medicine. The certification program shall, at a
21 minimum, require that the pharmacist attend at least 20
22 semester hours of continuing education classes approved by the
23 Board of Medicine. The program shall have a curriculum of
24 instruction concerning the safe and effective administration
25 of influenza virus immunizations, including, but not limited
26 to, potential allergic reactions to influenza virus
27 immunizations.
