| 1  | A bill to be entitled                                     |
|----|---|
| 2  | An act relating to immunization services;                 |
| 3  | providing a short title; amending s. 465.003,             |
| 4  | F.S.; revising a definition relating to the               |
| 5  | practice of pharmacists; creating s. 465.189,             |
| 6  | F.S.; authorizing pharmacists to administer               |
| 7  | influenza virus immunizations to adults;                  |
| 8  | providing requirements with respect thereto;              |
| 9  | requiring that the protocol between a                     |
| 10 | pharmacist and supervising physician contain              |
| 11 | certain information, terms, and conditions;               |
| 12 | requiring that pharmacists authorized to                  |
| 13 | administer influenza virus immunizations                  |
| 14 | provide evidence of current certification by              |
| 15 | the Centers for Disease Control of the United             |
| 16 | States Department of Health to the supervising            |
| 17 | physician; requiring supervising physicians to            |
| 18 | review certain information in accordance with             |
| 19 | the written protocol; creating the Task Force             |
| 20 | for the Study of Biotech Competitiveness;                 |
| 21 | providing for staff support by the Governor's             |
| 22 | Office of Tourism, Trade, and Economic                    |
| 23 | Development; providing for appointment of                 |
| 24 | members; requiring a study; requiring a report;           |
| 25 | providing for expiration of the task force;               |
| 26 | providing an effective date.                              |
| 27 |   |
| 28 | Be It Enacted by the Legislature of the State of Florida: |
| 29 |   |
| 30 | Section 1. This act may be cited as the "Pharmacist       |
| 31 | Kevin Coit Memorial Act."                                 |

Section 2. Subsection (13) of section 465.003, Florida Statutes, is amended to read: 3 465.003 Definitions.--As used in this chapter, the 4 term: 5 (13) "Practice of the profession of pharmacy" includes 6 compounding, dispensing, and consulting concerning contents, 7 therapeutic values, and uses of any medicinal drug; consulting 8 concerning therapeutic values and interactions of patent or 9 proprietary preparations, whether pursuant to prescriptions or in the absence and entirely independent of such prescriptions 10 or orders; and other pharmaceutical services. For purposes of 11 this subsection, "other pharmaceutical services" means the 12 13 monitoring of the patient's drug therapy and assisting the 14 patient in the management of his or her drug therapy, and includes review of the patient's drug therapy and 15 communication with the patient's prescribing health care 16 provider as licensed under chapter 458, chapter 459, chapter 17 461, or chapter 466, or similar statutory provision in another 19 jurisdiction, or such provider's agent or such other persons as specifically authorized by the patient, regarding the drug 20 therapy. However, nothing in this subsection may be 21 interpreted to permit an alteration of a prescriber's 2.2 23 directions, the diagnosis or treatment of any disease, the 24 initiation of any drug therapy, the practice of medicine, or the practice of osteopathic medicine, unless otherwise 25 permitted by law. "Practice of the profession of pharmacy" 26 also includes any other act, service, operation, research, or 27 28 transaction incidental to, or forming a part of, any of the foregoing acts, requiring, involving, or employing the science or art of any branch of the pharmaceutical profession, study, 30 31 or training, and shall expressly permit a pharmacist to

29

30

transmit information from persons authorized to prescribe medicinal drugs to their patients. The practice of the profession of pharmacy also includes the administration of 3 influenza virus immunizations to adults pursuant to s. 465.189. 5 Section 3. Section 465.189, Florida Statutes, is 6 7 created to read: 8 465.189 Administration of influenza virus 9 immunizations.--(1) Pharmacists may administer influenza virus 10 immunizations to adults within the framework of an established 11 protocol under a supervisory practitioner who is a physician 12 13 licensed under chapter 458 or chapter 459. Each protocol shall 14 contain specific procedures for addressing any unforeseen allergic reaction to influenza virus immunizations. 15 (2) A pharmacist may not enter into a protocol unless 16 he or she maintains at least \$200,000 of professional 17 18 liability insurance and has completed training in influenza 19 virus immunizations as provided in this section. 20 (3) A pharmacist administering influenza virus immunizations shall maintain and make available patient 21 22 records using the same standards for confidentiality and 23 maintenance of such records as those that are imposed on 24 health care practitioners under s. 456.057. These records shall be maintained for a minimum of 5 years. 2.5 26 (4) The decision by a supervisory practitioner to enter into a protocol under this section is a professional 2.7 28 decision on the part of the practitioner and a person may not

entering into such a protocol. A pharmacist may not enter into

a protocol that is to be performed while acting as an employee

interfere with a supervisory practitioner's decision as to

without the written approval of the owner of the pharmacy. Pharmacists shall forward immunization records to the department for inclusion in the state registry of immunization 3 information. 4 5 (5) Any pharmacist seeking to administer influenza virus immunizations to adults under this section must be 6 7 certified to administer influenza virus immunizations pursuant 8 to a certification program approved by the Board of Pharmacy in consultation with the Board of Medicine and the Board of 9 Osteopathic Medicine. The certification program shall, at a 10 minimum, require that the pharmacist attend at least 20 hours 11 of continuing education classes approved by the board. The 12 13 program shall have a curriculum of instruction concerning the 14 safe and effective administration of influenza virus immunizations, including, but not limited to, potential 15 allergic reactions to influenza virus immunizations. 16 (6) The written protocol between the pharmacist and 17 18 supervising physician must include particular terms and 19 conditions imposed by the supervising physician upon the pharmacist relating to the administration of influenza virus 20 immunizations by the pharmacist. The written protocol must 2.1 22 include, at a minimum, specific categories and conditions 23 among patients for whom the supervising physician authorizes 24 the pharmacist to administer influenza virus immunizations. The terms, scope, and conditions set forth in the written 2.5 protocol between the pharmacist and the supervising physician 26 must be appropriate to the pharmacist's training and 2.7 2.8 certification for immunization. Pharmacists who have been 29 delegated the authority to administer influenza virus

evidence of current certification by the Board of Pharmacy to

immunizations by the supervising physician shall provide

30

| 1  | the supervising physician. Supervising physicians shall review |
|----|--|
| 2  | the administration of influenza virus immunizations by the     |
| 3  | pharmacists under such physician's supervision pursuant to the |
| 4  | written protocol, and this review shall take place as outlined |
| 5  | in the written protocol. The process and schedule for the      |
| 6  | review shall be outlined in the written protocol between the   |
| 7  | pharmacist and the supervising physician.                      |
| 8  | (7) The pharmacist shall submit to the Board of                |
| 9  | Pharmacy a copy of his or her protocol or written agreement to |
| 10 | administer influenza virus immunizations.                      |
| 11 | Section 4. Task Force for the Study of Biotech                 |
| 12 | Competitiveness  |
| 13 | <u>(1) INTENT</u>  |
| 14 | (a) The Legislature finds that an estimated 20                 |
| 15 | diseases can be cured through immunizations and that           |
| 16 | immunizations provided early in a child's life, and as         |
| 17 | scheduled during adolescence and adulthood, provide a strong   |
| 18 | foundation of disease prevention and overall health. The       |
| 19 | Legislature further finds that every dollar spent on           |
| 20 | immunization saves an average \$10 in future disease-related   |
| 21 | health care costs. The Legislature recognizes that             |
| 22 | immunization education and disease-awareness programs lead to  |
| 23 | improved vaccine usage and better health outcomes. The         |
| 24 | Legislature further acknowledges that rapid immunization       |
| 25 | distribution is an important factor in managing the            |
| 26 | containment of diseases under normal circumstances and is of   |
| 27 | vital importance during mass outbreaks of diseases or natural  |
| 28 | disasters. The Legislature further recognizes that the threat  |
| 29 | of a bioterrorism, pandemic influenza, or other disaster of    |
| 30 | widespread proportion exists in our world today and that       |
| 31 |  |

| 1  | access to vaccines and health care services are essential      |
|----|--|
| 2  | combatants against these threats.                              |
| 3  | (b) The Legislature finds that immunization                    |
| 4  | manufacturing and distribution is enhanced by siting vaccine   |
| 5  | manufacturing corporations in this state. The Legislature      |
| 6  | recognizes that the state's efforts through existing biotech   |
| 7  | research funded through various state research programs,       |
| 8  | including the James and Esther King Biomedical Research        |
| 9  | Program, the William G. "Bill" Bankhead, Jr., and David Coley  |
| 10 | Cancer Research Program, the Johnnie B. Byrd Senior            |
| 11 | Alzheimer's Center and Research Institute, the Scripps Florida |
| 12 | Funding Corporation, and the High Impact Performance Incentive |
| 13 | grants, which are directed toward developing and expanding the |
| 14 | state's biotech industry result in the expansion of biotech    |
| 15 | research capacity and create biotech manufacturing and         |
| 16 | distribution jobs in Florida. The Legislature further finds    |
| 17 | that current and future collaboration among the state's        |
| 18 | university researchers and private and public research efforts |
| 19 | creates a robust opportunity to encourage biotech research,    |
| 20 | manufacturing, and the distribution of vaccines.               |
| 21 | (c) It is the intent of the Legislature that this              |
| 22 | state strive to become the nation's leader in immunizations    |
| 23 | and commit itself to encouraging companies to locate to        |
| 24 | Florida to help achieve this goal. Moreover, it is the intent  |
| 25 | of the Legislature to expand the state's economy by attracting |
| 26 | biotech manufacturing companies to Florida.                    |
| 27 | (2) ESTABLISHMENT OF TASK FORCEThere is created                |
| 28 | within the Governor's Office of Tourism, Trade, and Economic   |
| 29 | Development the Task Force on the Study of Biotech             |
| 30 | Competitiveness. The staff shall provide support for the task  |
| 31 | force using internal staff or through a contracted consultant. |

| 1  | (3) MEMBERSHIP   |
|----|--|
| 2  | (a) The task force shall consist of 17 members                 |
| 3  | appointed as follows:  |
| 4  | 1. The Governor shall appoint seven members: one               |
| 5  | member from the Governor's Office of Tourism, Trade, and       |
| 6  | Economic Development; the Secretary or Surgeon General of the  |
| 7  | Department of Health or her designee; one member from the      |
| 8  | Department of Education having expertise in workforce          |
| 9  | education; one member from the Agency for Workforce Innovation |
| 10 | having expertise in workforce readiness; one member from the   |
| 11 | Florida Research Consortium having training and experience in  |
| 12 | technology transfer; one member representing the Medical       |
| 13 | Device Manufacturing Association; and one member from          |
| 14 | Enterprise Florida, Inc.                                       |
| 15 | 2. The Senate President shall appoint five members:            |
| 16 | one member representing the Torrey Pines Research Institute;   |
| 17 | one member representing the Burnham Research Institute; one    |
| 18 | member representing an established biotech company that has    |
| 19 | sited a manufacturing or distribution facility outside Florida |
| 20 | in the last 12 months; one member who is a site-selection      |
| 21 | consultant who has worked with biotech companies in the        |
| 22 | sighting of manufacturing and distribution facilities in       |
| 23 | states outside Florida; and one member representing the        |
| 24 | Florida Public Health Foundation, Inc.                         |
| 25 | 3. The Speaker of the House of Representatives shall           |
| 26 | appoint five members: one member representing the Scripps      |
| 27 | Research Institute; one member representing BioFlorida; one    |
| 28 | member representing the water management districts; one member |
| 29 | representing a local economic development authority; and one   |
| 30 | member representing the Board of Governors of the State        |
| 31 | University System  |

31

| 1  | (b) In making these appointments the Governor, the             |
|----|--|
| 2  | President of the Senate, and the Speaker of the House of       |
| 3  | Representatives shall select members who reflect the diversity |
| 4  | of the state's population. One member shall be designated by   |
| 5  | the Governor as chair of the task force.                       |
| 6  | (c) Members of the task force shall serve without              |
| 7  | compensation, but are entitled to reimbursement as provided in |
| 8  | s. 112.061, Florida Statutes, for travel and other necessary   |
| 9  | expenses incurred in the performance of their official duties. |
| 10 | (4) PURPOSE  |
| 11 | (a) The task force shall study economic policies               |
| 12 | necessary for making Florida competitive with other states in  |
| 13 | attracting and retaining a biotech manufacturing and           |
| 14 | distribution workforce. The study shall include, but not be    |
| 15 | limited to, the following review and analysis:                 |
| 16 | 1. The state's corporate taxation system and its               |
| 17 | effect on attracting biotech manufacturing and distribution    |
| 18 | facilities to the state. This review includes, but is not be   |
| 19 | limited to, implementing a single sales-factor formula to      |
| 20 | apportion the corporate income of biotech businesses for tax   |
| 21 | purposes;  |
| 22 | 2. The state's water policies and their effect on              |
| 23 | meeting the water needs of the biotech manufacturing process;  |
| 24 | 3. The state's education and workforce training                |
| 25 | programs and workforce preparedness for employment in the      |
| 26 | biotech manufacturing and distribution fields;                 |
| 27 | 4. The state's Medicaid program, state employee health         |
| 28 | plans, and private health insurance policies and regulations   |
| 29 | and the extent to which they provide support for products      |
| 30 | generated by biotech companies; and                            |

| 1  | 5. Other states' initiatives that have had success in          |
|----|--|
| 2  | attracting and retaining biotech manufacturing and             |
| 3  | distribution facilities and an evaluation of Florida's         |
| 4  | readiness to compete with other states.                        |
| 5  | (b) The study shall provide recommendations concerning         |
| 6  | maximizing federal revenues to the state.                      |
| 7  | (c) The study shall provide recommendations concerning         |
| 8  | how this state's existing policies and programs can be         |
| 9  | modified to ensure competitiveness when evaluated by companies |
| 10 | making siting decisions related to biotech manufacturing and   |
| 11 | distribution facilities.                                       |
| 12 | (5) REPORT The task force shall report the findings            |
| 13 | of the study to the Governor, the President of the Senate, and |
| 14 | the Speaker of the House of Representatives by January 1,      |
| 15 | <u>2009.</u>   |
| 16 | (6) EXPIRATION The task force is dissolved June 30,            |
| 17 | <u>2009.</u>   |
| 18 | Section 5. This act shall take effect July 1, 2007.            |
