The Committee on Environmental Preservation and Conservation
(Dockery) recommended the following amendment:

Senate Amendment

On page 59, lines 16-23, delete those lines

and insert:

(1)(2) Every owner or operator of a solid waste management facility ~~landfill~~ is jointly and severally liable for the improper operation and closure of the facility ~~landfill~~, as provided by law. As used in this section the term "owner or operator" means any owner of record of any interest in land wherein a solid waste management facility is or has been located; the permittee; the person or entity primarily in charge of the operation of the facility; and any person or entity that owns a majority interest in any other entity that is the owner or operator of a solid waste management facility.
