A bill to be entitled An act relating to tax increment financing; authorizing two or more counties, or a combination of at least one county and municipality, to establish a tax increment area for conservation lands by interlocal agreement; providing requirements for such an interlocal agreement; requiring that a tax increment be determined annually; limiting the amount of the tax increment; requiring the establishment of a separate reserve account for each tax increment area; providing for a refund; requiring an annual audit of the separate reserve account; providing for the administration of the separate reserve account; providing that the governmental body that administers the separate reserve account may spend revenues from the tax increment to purchase real property only if all parties to the interlocal agreement adopt a resolution that approves the purchase price; providing that a water management district may be a party to the interlocal agreement; requiring certain approvals from the Department of Environmental Protection and the Department of Community Affairs; providing a comparative standard on which the minimum annual funding of the separate reserve account must be based; requiring a taxing authority that does not pay tax increment revenues to the separate reserve account before a specified date to pay a specified amount of interest on the amount of

1	unpaid increment revenues; providing exemptions
2	for certain public bodies, taxing authorities,
3	and special districts; providing that revenue
4	bonds may be paid only from revenues deposited
5	into the separate reserve account; providing
6	that such revenue bonds are not a debt,
7	liability, or obligation of the state or any
8	<pre>public body; providing legislative findings;</pre>
9	providing an effective date.
10	
11	Be It Enacted by the Legislature of the State of Florida:
12	
13	Section 1. Tax increment financing for conservation
14	lands
15	(1) Two or more counties, or a combination of at least
16	one county and one or more municipalities, may establish,
17	through an interlocal agreement, a tax increment area for
18	conservation lands. The interlocal agreement, at a minimum,
19	must:
20	(a) Identify the geographic boundaries of the tax
21	increment area;
22	(b) Identify the real property to be acquired as
23	conservation land within the tax increment area;
24	(c) Establish the percentage of tax increment
25	financing for each jurisdiction in the tax increment area;
26	(d) Identify the governing body of the jurisdiction
27	that will administer a separate reserve account in which the
28	tax increment will be deposited;
29	(e) Require that any tax increment revenues not used
30	to purchase conservation lands by a date certain be refunded
31	to the parties to the interlocal agreement. Any refund shall

1	be proportionate to the parties' payment of tax increment
2	revenues into the separate reserve account;
3	(f) Provide for an annual audit of the separate
4	reserve account;
5	(q) Designate an entity to hold title to any
6	conservation lands purchased using the tax increment revenues;
7	(h) Provide for a continuing management plan for the
8	conservation lands; and
9	(i) Identify the entity that will manage these
10	conservation lands.
11	(2) The water management district in which
12	conservation lands proposed for purchase under this section
13	are located may also enter into the interlocal agreement if
14	the district provides any funds for the purchase of the
15	conservation lands. The water management districts may only
16	use ad valorem tax revenues for agreements described within
17	this section.
18	(3) The governing body of the jurisdiction that will
19	administer the separate reserve account shall provide
20	documentation to the Department of Community Affairs
21	identifying the boundary of the tax increment area. The
22	department shall determine whether the boundary is appropriate
23	in that property owners within the boundary will receive a
24	benefit from the proposed purchase of identified conservation
25	lands. The department must issue a letter of approval stating
26	that the establishment of the tax increment area and the
27	proposed purchases would benefit property owners within the
28	boundary and serve a public purpose before any tax increment
29	funds are deposited into the separate reserve account. If the
30	department fails to provide the required letter within 90 days
31	after receiving sufficient documentation of the boundary, the

establishment of the area and the proposed purchases are 2 deemed to provide such benefit and serve a public purpose. (4) Prior to the purchase of conservation lands under 3 4 this section, the Department of Environmental Protection must 5 determine whether the proposed purchase is sufficient to 6 provide additional recreational and ecotourism opportunities 7 for residents in the tax increment area. If the department 8 fails to provide a letter of approval within 90 days after receipt of the request for such a letter, the purchase is 9 10 deemed sufficient to provide recreation and ecotourism opportunities. 11 12 (5) The tax increment authorized under this section 13 shall be determined annually and may not exceed 95 percent of the difference in ad valorem taxes as provided in s. 14 163.387(1)(a), Florida Statutes. 15 16 (6) A separate reserve account must be established for each tax increment area for conservation lands which is 18 created under this section. The separate reserve account must be administered pursuant to the terms of the interlocal 19 2.0 agreement. Tax increment funds allocated to this separate 21 reserve account shall be used to acquire the real property identified for purchase in the interlocal agreement. Pursuant 2.2 23 to the interlocal agreement, the governing body of the local government that will administer the separate reserve account 2.4 may spend increment revenues to purchase the real property 2.5 only if all parties to the interlocal agreement adopt a 26 2.7 resolution approving the purchase price. 2.8 (7) The annual funding of the separate reserve account may not be less than the increment income of each taxing 29 authority which is held as provided in the interlocal 30 agreement for the purchase of conservation lands. 31

1	(8) Unless otherwise provided in the interlocal
2	agreement, a taxing authority that does not pay the tax
3	increment revenues to the separate reserve account by January
4	1 shall pay interest on the amount of unpaid increment
5	revenues equal to 1 percent for each month that the increment
6	revenue remains outstanding.
7	(9) The public bodies and taxing authorities listed in
8	s. 163.387(2)(c), Florida Statutes, and special districts that
9	levy ad valorem taxes within a tax increment area are exempt
10	from this section.
11	(10) Revenue bonds under this section are payable
12	solely out of revenues pledged to and received by the local
13	government administering the separate reserve account and
14	deposited into the separate reserve account. The revenue bonds
15	issued under this section do not constitute a debt, liability,
16	or obligation of a public body, the state, or any of the
17	state's political subdivisions.
17 18	state's political subdivisions.  Section 2. The Legislature finds that an inadequate
