Be It Enacted by the Legislature of the State of Florida:

Section 1. The Office of Program Policy Analysis and
Government Accountability shall perform a study of how to
maximize federal funding of after-school programs. As part of
determining how to maximize federal funding, OPPAGA shall
examine the current methods of obtaining funding from the
federal government, including grants, and shall focus on other
additional ways to obtain federal funding. If the report finds
deficiencies in how the state obtains federal funding for
after-school programs, the report shall provide options for
correcting these deficiencies and shall include the projected
cost of implementing those options. In conducting the study,
the Office of Program Policy Analysis and Government
Accountability shall consult with the Department of Education
and the Department of Children and Family Services in addition
to other interested entities that may offer experiences and
perspectives unique to this area of research. The report shall
be submitted to the President of the Senate and the Speaker of
the House of Representatives by January 1, 2008.

1 Section 2. This act shall take effect upon becoming a
2 law.
