4 Remove line 1445

5 and insert:

6 based on generally accepted underwriting practices. The owner of
7 any structure designed and inspected by a licensed architect or
8 engineer qualified for structural design and inspection and
9 constructed or renovated by a licensed contractor to withstand a
10 155 miles per hour maximum sustained wind shall be eligible for
11 coverage by the corporation for such structure at a rate that is
12 30 percent below the average rate charged by the top five
13 writers of windstorm coverage throughout this state. The rates
14 shall be published by the corporation to ensure that a
15 predetermined rate will be available at the completion of
16 construction.
