From the funds provided in Specific Appropriations 15, 17, 156, and 158 each university may shift enrollment by level in a manner which is revenue neutral, but shall not increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 156 and 158.

The Chancellor of the Board of Governors shall submit a revised 5-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Florida Board of Governors by September 1, 2007. This revised 5-year enrollment plan must be developed with input from each state university.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2007-2008 enrollment plan for the State University System.

The maximum resident undergraduate tuition per credit hour is hereby established for the 2007-2008 fiscal year as follows:

## SECTION 2 - EDUCATION (ALL OTHER FUNDS)

	2007 Summer Term	2007-2008 Fall/Spring Terms
Lower Level Coursework	\$ 73.71	\$ 77.39
Upper Level Coursework	\$ 73.71	\$ 77.39

Tuition for graduate and professional programs and out-of-state fees for all programs shall be established pursuant to section 1009.24, Florida Statutes; however these rates may not be lower than the rates in effect for the 2006-2007 fiscal year.

Each university board of trustees is authorized to waive tuition and out-of-state fees for purposes which support and enhance the mission of the university. All fee waivers must be based on policies which are adopted by university boards of trustees. Each university shall report the purpose, number, and value of all fee waivers granted annually in a format which shall be prescribed and reviewed by the Florida Board of Governors.

Each university board of trustees is authorized to grant out-of-state fee waivers on a temporary basis for the 2007-08 academic year to those students who originally enrolled in a state university under the provisions of Executive Order 05-176 and who have maintained continuous enrollment since that time.

Funds in Specific Appropriation 156 may not be used to supplement university student health centers that employ at least one physician working at least 30 hours per week unless the university accepts students' private health insurance.

Funds provided in Specific Appropriation 156 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Funds in Specific Appropriation 156 include \$1,215,000 to continue increasing the number of Ph.D., Master's, and post-Master's graduate students in nursing. Universities that receive this funding shall submit a progress report to the Board of Governors by February 1, 2008. The report shall include the following information for each fiscal year 2005-06, 2006-07, and 2007-08, for each program receiving this funding: the number of new students enrolled as a result of this funding; total graduate and post-graduate enrollment; the number and amount of stipends or tuition waivers provided; the number of completions; and the number of placements in nursing or nursing instructor positions in Florida. Students who receive a stipend or waiver from these funds shall commit to practice as a nurse or nursing instructor in Florida for at least three years, and agree to repay any tuition or stipends provided by these universities for failure to comply with this commitment.

Universities that utilize funds provided in Specific Appropriation 156 for student degree progress tracking or mapping initiatives shall report on the results of these initiatives. The report shall provide a detailed description of the initiative and data on the following measures before and after implementation of the initiative: grades of students, number of courses taken outside of the suggested degree plan, retention of students, and other appropriate measures as determined by the Board of Governors. The Board of Governors shall consolidate and summarize the university reports and submit a unified report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

Funds provided in Specific Appropriation 156 for the University of Central Florida include funds to enhance the completion of four year degrees at University of Central Florida branch campus at Daytona Beach Community College. The university shall report on the use of these funds to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

non-recurring funds from the General Revenue Fund, \$247,170,061 from the Grants and Donations Trust Fund and \$344,747,192 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to public hospitals. Public hospitals receiving local tax support and having 150,000 or more Medicaid and charity care days shall be paid \$333,832,769 to be allocated to each hospital based on their percentage of Medicaid and charity care days to the total. Public hospitals or systems receiving local tax support and the hospital or system having less than 150,000 Medicaid and charity care days, but the hospital or system having more than 45,000 Medicaid and charity care days shall be paid \$210,453,803. Prior to the allocation of these funds \$10,157,185 shall be provided to Broward General Hospital and \$1,677,249 shall be provided to Memorial Regional Hospital. The remaining funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. If a system has more than 65,000 Medicaid and charity care days, then the days for each of their hospitals shall receive a weight of 1.345. Public hospitals or systems receiving local tax support and having less than 45,000 Medicaid and charity care days, but the hospital or system having more than 8,500 Medicaid and charity care days shall be paid \$52,817,108. Prior to the allocation of these funds, \$3,000,000 shall be provided to Halifax Medical Center. The remaining funds shall be allocated to the hospitals based on their percentage of Medicaid and charity care days to the total for all the hospitals in this group. Public hospitals or systems, except hospitals classified as rural, with no local tax support shall be paid \$9,525,198. These funds shall be allocated to each of the hospitals based on each hospital's percentage of Medicaid and charity care days to the total for the hospitals in that group. To determine the Medicaid and charity care days for the allocations described above, the agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. Payments made under this section of proviso shall be deemed the LIP 1 Medicaid low-income pool payments.

From the funds in Specific Appropriation 213, \$77,706,000 from the Grants and Donations Trust Fund and \$102,294,000 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to hospitals that receive local government support for health care expenditures for the uninsured or underinsured. To be included in this grouping, the local government must provide a minimum of \$1,000,000 in financial support for the hospitals in its political boundary. Payments will be allocated to each of the hospitals based on its percentage of charity care days to the total charity care days for all the hospitals in the group. In allocating the payments, each hospital will be capped at 120 percent of the amount of local funding it would have received from its local government for uninsured and underinsured individuals without the low-income pool program. Any funds that remain unspent after the first allocation shall then be re-allocated to the hospitals based on their percentage of charity care days to the total charity care days for the group. The agency shall use the average of the 2001, 2002 and 2003 audited DSH data available as of March 1, 2007. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2001, 2002 and 2003 that are available. Additionally, if there are no audited DSH data for any of the prescribed years, the agency shall use the Medicaid and charity care days from the 2005 Financial Hospital Uniform Reporting System (FHURS) reports. Payments made under this section of proviso shall be deemed the LIP 2 Medicaid low-income pool payments.

From the funds in Specific Appropriation 213, \$29,050,093 in non-recurring funds from the General Revenue Fund, \$63,150 from the Grants and Donations Trust Fund and \$38,325,356 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to hospitals that do not receive local government support for health care expenditures for the uninsured or underinsured or whose local governments provide \$1,000,000 or less in support for the uninsured or underinsured. Additionally, to receive funds under this provision, a hospital's Medicaid days, charity care days and 50 percent of bad-debt days divided by the hospital's total days must equal or exceed 10 percent. Payments shall be allocated to hospitals that qualify under this provision based on their percentage of Medicaid days, charity care days and 50 percent of bad-debt days to the total Medicaid days, charity care days and 50 percent of bad-debt days for all the hospitals that qualify under this provision. The agency shall use the 2005 FHURS

SECTION 3 - HUMAN SERVICES

reports to determine the Medicaid days, charity care days and 50 percent of the bad-debt days. Payments made under this section of proviso shall be deemed the LIP 3 Medicaid low-income pool payments. Hospitals who receive Medicaid low-income pool payments from LIP 1 or LIP 2 do not qualify to receive payments under LIP 3.

From the funds in Specific Appropriation 213, \$749,807 from the Grants and Donations Trust Fund and \$987,061 from the Medical Care Trust Fund are for Medicaid low-income pool payments to specialty pediatric facilities. To qualify for a Medicaid low-income pool payment under this section, a hospital must be licensed as a children's specialty hospital and its combined Medicaid managed care and fee-for-service days as a percentage to total inpatient days must equal or exceed 30 percent. The agency shall use the 2003 Financial Hospital Uniform Reporting System (FHURS) data to determine the combined Medicaid managed care and fee-for-service days. The total Medicaid low-income pool payments made shall be distributed equally to the qualifying hospitals.

From the funds in Specific Appropriation 213, \$7,355,813 in non-recurring funds from the General Revenue Fund, \$33,278,054 from the Grants and Donations Trust Fund and \$53,491,375 from the Medical Care Trust Fund is provided to make Medicaid low-income pool payments to hospitals that serve as a safety net in providing emergency, specialized pediatric trauma services and inpatient hospital care to low-income individuals. From the funds in Specific Appropriation 213, \$431,700 from the Grants and Donations Trust Fund and \$568,300 from the Medical Care Trust Fund are provided for county health initiatives as approved by the Department of Health emphasizing the expansion of primary care services. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

SECTION 3 - HUMAN SERVICES

Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

The agency is authorized to reduce the payments in LIP 1, LIP 3 and Special LIP up to \$4,000,000 proportionately based on the total payments less local contributions. The purpose for these reductions is to provide the non-federal share for those hospitals qualifying for the exemptions from ceilings in Specification Appropriations 211 and 216, due to updated DSH data being received by the agency between January 30, 2007 and March 1, 2007. Before the agency reduces the LIP payments, they shall have a committed funding source specifically to fund the additional cost of exempting these hospitals. In the event there is not a specific funding source, then the agency shall not reduce the LIP 1, LIP 3 and Special LIP payments. Special LIP payments are those LIP payments made to hospitals providing primary care services, trauma services, rural hospitals, specialty pediatric facilities and those hospitals that are safety net providers. LIP 1, LIP 3, or Special LIP payments may be increased in the exact amount of additional funding received under this provision.

The agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis, subject to the availability of state, local and federal funds.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved non-federal share of matching funds is not provided by local governmental entities as recommended by the Low Income Pool Council, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient non-federal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local non-federal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received. For the purpose of this paragraph, the increase in low-income pool payments for the provider access system and the increase in non-federal share matching funds shall be calculated as the amount that exceeds the levels used in the Low Income Pool Council's recommendations.

Funds provided in Specific Appropriation 213 are contingent upon the non-federal share being provided through grants and donations from state, county or other governmental funds. In the event the non-federal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Distribution of such funds provided in Specific Appropriation 213 are contingent upon approval from the Centers for Medicare and Medicaid Services (CMS). In the event the CMS does not substantially approve the low-income pool distribution methodology, the agency shall coordinate with the Medicaid Low-Income Pool Council and may submit a revised low-income pool plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 242, \$5,405,895 from the Grants and Donations Trust Fund and \$7,139,696 from the Medical Care Trust Fund are provided for the purpose of maximizing federal revenues through the continuation of the Special Medicaid Payment Program for governmentally funded nursing homes. Any requests pursuant to chapter 216, Florida Statutes, by the Agency for Health Care Administration to increase budget authority to expand existing programs using increased federal reimbursement through these provisions, shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue. The agency is authorized to seek federal Medicaid waivers as necessary to implement this provision.

Funds in Specific Appropriation 242 reflect a reduction of \$55,000,000 from the General Revenue Fund and \$72,639,824 from the Medical Care Trust Fund as a result of limiting the Medicaid payments for nursing home Medicare Part A coinsurance. Medicaid will pay no portion of Medicare coinsurance when payment that Medicare has made for the service equals or exceeds what Medicaid would have paid if it had been the sole payer. This provision shall be contingent upon federal

approval of a Medicaid State Plan amendment to limit Medicaid payments for nursing home Medicare Part A coinsurance. Should the Centers for Medicare and Medicaid services eliminate nursing home payment of Medicare Part A bad debt, the agency shall reinstate the dually eligible coinsurance payment policy existing prior to July 1, 2007 for Medicare nursing home Part A coinsurance claims in a budget neutral manner that does not increase existing nursing home expenditures. The agency is authorized to reduce nursing home reimbursement rates to fund the reinstatement of the Medicare nursing home Part A coinsurance payments and shall coordinate with the nursing home industry to develop and implement this reduction.

From the funds in Specific Appropriation 242, \$55,000,000 from the General Revenue Fund and \$72,639,824 from the Medical Care Trust Fund are provided to re-base the operating and indirect patient care component targets and target rate class ceilings of the Medicaid nursing home per diem rate. The operating and indirect patient care components of the per diem rate shall continue to be limited by the lower of the cost-based class ceiling, the target rate class ceiling, or the individual provider-specific target.

The Title XIX Long-Term Care Reimbursement Plan shall be modified to:

Establish a target rate class ceiling floor equal to 90 percent of the cost-based class ceiling.

Establish an individual provider-specific target floor equal to 75 percent of the cost-based class ceiling.

Modify the inflation multiplier to equal 2.0 times inflation for the individual provider-specific target. (The inflation multiplier for the target rate class ceiling shall remain at 1.4 times inflation.)

Modify the calculation of the change of ownership target to equal the previous providers' operating and indirect patient care cost per diem (excluding incentives), plus 50 percent of the difference between the previous providers' per diem (excluding incentives) and the effective class ceiling and use an inflation multiplier of 2.0 times inflation.

This provision shall be contingent upon federal approval of a Medicaid State Plan amendment to limit Medicaid payments for nursing home Medicare Part A coinsurance. Should the Centers for Medicare and Medicaid Services eliminate nursing home payment of Medicare Part A bad debt, the agency shall reinstate the dually eligible coinsurance payment policy for Medicare nursing home Part A coinsurance claims existing prior to July 1, 2007 in a budget neutral manner that does not increase existing nursing home expenditures. administrative costs.

Funds in Specific Appropriation 270 for developmental training programs shall require a 12.5 percent match from local sources. In-kind match is acceptable provided there is no reduction in the number of persons served or level of services provided.

The agency shall continue the third party prior services authorization program to review all individual support and cost plans for home and community based waiver services for individuals with developmental disabilities.

From the funds in Specific Appropriation 270, the agency shall implement cost-containment measures for any new requests for supported living services after July 1, 2007. These measures will include the total annual cost of the provision of supported living services as determined through the support plan process and shall not exceed the total annual cost of equivalent services in an appropriate licensed residential facility.

From the funds in Specific Appropriation 270 and 273, the agency shall limit services defined in federal waiver programs administered by the agency as follows:

Supported Living Coaching services shall not exceed 20 hours per month for persons who also receive in-home support services.

Limited Support Coordination services shall be the only type of Support Coordination service provided to persons under the age of 18 who live in the family home.

Personal Care Assistance services shall be limited to no more than 180 hours per calendar month and shall not include rate modifiers. Additional hours may be authorized only if a substantial change in circumstances occurs for the individual.

Residential Habilitation services shall be limited to 8 hours per day. Additional hours may be authorized for persons who have intensive medical or adaptive needs and if such hours are essential for avoiding institutionalization, or for persons who possess behavioral problems that are exceptional in intensity, duration, or frequency and present a substantial risk of harm to themselves or others. This restriction shall be in effect until the four-tiered waiver system is fully implemented.

Chore, Non-Residential Supports services and Homemaker services shall be eliminated. The agency shall expand the definition of In-Home Support services to enable the provider of the service to include activities previously provided in these eliminated services.

Massage Therapy and Psychological Assessments services shall be eliminated.

The agency shall conduct supplemental cost plan reviews to verify the medical necessity of authorized services for plans that have increased by more than 8 percent during either of the two preceding fiscal years.

The agency shall implement a consolidated Residential Habilitation rate structure to increase savings to the state through a more cost effective payment method and establish uniform rates for Intensive Behavior Residential Habilitation services.

Pending federal approval, the agency is authorized to extend current support plans for clients receiving services under Medicaid waivers for one year beginning July 1, 2007, or from the date approved whichever is later. Clients who have a substantial change in circumstances that threatens their health and safety may be reassessed during this year to determine the necessity for a change in their support plan.

From the funds in Specific Appropriation 270, the agency shall only serve additional clients on the Home and Community Based Services Waiver if they are in crisis and sufficient funding is made available through attrition.

The Agency for Persons With Disabilities Area Offices shall review, identify, and resolve issues relating to support plans submitted by Waiver Support Coordinators that are not in compliance with the agency's rules, policies and procedures, and with the appropriate waiver

Expenditure of these funds is contingent upon passage of Senate Bill 1124 or similar legislation, becoming law.

The agency shall amend provider contracts as necessary.

SPECIFIC APPROPRIATION

The monies contained herein are appropriated from the named funds to the Department of Corrections, Florida Department of Law Enforcement, Department of Juvenile Justice, Parole Commission, Department of Legal Affairs/Attorney General and the Justice Administration as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 713 through 899, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2008.

Funds in Specific Appropriations 713 through 899 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2007, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 713 through 899, the Department of Corrections shall cooperate with the Office of Program Policy Analysis and Government Accountability (OPPAGA), which shall conduct a review to determine whether the department's educational and substance abuse treatment programs should be more appropriately administered by another state agency or other entity. In the course of the review, OPPAGA shall consider funding levels provided to the department, identify the advantages and disadvantages of program delivery models used by other state agencies, such as the Department of Juvenile Justice, and correctional agencies in other states. The department shall provide sufficient data to OPPAGA to conduct this study. OPPAGA shall submit a report to the chair of the Senate Fiscal Policy and Calendar Committee and the chair of the House Policy and Budget Council by February 1, 2008.

From the funds provided in Specific Appropriations 741, 755 and 766, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities in accordance with section 957.04(8), Florida Statutes. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. Distribution of these funds is contingent upon (1) the withdrawal of any outstanding claims or (2) the county commission of the county where the correctional facility is located stipulating by resolution and memorandum of understanding with the state that by the county commission's acceptance of payment in lieu of ad valorem taxation, the county commission waives any ad valorem tax claim for Fiscal Year 2007-2008 for the related facility, whichever is applicable. Distribution of these funds for each facility is further contingent upon the county commission canceling any outstanding tax certificate and quieting title to any tax deed, or portion thereof, that is based on unpaid ad valorem taxes for the relevant facility.

From the funds in Specific Appropriations 730 through 802, the Department of Corrections shall issue a new contract for food services to be effective no later than October 1, 2007. Such contract shall be based on the results of a competitive solicitation as defined in section 287.057, Florida Statutes, for food service delivery. To allow for implementation and transition of services under the new contract, the existing contracts may be extended. The extension period may be terminated at any time upon 30 days' notice to the contractor and shall be terminated as soon as possible upon full implementation of services under the new contract. Should a protest of the competitive procurement be filed, the new contract shall be effective as soon as possible upon resolution of the protest. Any additional extension of the current contract periods made necessary by the filing of a protest, may only be allowed until such time as full service implementation under the new contract is achieved.

From the funds in Specific Appropriation 741, the Department of Corrections shall assist the Department of Management Services in the issuance of an Invitation to Negotiate for a contract under the master lease-purchase agreement previously executed by the Department of Management Services for 384 additional beds at an existing private correctional facility to house medium and close custody inmates. Any such Invitation to Negotiate shall be limited to modifications of existing contracts with the firms currently operating such private correctional facilities and shall be for design, financing, acquisition, leasing, construction, and operation of the additional beds. The department is authorized to enter into an amendment to the master lease-purchase agreement to finance the construction of the additional 384 beds authorized by this paragraph. Payments under such agreement may begin prior to the completion of the facilities.

From the funds in Specific Appropriation 741, the Department of Corrections shall assist the Department of Management Services in the issuance of an Invitation to Negotiate for a contract under the master lease-purchase agreement previously executed by the Department of Management Services for procurement of three 432 bed community work camps to house minimum custody inmates. Any such contract shall be for design, financing, acquisition, leasing, construction, and operation of the additional beds. The population to be housed at these facilities shall include inmates 21 years of age or older with sentences of less than 18 months who are expected to serve 12 months or less in a state correctional facility. Such inmates must be classified by the department as appropriate for assignment to supervised work settings and have no medical, psychological or other problems that would prevent them from being assigned to a community work squad. These facilities may include appropriate substance abuse treatment and other services designed to enhance the probability of a successful transition back into the community and to reduce the probability of the inmate re-offending upon release.

From the funds in Specific Appropriation 741 in the Privately Operated Institutions Inmate Welfare Trust Fund, the Department of Corrections and the Department of Management Services are authorized to reimburse contractors monies that were appropriated for the 2006-2007 fiscal year but were not distributed during the 2006-2007 fiscal year, provided the invoices were approved for reimbursement under the contract during the 2006-2007 fiscal year.

Funds in Specific Appropriation 1297A are provided for grants to assist local efforts to prevent, detect and prosecute criminal activity committed by organized criminal street gangs. Grants shall be awarded to local consortia which must include the State Attorney, local law enforcement and local crime prevention organizations. Local crime prevention organizations may include, but are not limited to, the local juvenile justice boards, local non-profit community service organizations, and local school boards. Each consortium must identify a single organization to serve as the primary point of contact between the Department of Law Enforcement and the local consortium. Proposals must include the three components of enhanced law enforcement, prosecution and prevention in order to be eligible for a grant award. Grants will be awarded on a competitive basis and will be subject to a 50 percent local match which may be provided in the form of in-kind services. Proposals will be evaluated based on (1) the extent to which the three components of law enforcement, prosecution, and prevention are appropriately balanced and coordinated to reduce gang-related crime; (2) the amount of local match; (3) the extent to which resources are targeted to neighborhoods or areas which are most at risk of gang-related crime. No grant shall exceed \$1 million.

From the funds in Specific Appropriation 1419, \$50,000 in non-recurring general revenue is provided for community-based marketing and outreach pertaining to changes made by the Florida Cabinet concerning restoration of civil rights.

From the funds in Specific Appropriation 1419, the Parole Commission shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2007:

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2007, along with a full explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;
2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;
3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the process to complete the review of RCR without a hearing; and
4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.

From the funds in Specific Appropriation 2219, the Department of Transportation may contract with non-profit youth organizations in Florida to perform work on the state highway system. All non-profit youth organizations providing services under contract with the Department of Transportation must certify to the department that all participating youth are Florida residents. In order to maintain continuity and quality, the department shall give preference to those youth organizations with which it has previously contracted for such services.

The department is specifically limited to an expenditure level of \$600,000 for any contract with a single youth organization or for any group of contracts with two or more youth organizations that have the same registered agent or substantially similar officers and directors. The department shall not supplement these funds from any source in the absence of express legislative authority.

In order to promote compact and contiguous development in an area referenced by Osceola County as a future community, the Legislature designates the area defined as west of Florida's Turnpike, east of the Peavine Trail, north of Osceola County's southern most boundary and south of a boundary 25,000 feet north of State Road 60, as the Community of Destiny. The Legislature directs the department to erect suitable markers to define the boundaries of the community.

These funds shall be used for the authority's initial start-up costs, administration and expense, and to develop a master plan, including day-to-day operations. This funding may be utilized for expenses and costs including, but not limited to, recruiting and hiring an executive director and appropriate staff, securing office and meeting space, supporting communications and meetings (including related travel expenses) of the authority's governing board and committees, and contracting the necessary professional services to fulfill the requirements of the master plan. Additionally, the department may use other monies, upon the request of the authority, to assist the authority in fulfilling its mission, including but not limited to, planning and engineering analysis, research, legal assistance, surveying, cost estimating, project management and any other department activities that could be utilized to assist the authority in accomplishing its mission and purpose. The department shall, by September 1, 2007, provide a report reviewing planned activities necessary to implement this section. The report should include a proposed action plan to resolve issues, if any, related to the implementation of this plan and shall be submitted to the chair of the Senate Fiscal Policy and Calendar Committee, and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.

From the funds in Specific Appropriations 2328 through 2335, up to \$5,500,000 may be funded through the use of federal Reed Act distributions for the purpose of meeting the existing demands of unemployed workers and to evaluate the replacement of the 30 year old mainframe system used to process Unemployment Compensation benefit claims and appeals. Of that amount, up to \$1,000,000 shall be used to develop a feasibility study analyzing the replacement of the current Unemployment Compensation System. The study shall comply with standards for the Schedule IV-B included in the Legislative Budget Request instructions. At a minimum, the study shall include a business case describing strategic needs, and major assumptions, constraints and expected outcomes related to this initiative; a realistic cost-benefit analysis indicating initial and long term investment requirements; planning components addressing major functional and technical requirements; identification of proposed technical solutions, analysis of the alternatives for replacing or reengineering the unemployment compensation system, and a project timeline for completion of each major system component and associated project expenditures. The study shall also analyze the SunTax system at the Department of Revenue to determine whether it can be used to provide required unemployment compensation system functionality and identify any specific modifications that are required to enable SunTax to meet unemployment compensation system requirements. The agency shall submit the feasibility study to the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee, and the chairs of the House Policy and Budget Council and the House Economic Expansion and Infrastructure Council by January 31, 2008.
