3 **Amendment to Amendment (020485)**

4 Remove line 48 and insert:

5 allergic reaction to influenza virus immunizations. A physician
6 may not enter into a protocol with more than four pharmacy
7 locations, with each no greater than 50 miles distance from his
8 or her primary place of practice. The protocol shall require the
9 easy availability of the licensed physician for consultation and
10 direction as needed and shall outline how federal privacy
11 regulations will be complied with by the pharmacy location. The
12 Board of Medicine shall establish rules as to what constitutes
13 responsible supervision of the pharmacy location by the
14 physician, including overview of patient charts and records.
