Amendment No.

17 (3) Determine the school district or districts and/or
18 intradistrict or multidistrict programmatic segments in which
19 the IT-21 Program will be established based on criteria
20 developed by the department.

21 (4) Determine eligible education technology solutions and
22 applicable services. Options may include notebook computers,
23 digital projectors, interactive whiteboards, other peripheral
24 equipment, instructional devices, and protective cases. Services
25 shall include delivery, installation, technical support, and
26 maintenance and shall also include appropriate professional
27 development for teachers and administrators. Eligible computers
28 must contain appropriate hardware and software for improving
29 instruction and may provide efficient operations for Sunshine
30 Connections. Products purchased shall employ a solution for data
31 protection and asset recovery.

32 (5) Conduct competitive procurement for all eligible
33 education technology solutions and applicable services.
34 Contracts resulting from the competitive procurement process
35 shall delineate the timeframe for the delivery of goods and
36 services to the eligible districts. Contracts may include
37 district-specific or programmatic-specific specifications. The
38 department may enter into multiple contracts for the delivery of
39 goods and services to enable teachers to choose the solution and
40 providers that best meets their needs.

41 (6) Establish appropriate reporting regarding the
42 delivery, asset management, services, and customer satisfaction.

43 (7) Ensure that contracts will include development of an
44 online marketplace and information exchange for districts to
