370.142 Spiny lobster trap certificate program.--

813 (2) TRANSFERABLE TRAP CERTIFICATES; TRAP TAGS; FEES;
814 PENALTIES.--The Fish and Wildlife Conservation Commission shall
815 establish a trap certificate program for the spiny lobster
816 fishery of this state and shall be responsible for its
817 administration and enforcement as follows:

(a) Transferable trap certificates.--Each holder of a
saltwater products license who uses traps for taking or
attempting to take spiny lobsters shall be required to have a
certificate on record for each trap possessed or used therefor,
except as otherwise provided in this section.

The Department of Environmental Protection shall 823 1. 824 initially allot such certificates to each licenscholder with a 825 current crawfish trap number who uses traps. The number of such certificates allotted to each such licenseholder shall be based 826 827 on the trap/catch coefficient established pursuant to trip 828 ticket records generated under the provisions of s. 370.06(2) over a 3 year base period ending June 30, 1991. The trap/catch 829 coefficient shall be calculated by dividing the sum of the 830 highest reported single license year landings up to a maximum of 831 Page 30 of 55

30,000 pounds for each such licenseholder during the base period 832 833 by 700,000. Each such licenseholder shall then be allotted the number of certificates derived by dividing his or her highest 834 835 reported single license year landings up to a maximum of 30,000 836 pounds during the base period by the trap/catch coefficient. 837 Nevertheless, no licenseholder with a current crawfish trap 838 number shall be allotted fewer than 10 certificates. However, certificates may only be issued to individuals; therefore, all 839 840 licenseholders other than individual licenseholders shall 841 designate the individual or individuals to whom their 842 certificates will be allotted and the number thereof to each, if more than one. After initial issuance, Trap certificates are 843 844 transferable on a market basis and may be transferred from one licenseholder to another for a fair market value agreed upon 845 between the transferor and transferee. Each such transfer shall, 846 within 72 hours thereof, be recorded on a notarized form 847 provided for that purpose by the Fish and Wildlife Conservation 848 849 Commission and hand delivered or sent by certified mail, return 850 receipt requested, to the commission for recordkeeping purposes. In addition, In order to cover the added administrative costs of 851 852 the program and to recover an equitable natural resource rent 853 for the people of the state, a transfer fee of \$2 per 854 certificate transferred shall be assessed against the purchasing licenseholder and sent by money order or cashier's check with 855 the certificate transfer form. Also, in addition to the transfer 856 fee, a surcharge of \$5 per certificate transferred or 25 percent 857 of the actual market value, whichever is greater, given to the 858 transferor shall be assessed the first time a certificate is 859 Page 31 of 55

transferred outside the original transferor's immediate family. 860 No transfer of a certificate shall be effective until the 861 commission receives the notarized transfer form and the transfer 862 863 fee, including any surcharge, is paid. The commission may 864 establish by rule an amount of equitable rent per trap 865 certificate that shall be recovered as partial compensation to 866 the state for the enhanced access to its natural resources. A 867 rule establishing an amount of equitable rent shall become 868 effective only after approval by the Legislature Final approval of such a rule shall be by the Governor and Cabinet sitting as 869 870 the Board of Trustees of the Internal Improvement Trust Fund. In determining whether to establish such a rent and, if so, the 871 amount thereof, the commission shall consider the amount of 872 873 revenues annually generated by certificate fees, transfer fees, surcharges, trap license fees, and sales taxes, the demonstrated 874 875 fair market value of transferred certificates, and the continued economic viability of the commercial lobster industry. All The 876 877 proceeds of equitable rent recovered shall be deposited in the 878 Marine Resources Conservation Trust Fund and used by the commission for research, management, and protection of the spiny 879 880 lobster fishery and habitat. A transfer fee may not be assessed 881 or required when the transfer is within a family as a result of the death or disability of the certificate owner. A surcharge 882 will not be assessed for any transfer within an individual's 883 884 immediate family.

No person, firm, corporation, or other business entity
may control, directly or indirectly, more than 1.5 percent of
the total available certificates in any license year.

3. The commission shall maintain records of all
certificates and their transfers and shall annually provide each
licenseholder with a statement of certificates held.

4. The number of trap tags issued annually to each
licenseholder shall not exceed the number of certificates held

a statement of certificates held shall be issued simultaneously.

Beginning July 1, 2003, and applicable to the 2003-2004
 Bobster season and thereafter, It is unlawful for any person to
 lease spiny lobster trap tags or certificates.

898 Trap tags.--Each trap used to take or attempt to take (b) spiny lobsters in state waters or adjacent federal waters shall, 899 in addition to the spiny lobster endorsement crawfish trap 900 number required by s. 370.14(2), have affixed thereto an annual 901 trap tag issued by the commission.
