| 20 | 163.32465 State review of local comprehensive plans in |
| 21 | urban areas |
| 22 | (1) LEGISLATIVE FINDINGS |
| 23 | (a) The Legislature finds that local governments in |
| 24 | this state have a wide diversity of resources, conditions, |
| 25 | abilities, and needs. The Legislature also finds that the |
| 26 | needs and resources of urban areas are different from those of |
| 27 | rural areas and that different planning and growth management |
| 28 | approaches, strategies, and techniques are required in urban |
| 29 | areas. The state role in overseeing growth management should |
| 30 | reflect this diversity and should vary based on local |

| 2 | reduced state oversight of local comprehensive planning is |
| 3 | justified for some local governments in urban areas. |
| 4 | (b) The Legislature finds and declares that this |
| 5 | state's urban areas require a reduced level of state oversight |
| б | because of their high degree of urbanization and the planning |
| 7 | capabilities and resources of many of their local governments. |
| 8 | An alternative state review process that is adequate to |
| 9 | protect issues of regional or statewide importance should be |
| 10 | created for appropriate local governments in these areas. |
| 11 | Further, the Legislature finds that development, including |
| 12 | urban infill and redevelopment, should be encouraged in these |
| 13 | urban areas. The Legislature finds that an alternative process |
| 14 | for amending local comprehensive plans in these areas should |
| 15 | be established with an objective of streamlining the process |
| 16 | and recognizing local responsibility and accountability. |
| 17 | (c) The Legislature finds a pilot program will be |
| 18 | beneficial in evaluating an alternative, expedited plan |
| 19 | amendment adoption and review process. Pilot local governments |
| 20 | shall represent highly developed counties and the |
