SUMMARY ANALYSIS

CS/HB 879 creates the certification of “Clinical Nurse Specialist” within Florida Nurse Practice Act. The bill requires certification of Clinical Nurse Specialists through the Board of Nursing and includes title protection for Clinical Nurse Specialists, Certified Registered Nurse Anesthetists, and Certified Nurse Midwives.

The bill appears to have no significant fiscal impact on state or local governments (See Fiscal Analysis).

The effective date of this bill is October 1, 2007.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. HOUSE PRINCIPLES ANALYSIS:

This bill does not appear to implicate any of the House Principles.

B. EFFECT OF PROPOSED CHANGES:

Present Situation

Licensure of nurses

Part I of Chapter 464, F.S., governs the licensure and regulation of nurses in Florida. Nurses are licensed by the Department of Health ("department") and are regulated by the Board of Nursing. Licensure requirements to practice professional nursing include completion of education requirements, demonstration of passage of a department-approved examination, a clean criminal background screening, and payment of applicable fees¹. Renewal is biennial and contingent upon completion of certain continuing medical education requirements.

Currently, Florida law only recognizes one specialized nursing license--the advanced registered nurse practitioner ("ARNP"). A nurse who holds a license to practice professional nursing may be certified as an ARNP under s. 464.012, F.S., if the nurse meets one or more of the following requirements:

- Completion of a post basic education program of at least one academic year that prepares nurses for advanced or specialized practice;
- Certification by a specialty board, such as a registered nurse anesthetist or nurse midwife; or
- Possession of a master's degree in a nursing clinical specialty area.

Section 464.012(2), F.S., defines three categories of ARNPs: certified registered nurse anesthetists, certified nurse midwives, and nurse practitioners. All ARNPs, regardless of practice category, may only practice within the framework of an established protocol and under the supervision of an allopathic or osteopathic physician or a dentist. All ARNPs may carry out treatments as specified in statute. Although there are three categories of ARNPs, only the title of ARNP is protected under Florida law².

There are currently 10,305 active, licensed ARNPs in Florida³.

According to the department, Clinical Nurse Specialists (CNSs) are licensed in 23 states. They are licensed registered nurses who have graduate preparation (Master's or Doctorate) in nursing as a Clinical Nurse Specialist. According to the National Association of Clinical Nurse Specialists, they are trained to be expert clinicians in a specialized area of nursing practice, such as a particular disease state or population.

Costs of regulation of health care practitioners

Section 456.025, F.S. declares that "it is the intent of the Legislature that all costs of regulating health care professions and practitioners shall be borne solely by licensees and licensure applicants." The regulatory boards, in consultation with the department, or the department if there is no board, must set renewal fees that are, among other requirements:

- Based on revenue projections prepared using generally accepted accounting procedures;
- Adequate to cover all expenses relating to that board identified in the department's long-range policy plan;

¹ Section 464.009, F.S., provides an alternative to licensure by examination for nurses through licensure by endorsement.

² s. 464.015, F.S.

³ Florida Department of Health, Division of Medical Quality Assurance Annual Report 2005-2006.

- Shall be similar to fees imposed on similar licensure types.

Section 216.0236, F.S., further requires each agency to examine the fees it charges for providing regulatory services and oversight to businesses or professions. In particular the agency must determine whether the fees charged for each regulatory program are:

- Based on revenue projections that are prepared using generally accepted governmental accounting procedures or official estimates by the Revenue Estimating Conference, if applicable;
- Adequate to cover both the direct and indirect costs of providing the regulatory service or oversight; and
- Reasonable and take into account differences between the types of professions or businesses that are regulated.

If the agency determines that the fees charged for regulatory services or oversight to businesses or professions are not adequate to cover program costs and that an appropriation from other state funds is necessary to supplement the direct or indirect costs of providing a regulatory service or regulating a program, the agency must present to the Governor and the Legislature, as part of its legislative budget request, information regarding alternatives for realigning revenues or costs to make the regulatory service or program totally self-sufficient. In the alternative, the agency may demonstrate that the service or program provides substantial benefits to the public which justify a partial subsidy from other state funds.

Effect of Proposed Changes

The bill defines the scope of practice for a CNS as the “delivery and management of advanced practice nursing care to individuals or groups.” Specifically, the scope of practice includes:

- Assessing the health status of individuals and families using methods appropriate to the population and area of practice;
- Diagnosing human responses to actual or potential health problems;
- Planning for health promotion, disease prevention, and therapeutic intervention in collaboration with the patient;
- Implementing therapeutic interventions based on the clinical nurse specialist's area of expertise; and
- Coordinating health care as necessary and appropriate and evaluating with the patient the effectiveness of care.

The bill provides for the board to certify clinical nurse specialists and authorizes the board to establish application and biennial renewal fees of no more than \$75 each. The bill requires the following in order to be certified as a CNS:

- Hold a current professional nursing license;
- Have completed a master's degree in a clinical nursing specialty; and
- Hold a current certificate in a specialty area from a national clinical nurse specialist certifying body.

Last, the bill provides title protection for the following nurses: Clinic Nurse Specialists; Certified Registered Nurse Anesthetists; and Certified Nurse Midwives. The misuse of these titles is a misdemeanor of the first degree.

C. SECTION DIRECTORY:

Section 1. Amends s. 464.003, F.S., to define the scope of practice of a clinical nurse specialist.

Section 2. Creates s. 464.0115, F.S., to establish certification criteria for clinical nurse specialists, fees for application and renewal, and rulemaking authority.

Section 3. Amends s. 464.015, F.S., to provide title protection for “Clinical Nurse Specialist” and the abbreviation “C.N.S.”; “Certified Registered Nurse Anesthetist” and the abbreviation “C.R.N.A.”; and “Certified Nurse Midwife” and the abbreviation “C.N.M.”

Section 4. Amends s. 464.016, F.S., to prohibit the use of the above-referenced titles unless the person is duly licensed or certified.

Section 5. Reenacts s. 921.0022, F.S., to incorporate changes in s. 464.016, F.S., by reference.

Section 6. Amends s. 458.348, F.S., to correct a cross-reference.

Section 7. Amends s. 459.025, F.S., to correct a cross-reference.

Section 8. Provides an effective date of October 1, 2007.

II. FISCAL ANALYSIS & ECONOMIC IMPACT STATEMENT

A. FISCAL IMPACT ON STATE GOVERNMENT:

1. Revenues:

The department estimates that 2,065 nurses will apply for CNS certification in the first year and 200 in subsequent years at the proposed rate of \$75 for the initial certification and \$75 for renewal certification. CNS certification will renew biannually. DOH currently contracts services for processing of initial and renewal applications and related fees at a rate of \$7.86 per application.

Estimated Revenue	1st Year	2nd Year	3rd Year	4th Year
Initial CNS Certification Fee (2,065 applications @ \$75 each)	\$ 154,875	\$ 15,000	\$ 15,000	\$ 15,000
Certification Renewal Fee (2,065 renewals @ \$75 each)	\$ 0 -	\$ 0 -	\$ 154,875	\$ 15,000
Total Estimated Revenues	\$ 154,875	\$ 15,000	\$ 169,875	\$ 30,000
Surplus/Deficit	\$ 79,489	\$ (54,992)	\$ 83,652	\$ (41,564)
Cash Balance	\$ 79,489	\$ 24,497	\$ 108,150	\$ 66,586

2. Expenditures:

According to the department, 1 FTE is required to implement provisions contained in the bill.

Estimated Expenditures	1st Year	2nd Year	3rd Year	4th Year
-------------------------------	-----------------	-----------------	-----------------	-----------------

Salaries

<i>1 - Nurse Consultant, PG 077</i>	\$ 41,971	\$ 55,962	\$ 55,962	\$ 55,962
Expense				
<i>1 - Nurse Consultant, ltd travel</i>	\$ 12,057	\$ 12,057	\$ 12,057	\$ 12,057
<i>1 - Nurse Consultant, non-recurr</i>	\$ 3,426			
Operating Capital Outlay				
<i>1 - Nurse Consultant</i>	\$ 1,300	\$ 0 -	\$ 0-	\$ 0 -
Contracted Services				
<i>Initial & Renewal processing @ \$7.86 per application</i>	\$ 16,231	\$ 1,572	\$ 17,803	\$ 3,144
Human Resources Services				
<i>1 - Nurse Consultant</i>	\$ 401	\$ 401	\$ 401	\$ 401
Total Estimated Expenditures	\$ 75,386	\$ 69,992	\$ 86,223	\$ 71,564

B. FISCAL IMPACT ON LOCAL GOVERNMENTS:

1. Revenues:

None.

2. Expenditures:

None.

C. DIRECT ECONOMIC IMPACT ON PRIVATE SECTOR:

None.

D. FISCAL COMMENTS:

None.

III. COMMENTS

A. CONSTITUTIONAL ISSUES:

1. Applicability of Municipality/County Mandates Provision:

This bill does not appear to require counties or municipalities to take an action requiring the expenditure of funds, reduce the authority that counties or municipalities have to raise revenue in the aggregate, nor reduce the percentage of state tax shared with counties or municipalities.

2. Other:

None.

B. RULE-MAKING AUTHORITY:

The bill contains rule-making authority for the department to implement provisions in the bill.

C. DRAFTING ISSUES OR OTHER COMMENTS:

None.

D. STATEMENT OF THE SPONSOR

No statement submitted.

IV. AMENDMENTS/COUNCIL SUBSTITUTE CHANGES

On March 13, 2007, the Health Quality Committee adopted six amendments to the bill and the bill was reported favorably with a recommended Council Substitute. The amendments were engrossed by staff into a strike-all amendment. The amendments:

- Remove “clinical nurse specialist” from the definition of “advanced registered nurse practitioner”;
- Explicitly state that a CNS may not practice beyond the scope of advanced nursing practice;
- Raise the application and renewal fees to \$75 each, to ensure the program does not operate in deficit; and
- Change the effective date from July 1, 2007, to October 1, 2007, in order to provide sufficient time for the department to enact rules.

On March 27, 2007, the Healthcare Council adopted one technical amendment to the bill.

The bill was reported favorably as a Council Substitute.
