15 Be It Enacted by the Legislature of the State of Florida:
16

17 Section 1. (1) The Legislature finds that the Primary
18 Care Access Network (PCAN) was founded to address the needs of
19 the uninsured and those who are medically needy by providing a
20 system of service delivery that builds upon the strengths of its
21 current health provider partners. There has been an average 32-
22 percent decrease in nonurgent emergency room services used by
23 the uninsured in areas where one of the clinics is in operation.
24 In accordance with these findings, the Agency for Health Care
25 Administration shall establish a 2-year pilot program in Orange
26 and Pasco Counties and a 1-year pilot program in Manatee,
27 Sarasota, and DeSoto Counties to offer health care services
28 during the weekend and after regular business hours during the

29 week.

30 (2) To the extent that funding is available, the pilot
31 program shall provide funds to operate the PCAN clinics during
32 the extended hours that the clinics are open and to pay the
33 employees of those clinics accordingly.

34 (3) The agency shall develop procedures for operating the
35 pilot program.

36 (4) Each January 1, for the duration of the pilot program,
37 the agency shall submit to the Governor, the President of the
38 Senate, and the Speaker of the House of Representatives an
39 annual report on the success and outcomes achieved by the pilot
40 program, which must include a recommendation as to whether the
41 pilot program should be continued, terminated, or expanded.

42 Section 2. The sum of \$3.5 million is appropriated from
43 the General Revenue Fund to the Agency for Health Care
44 Administration for the purpose of implementing this act during
45 the 2007-2008 fiscal year. Of the funds provided, the sum of
46 \$2.3 million shall be used for programs in Orange and Pasco
47 Counties, and \$1.2 million shall be used for programs in
48 Manatee, Sarasota, and DeSoto Counties.

49 Section 3. This act shall take effect July 1, 2007.
