The Committee on Environmental Preservation and Conservation  
(Jones) recommended the following **amendment to amendment**  
(150638):

**Senate Amendment (with title amendment)**

On page 74, between lines 24 & 25,

insert:

Section 27. The Department of Community Affairs shall,  
on or before September 1, 2007, review and if warranted under  
Part VI of chapter 533, F.S., establish, by rule, new or  
updated energy conservation standards to improve the energy  
efficiency of the following products: residential pool pumps,  
pool heaters and spas, commercial and residential appliances,  
and electronic equipment. If the department determines that  
new or updated standards are not so warranted, it shall, on or  
before September 1, 2007, provide a written report to the  
Governor and Legislature describing in detail the reason for  
its determination and, separately for each product, the  
efficiency improvements considered for the product, the  
expected life of the product and each improvement considered,

Bill No. CS for SB 996

1 how much less electricity would be used in this state if the  
 2 improvement were established as an energy conservation  
 3 standard, the cost-effectiveness of each improvement  
 4 considered, and the method used to determine cost  
 5 effectiveness.
