The Committee on Communications and Public Utilities (Fasano) recommended the following amendment:

**Senate Amendment**

On page 18, lines 18-21, delete those lines

and insert:

5. A description of the service area for which the applicant seeks a certificate of franchise authority, provided on a municipal or countywide basis. The description may be provided in a manner that does not disclose competitively sensitive information. For existing incumbent cable or video service providers that have existing communications facilities, the service area shall be coextensive with the provider's existing network boundaries within the political boundaries of the local jurisdiction where video services are provided. For applicants using telecommunications facilities to provide video services, the service area shall be coextensive with all of the provider's wire centers or exchanges within the political boundaries of the local jurisdiction where video services are provided.
