**SUMMARY ANALYSIS**

The West Villages Improvement District (District) is an independent special district wholly within the City of North Port, Sarasota County, Florida. The District consists of approximately 11,933 acres. The District's charter grants the District the powers, functions, and duties under chs. 189 (Special District: General Provisions) and 298 (Drainage and Water Control), F.S., with a few exceptions. The District has the authority to levy non-ad valorem assessments.

HB 1007 adds approximately 581.6 acres to the District of which approximately 338.2 acres are in the City of North Port and the remaining approximately 243.4 acres are in unincorporated Sarasota County. The bill also removes approximately 106.2 acres from the District, all of which are in unincorporated Sarasota County. Therefore, the net increase in the size of the District would be approximately 475 acres.

The bill also calls for a referendum within 60 days after becoming law, in which a majority vote cast of the acreage of all landowners (including those within the current District and those in the proposed expanded boundaries) is required to add the new territory. The referendum is to be held on a one-acre, one-vote basis at the expense of the District.

The bill provides an effective date of upon becoming law, except for the annexation, which will take effect only upon approval by the landowners.
