4 **Senate Amendment**

5 Delete lines 68-80
6 and insert:

7 (40) Maintain a prioritized list of projects or activities
8 that applicants may consider when developing proposals to meet
9 the mitigation or public interest requirements of chapter 253,
10 chapter 373, or this chapter. The contents of such a list are not
11 a rule as defined in chapter 120, and listing a specific project
12 or activity does not imply approval by the department for such
13 project or activity. Each county government is encouraged to
14 develop a prioritized inventory of projects or activities for
15 inclusion on the list by obtaining input from local stakeholders
16 in the public, private, and nonprofit sectors, including local
17 governments, port authorities, marine contractors, other

18 representatives of the marine construction industry,
19 environmental or conservation organizations, and other interested
20 parties. Counties may establish dedicated funds depositing public
21 interest donations into a reserve for future public interest
22 projects, including improvements to on-water law enforcement
23 activities.
