6 to the state. When the Department of Health issues a health
7 advisory against swimming in beach waters on the basis of
8 finding elevated levels of fecal coliform or enterococci
9 bacteria in a water sample, the department shall
10 contemporaneously notify the relevant local government and the
11 local office of the Department of Environmental Protection,
12 which shall promptly investigate wastewater treatment facilities
13 within 1 mile of the affected beach to determine if a facility
14 experienced an incident that may have contributed to the
15 contamination. Upon completion, the Department of Environmental
16 Protection shall notify the relevant local government in writing
