	.	

1 The Committee on Environmental Preservation and Conservation
 2 (Saunders) recommended the following **amendment to amendment**
 3 **(866008)** :

Senate Amendment (with title amendment)

Between line(s) 1294 and 1295

insert:

Section 20. Subsection (5) is added to section 366.92,
Florida Statutes, to read:

366.92 Florida renewable energy policy.--

(5) It is the intent of the Legislature to support
distributed generation. It is also the intent of the Legislature
that each electric customer who generates renewable electricity
be able to interconnect to the grid and sell excess electricity.

193260

16 In support of this policy, the commission shall require all
 17 utilities to develop programs that allow for such
 18 interconnection and allow for the sale of excess electricity.
 19 The commission shall adopt rules that establish the
 20 interconnection requirements, other technical and safety
 21 requirements, and the appropriate backup rates that are fair to
 22 the utility.
