Florida Senate - 2008 Bill No. CS for CS for CS for SB 1544

18 companies and organizations, and the general public is to reduce 19 the amount of recyclable solid waste disposed of in waste 20 management facilities, landfills, or incineration facilities by a 21 statewide average of at least 75 percent. 22 (3) The Department of Environmental Preservation shall 23 develop a comprehensive recycling program that is designed to achieve the percentage stated in subsection (2) and submit the 24 25 program to the President of the Senate and the Speaker of the 26 House of Representatives by January 1, 2010. The program may not 27 be implemented until approved by the Legislature. The program 28 must be developed in coordination with input from state and local 29 entities, private businesses, and the public. Under the program, 30 recyclable materials shall include, but are not limited to, metals, paper, glass, plastic, textile, rubber materials, and 31 32 mulch. Components of the program shall include, but are not 33 limited to: 34 (a) Programs to identify environmentally preferable 35 purchasing practices to encourage the purchase of recycled, 36 durable, and less toxic goods; 37 (b) Programs to educate students in grades K-12 in the benefits of, and proper techniques for, recycling; 38 39 (c) Programs for statewide recognition of successful 40 recycling efforts by schools, businesses, public groups, and 41 private citizens; 42 (d) Programs for municipalities and counties to develop and 43 implement efficient recycling efforts to return valuable materials to productive use, conserve energy, and protect natural 44 45 resources;

Florida Senate - 2008

Bill No. CS for CS for CS for SB 1544

(e) Programs by which the department can provide technical
assistance to municipalities and counties in support of their
recycling efforts;
(f) Programs to educate and train the public in proper
recycling efforts;
(g) Evaluation of how financial assistance can best be
provided to municipalities and counties in support of their
recycling efforts; and
(h) Evaluation of why existing waste management and
recycling programs in the state have not been better used.

And the title is amended as follows:
Delete lines 411 through 414
and insert:
results to the Legislature; providing legislative findings
regarding recycling; providing for a long-term goal of
reducing the amount of solid waste disposed of in the
state by a certain percentage; requiring the Department of
Environmental Protection to develop a comprehensive
recycling program and submit such program to the
Legislature by a specified date; requiring the
Legislature's approval before implementing such program;
requiring that such program be developed in coordination
with other state and local entities, private businesses,
and the public; requiring that the program contain certain
components; requiring
