and insert:

(v) Any development within a county having a population greater than 1.25 million which is proposed for at least two uses, one of which is for use as an office or laboratory appropriate for the research and development of medical technology, biotechnology, or life science applications, is exempt from this section if:

1. The land is located in a designated urban infill area or within 5 miles of a state-supported biotechnical research facility or if a local government having jurisdiction recognizes, by resolution, that the land is located in a compact, high-intensity, and high-density multiuse area that is appropriate for intensive growth;
