 57 read:

58 257.18 Equalization grants.--

59 (1) Any county qualifying for an operating grant is  
 60 eligible to receive an equalization grant if it meets the  
 61 following criteria:

62 (a) The county was eligible for an equalization grant in  
 63 fiscal year 2007-2008.

64 (b) ~~When~~ The value of 1 mill adjusted to reflect the  
 65 average statewide level of assessment is below the median amount  
 66 for all counties in the state ~~and the per capita local funds~~  
 67 ~~expended for library support during the second preceding year is~~  
 68 ~~below the average for all counties.~~

69 (c) The county operating millage subject to the 10-mill  
 70 cap is equal to or above the average for all counties. If the  
 71 county does not meet this millage requirement, the per capita  
 72 income for the county must be equal to or below the average for  
 73 all counties.

74 (d) The county has been eligible for an equalization grant  
 75 each fiscal year since fiscal year 2007-2008.

76 (2) If a county fails to meet the eligibility criteria for  
 77 an equalization grant in any one year, the county shall be  
 78 notified that its equalization grant funding will be phased out  
 79 over a 3-year period as follows:

80 (a) In the first year, the county shall receive the grant  
 81 amount for which it qualified the previous year.

82 (b) In the second year, the county shall receive two-  
 83 thirds of the grant amount it received under paragraph (a).

84        (c) In the third year, the county shall receive one-third  
85 of the grant amount it received under paragraph (a).

86        (d) In subsequent years, the county shall not be eligible  
87 to receive an equalization grant.

88        (3) An equalization grant to an eligible county is  
89 calculated in the following manner:

90        (a) The equalization factor is computed by subtracting the  
91 value of 1 mill adjusted to reflect the average statewide level  
92 of assessment for each county from the average adjusted value of  
93 1 mill for all counties and then dividing that amount by the  
94 average adjusted value of 1 mill for all counties.

95        (b) An equalization grant is computed by multiplying the  
96 equalization factor times the total local funds expended for  
97 library support by that county during the second preceding year  
98 and adding that amount to the actual total local funds expended  
99 for library support by that county during the second preceding  
100 year. The result is the adjusted value for the local funds  
101 expended for library service. The amount of the equalization  
102 grant is equal to 25 cents of the adjusted value of local funds  
103 expended for library service.

104        (c) ~~(2)~~ When the adjusted mill equivalent of actual local  
105 funds expended for library support by the county during the  
106 second preceding year is above the statewide average adjusted  
107 mill equivalent of actual local funds expended by all counties  
108 receiving operating grants, the amount of the equalization grant  
109 is equal to 50 cents of the adjusted value of local funds  
110 expended for library service.

111 (4) A county may not receive an equalization grant that is  
 112 equal to more than 10 percent of the total amount required to  
 113 fund equalization grants to all eligible counties.

114 (5)~~(3)~~ The Division of Library and Information Services  
 115 shall calculate equalization grants based on the amount of local  
 116 funds expended for library service the second preceding year as  
 117 certified by the appropriate county officials and information on  
 118 the level of assessment of property in each county, ~~and~~ the  
 119 taxable value of property in each county, the county operating  
 120 millage subject to the 10-mill cap, and the per capita income as  
 121 reported by the ~~state~~ agency authorized by law, ~~which shall~~  
 122 ~~certify the results of such determination to the division.~~

123 (6)~~(4)~~ Equalization grants shall not exceed 15 percent of  
 124 the amount appropriated for operating, multicounty, and  
 125 equalization grants or \$8,877,057, whichever is greater. Any  
 126 reductions in equalization grants necessary to meet this  
 127 requirement shall be applied to all equalization grants on a  
 128 prorated basis. This includes grants subject to the 10-percent  
 129 cap or grants in the phase-out period. If the total  
 130 appropriation for operating, multicounty, and equalization  
 131 grants is less than \$31,999,233, then ~~For the purposes of this~~  
 132 ~~section,~~ s. 257.21 shall ~~does not~~ apply.
