I. Summary:

This bill removes the sales tax exemption for ostrich feed sales.

This bill substantially amends section 212.08 of the Florida Statutes.

II. Present Situation:

Section 212.08, F.S., provides for specific exemptions from the sales and use tax imposed by chapter 212, F.S. The statutes currently provide more than 200 non-service exemptions. Exemptions generally identify specific items, exempting items when used for particular purposes and exempting purchases or sales by certain types of organizations, such as the government, churches, and charities. Subsection (7) of section 212.08, F.S., provides for 55 miscellaneous exemptions.

Since 1992, the sales of ostrich feed have been exempt from sales tax, pursuant to the miscellaneous sales tax exemptions provided for under paragraph (d) of subsection (7) of section 212.08, F.S. The initial purpose of the exemption was to aid the ostrich industry in the state of Florida.

III. Effect of Proposed Changes:

Section 1 removes the sales tax exemption for ostrich feed sales.

Section 2 provides that this act shall take effect July 1, 2008.
