

HB 301

2008

1 A bill to be entitled
2 An act relating to recycling; amending s. 403.7145, F.S.;
3 requiring each organization, association, business, and
4 institution operating in the state and receiving state
5 funds, and each public airport in the state, to collect
6 aluminum beverage cans and recyclable plastic and glass
7 from its place of business, or from the entities doing
8 business at the airport, and to offer such materials for
9 recycling; providing an effective date.

10

11 Be It Enacted by the Legislature of the State of Florida:

12

13 Section 1. Section 403.7145, Florida Statutes, is amended
14 to read:

15 403.7145 Recycling.--

16 (1) The Capitol and the House and Senate office buildings
17 constitute the Capitol recycling area. The Florida House of
18 Representatives, the Florida Senate, and the Office of the
19 Governor, the Secretary of State, and each Cabinet officer who
20 heads a department that occupies office space in the Capitol,
21 shall institute a recycling program for their respective offices
22 in the House and Senate office buildings and the Capitol.
23 Provisions shall be made to collect and sell wastepaper and
24 empty aluminum beverage cans generated by employee activities in
25 these offices. The collection and sale of such materials shall
26 be coordinated with Department of Management Services recycling
27 activities to maximize the efficiency and economy of this
28 program. The Governor, the Speaker of the House of

HB 301

2008

29 Representatives, the President of the Senate, the Secretary of
30 State, and the Cabinet officers may authorize the use of
31 proceeds from recyclable material sales for employee benefits
32 and other purposes, in order to provide incentives to their
33 respective employees for participation in the recycling program.
34 Such proceeds may also be used to offset any costs of the
35 recycling program.

36 (2) Each state agency, the judicial branch of state
37 government, and the State University System shall collect and
38 sell, to the greatest extent practicable, aluminum, glass, and
39 plastic beverage containers, and other recyclable materials and
40 products used during the operation of facilities and offices and
41 may use the proceeds of the sale of such materials and products
42 for employee benefits and other purposes and thereby provide
43 incentives for employees to participate in the recycling
44 program. Such proceeds may also be used to offset any recycling
45 program costs.

46 (3) Each organization, association, business, or
47 institution operating in the state and receiving state funds
48 shall, to the greatest extent practicable, collect aluminum
49 beverage cans and recyclable plastic and glass at all locations
50 where the organization, association, business, or institution
51 operates or does business, and shall offer such materials for
52 recycling. Each organization, association, business, or
53 institution may retain and use any proceeds received from the
54 sale of these materials for recycling to offset the cost
55 associated with collecting and recycling such materials.

56 (4) Each public airport operating in this state shall, to

HB 301

2008

57 the greatest extent practicable, collect aluminum beverage cans
58 and recyclable plastic and glass from the airlines and other
59 entities doing business at the airport and offer such materials
60 for recycling. Each airport may retain and use any proceeds
61 received from the sale of these materials for recycling to
62 offset the costs associated with collecting and recycling such
63 materials.

64 Section 2. This act shall take effect July 1, 2008.
