 21 Be It Enacted by the Legislature of the State of Florida:

22
 23 Section 1. Section 381.84, Florida Statutes, is amended to
 24 read:

25 381.84 Comprehensive Statewide Tobacco Education and Use
 26 Prevention Program.--

27 (1) DEFINITIONS.--As used in this section and for purposes
 28 of the provisions of s. 27, Art. X of the State Constitution,

29 | the term:

30 | (a) "AHEC network" means an area health education center
31 | network established under s. 381.0402.

32 | (b) "CDC" means the United States Centers for Disease
33 | Control and Prevention.

34 | (c) "Council" means the Tobacco Education and Use
35 | Prevention Advisory Council.

36 | (d) "Department" means the Department of Health.

37 | (e) "Tobacco" means, without limitation, tobacco itself
38 | and tobacco products that include tobacco and are intended or
39 | expected for human use or consumption, including, but not
40 | limited to, cigarettes, cigars, pipe tobacco, and smokeless
41 | tobacco.

42 | (f) "Youth" means minors and young adults.

43 | (2) PURPOSE, FINDINGS, AND INTENT.--It is the purpose of
44 | this section to implement s. 27, Art. X of the State
45 | Constitution. The Legislature finds that s. 27, Art. X of the
46 | State Constitution requires the funding of a statewide tobacco
47 | education and use prevention program that focuses on tobacco use
48 | by youth. The Legislature further finds that the primary goals
49 | of the program are to reduce the prevalence of tobacco use among
50 | youth, adults, and pregnant women; reduce per capita tobacco
51 | consumption; implement interventions to detect, prevent, and
52 | treat tobacco-related chronic diseases; and reduce exposure to
53 | environmental tobacco smoke. Further, it is the intent of the
54 | Legislature to base increases in funding for individual
55 | components of the program on the results of assessments and
56 | evaluations. Recognizing that some components will need to grow

57 faster than inflation, it is the intent of the Legislature to
 58 fund portions of the program on a nonrecurring basis in the
 59 early years so that those components that are most effective can
 60 be supported as the program matures.

61 (3) PROGRAM COMPONENTS AND REQUIREMENTS.--The department
 62 shall conduct a comprehensive, statewide tobacco education and
