1 Representative Kendrick offered the following:

2  
3 **Amendment (with title amendment)**

4 Between lines 120 and 121, insert:

5 Section 3. Paragraph (c) is added to subsection (5) of  
6 section 259.034, Florida Statutes, to read:

7 253.034 State-owned lands; uses.--

8 (5) Each manager of conservation lands shall submit to the  
9 Division of State Lands a land management plan at least every 10  
10 years in a form and manner prescribed by rule by the board and  
11 in accordance with the provisions of s. 259.032. Each manager of  
12 conservation lands shall also update a land management plan  
13 whenever the manager proposes to add new facilities or make  
14 substantive land use or management changes that were not  
15 addressed in the approved plan, or within 1 year of the addition  
16 of significant new lands. Each manager of nonconservation lands

17 shall submit to the Division of State Lands a land use plan at  
18 least every 10 years in a form and manner prescribed by rule by  
19 the board. The division shall review each plan for compliance  
20 with the requirements of this subsection and the requirements of  
21 the rules established by the board pursuant to this section. All  
22 land use plans, whether for single-use or multiple-use  
23 properties, shall include an analysis of the property to  
24 determine if any significant natural or cultural resources are  
25 located on the property. Such resources include archaeological  
26 and historic sites, state and federally listed plant and animal  
27 species, and imperiled natural communities and unique natural  
28 features. If such resources occur on the property, the manager  
29 shall consult with the Division of State Lands and other  
30 appropriate agencies to develop management strategies to protect  
31 such resources. Land use plans shall also provide for the  
32 control of invasive nonnative plants and conservation of soil  
33 and water resources, including a description of how the manager  
34 plans to control and prevent soil erosion and soil or water  
35 contamination. Land use plans submitted by a manager shall  
36 include reference to appropriate statutory authority for such  
37 use or uses and shall conform to the appropriate policies and  
38 guidelines of the state land management plan. Plans for managed  
39 areas larger than 1,000 acres shall contain an analysis of the  
40 multiple-use potential of the property, which analysis shall  
41 include the potential of the property to generate revenues to  
42 enhance the management of the property. Additionally, the plan  
43 shall contain an analysis of the potential use of private land  
44 managers to facilitate the restoration or management of these

45 lands. In those cases where a newly acquired property has a  
46 valid conservation plan that was developed by a soil and  
47 conservation district, such plan shall be used to guide  
48 management of the property until a formal land use plan is  
49 completed.

50 (c) Beginning July 1, 2010, and every 3 years thereafter,  
51 state-owned lands with an approved land management plan shall be  
52 monitored for land management activities by a monitoring team.  
53 The Division of State Lands shall coordinate the activities of  
54 the monitoring team, which shall consist of three members. One  
55 member shall be selected by the Executive Director of the Fish  
56 and Wildlife Conservation Commission or a designee, and shall  
57 have experience with applied habitat management. One member  
58 shall be selected by the Secretary of the Department of  
59 Environmental Protection or a designee, and shall have  
60 experience with public recreation or use administration. One  
61 member shall be selected by the Commissioner of Agriculture or a  
62 designee, and shall have experience with applied land  
63 management. The Division of State Lands shall provide the  
64 monitoring team with the operational report prepared pursuant to  
65 s. 259.037(6). The monitoring team shall prepare a monitoring  
66 report that assesses the progress towards achieving short-term  
67 and long-term land management goals, as identified in the  
68 operational report, and shall propose corrective actions for  
69 identified deficiencies in management activities. The monitoring  
70 report shall be submitted to the Acquisition and Restoration  
71 Council and the managing agency. The Acquisition and Restoration  
72 Council shall review the monitoring report and determine whether

73 the deficiencies warrant a corrective action plan or revisions  
74 to the management plan. Significant and recurring deficiencies  
75 shall be brought to the Board of Trustees, which shall determine  
76 whether the corrective actions being proposed by the land  
77 manager and the Acquisition and Restoration Council sufficiently  
78 address the deficiencies. Corrective actions plans shall be  
79 prepared and submitted in the same manner as land management  
80 plans.

81 Section 4. Subsection (6) is added to section 259.037,  
82 Florida Statutes, to read:

83 259.037 Land Management Uniform Accounting Council.--

84 (6) Beginning July 1, 2010, and every 3 years thereafter,  
85 each reporting agency shall also submit an operational report  
86 for each management area along with an approved management plan.  
87 The report should assess the progress toward achieving short-  
88 term and long-term management goals of the approved management  
89 plan, including all land management activities, and identify any  
90 deficiencies in management and corrective actions to address  
91 identified deficiencies as appropriate. This report shall be  
92 submitted to the Division of State Lands for inclusion in its  
93 annual report required pursuant to s. 259.036.
