

Amendment No.

CHAMBER ACTION

Senate

House

.

Representative Troutman offered the following:

Amendment (with title amendment)

Remove line 2065-2070 and insert:

9. Costs or expenses prudently incurred for joint scientific research and development projects conducted in the state for the purpose of reducing an electric utility's greenhouse gas emissions and dependence on fossil fuel through the assessment of geological storage of carbon with Florida state government agencies and Florida state universities and research on carbon capture and use with Florida-based companies. Participating Florida-based companies shall match the utility's investment in research and development.
