 3028 with the general manager of the district at the general office
 3029 on or prior to the adjournment of the regularly scheduled board
 3030 of supervisors meeting during the month preceding said
 3031 landowners' meeting. Failing to so file will disqualify any
 3032 person for consideration at such election.

3033 (6) As to the elections of supervisors, the qualified
 3034 candidate receiving the highest number of votes for supervisor
 3035 shall be declared and elected as such supervisor. If more than

 3037 supervisors, the candidate receiving the majority of the votes
 3038 shall be elected. In the event no candidate receives a majority,
 3039 then the landowners shall vote on two candidates receiving the

3057 (2) Said tax shall be extended by the county property
 3058 appraiser on the county tax roll and shall be collected by the
 3059 county tax collector in the same manner and time as the county

 3063 district. In lieu thereof, the following provision shall apply
 3064 to the district: to maintain and preserve the existing
 3065 improvements and assets for the district, as well as the
 3066 improvements made pursuant to this chapter, and to repair and

 3077 manner and time as county taxes and the proceeds therefrom paid
 3078 on the property against which assessed, and enforceable in like
 3079 manner as county taxes. Each acre or fraction of an acre, for

Section 10. Irrigation tax.--

(1) The Lake Worth Drainage District is hereby permitted, authorized, and empowered to engage in irrigation as well as drainage. The term "irrigation" means the maintaining and controlling of water levels within the district by means of pumping operations or through gravity flow from reservoirs and installing, operating, keeping, and maintaining pumps, pumping stations, dams, floodgates, and such other waterworks and controls that the board of supervisors may deem necessary and proper.

(2) In order to defray the costs of irrigation, the district is authorized, permitted, and empowered to levy and assess taxes as herein provided. Said taxes shall be determined, levied, and assessed not later than the regular monthly meeting of the board in July of each year. The board shall, at such time, determine lands that have been benefited by irrigation.

(3) At the regular monthly meeting in July of each year, the general manager of the district shall submit a budget showing the estimated costs for the year of maintaining water tables. The board shall examine the budget and revise it if necessary. After the budget has been fully approved by the board, the board shall then assess against the lands benefited an irrigation tax sufficient to defray the cost of irrigation.

(4) Within 2 weeks after the assessment has been made, notice of the assessment shall be given by publication in some newspaper published in Palm Beach County. One such publication shall be sufficient. It shall not be necessary for this notice to describe the lands assessed other than to refer to them as

3109 lands within the irrigation area of the Lake Worth Drainage
3110 District, and the notice may state merely the amount of
3111 assessment per acre.

3112 (5) Should there be any objections to the assessment made
3113 against the lands as provided herein, such objection shall be
3114 made to the board of supervisors each year after the publication
3115 of the assessment roll at its next regular monthly meeting. The
3116 board shall consider the objections and sustain, adjust, or
3117 overrule the same. After consideration of objections, if any
3118 have been made and determined as above, the board shall cause
3119 the assessment to be certified to the Property Appraiser of Palm
3120 Beach County, together with a list of lands subject to the
3121 assessment, at the same time and in the same form and manner as
3122 other drainage taxes of the district are certified. The county
3123 property appraiser shall combine the assessment for irrigation
3124 with the drainage district tax assessment and extend them on the
3125 county tax rolls and the taxes shall be collected by the county
3126 tax collector in the same manner and time as county taxes and
3127 the proceeds therefrom paid to the Lake Worth Drainage District.
3128 The taxes shall be a lien until paid on the property against
3129 which assessed and enforceable in like manner as county taxes.
3130 When remittance of taxes is made by the county to the district,
3131 the board, from information furnished to it by the general
3132 manager and records of the district, shall determine what part
3133 of the remittance is for irrigation and shall set aside the
3134 irrigation portion so found and determined into an irrigation
3135 fund for the district, to be used for the purpose for which it
3136 was assessed.

3137 Section 11. Special improvements; assessments against
3138 specially improved property.--

3139 (1) The Board of Supervisors of the Lake Worth Drainage
3140 District is hereby authorized and empowered in the manner
3141 hereinafter provided to cause any and all canals, bulkheads,
3142 dikes, levees, drains, culverts, and other types of waterways,
3143 water controls, or improvements thereunto related, as well as
3144 streets or roads incident thereto, to be dug, constructed,
3145 paved, or built, and to provide for all or any part of the
3146 installation costs thereof, and to provide for the annual
3147 maintenance involved by levying and collecting special
3148 installation assessments and maintenance assessments upon
3149 abutting, adjoining, and contiguous or other specially benefited
3150 properties. The amount assessed against the property benefited
3151 for any installation of such improvements shall not exceed the
3152 estimated benefits accruing to such property by reason of the
3153 special improvements. The maintenance costs of the special
3154 improvements shall be annually assessed against the affected
3155 property in direct proportion to the resulting benefit.

3156 (2) Special assessments upon the property benefited by any
3157 improvement herein authorized shall be effected by one or both
3158 of the following methods:

3159 (a) In proportion to the benefit which may result from
3160 such improvements.

3161 (b) By front footage of property bounding or abutting upon
3162 such improvement.

3163 (3) Upon the board of supervisors' own initiative, or when

3165 assessed for any special or local improvements, or when the
 3166 owners of a majority of the foot frontage of land liable to be
 3167 assessed for any special or local improvements petition the
 3168 board for its consideration of any local special improvement,
 3169 the board may order such improvement to be made and, in such an
 3170 event, the following are the general conditions and regulations
 3171 governing said special assessments and improvements:

3172 (a) Before any special or local improvement is authorized
 3173 or made under the provisions of this section, the board of
 3174 supervisors shall, by resolution, require plans, specifications,
 3175 and estimates of cost of such improvements to be made and placed
 3176 on file in the general offices of the district.

3177 (b) When the board of supervisors determines to make such
 3178 special or local improvements, then it shall so declare by
 3179 resolution, stating the necessity for, and the nature of, the
 3180 proposed special improvements and stating further what part of
 3181 the expenses therefor shall be paid by special assessment
 3182 against the affected property. The resolution shall also state
 3183 the total estimated cost of the proposed improvement, the method
 3184 of payment of assessment, the number of annual installments, and
 3185 the rate of interest on deferred payments, which interest shall
 3186 not exceed 8 percent.

3187 (c) The resolution may embrace improvements of like
 3188 character upon or in more than one canal or other type of
 3189 waterway or control, street, or road and such improvements need
 3190 not be contiguous. The resolution shall designate the boundaries
 3191 of the area comprising the property that the board deems will be
 3192 specially benefited by such improvement. The estimated costs

ENROLLED
 HB 1063

2009 Legislature

3193 stated in the resolution shall include an estimate of the cost
 3194 of preliminary or other surveys, inspections, and supervision of
 3195 the work, the preparation of the plans and specifications, the
 3196 printing and publishing of notices and proceedings, the
 3197 preparation of certificates and bonds, and any other expenses
 3198 necessary or proper, which expenses, except the cost of the work
 3199 itself, are hereinafter referred to as incidental expenses. The
 3200 improvements covered by a single resolution may be designated in
 3201 all proceedings, assessments, or publications by any short or
 3202 convenient designation and the property against which
 3203 assessments may be made for the cost of such improvements may be
 3204 designated as an area, followed by a letter or number or name to
 3205 distinguish it from other such areas.

3206 (d) The resolution to be adopted as aforesaid shall be
 3207 published in a newspaper published in Palm Beach County once
 3208 each week for 2 consecutive weeks and shall be certified to by
 3209 the secretary of the board of supervisors. There shall also be
 3210 published a notice setting forth that the board has determined
 3211 the necessity for the improvements to be made according to plans
 3212 and specifications on file in the general offices of the Lake
 3213 Worth Drainage District, that the same are required to be made,
 3214 and that the board will sit at a place and upon a date and hour
 3215 not earlier than 3 days from the final publication of such
 3216 notice for the purpose of hearing objections to the proposed
 3217 improvements.

3218 (e) If, at the time fixed in the notice, the persons
 3219 owning property abutting upon or within the area to be benefited
 3220 by the improvements have not already constructed the same in

3221 accordance with the plans and specifications aforesaid and, if
 3222 no objections have been made or, if having been made, the
 3223 objections have been deemed insufficient by the board of
 3224 supervisors, the board shall have the improvements made, either
 3225 by contract or directly, by the employment of labor and purchase
 3226 of materials; or separate contracts may be entered into for the
 3227 performance of different classes of work included in any single
 3228 improvement.

3229 (f) After the completion of the improvement or in the
 3230 event the improvement is made by contract, after the awarding of
 3231 all contracts included in such improvement in such manner that
 3232 the total actual cost of said improvement can be determined, the
 3233 treasurer of the board of supervisors shall prepare and present
 3234 to the board a report of costs of the improvements and an
 3235 assessment roll showing the lands assessed to pay the costs
 3236 thereof and the amount of the assessment as to each. The report
 3237 of costs must show the total cost of the improvement and the
 3238 estimated costs of incidental expenses and that portion of the
 3239 total cost chargeable to the respective parcels of land,
 3240 including real estate owned by the Lake Worth Drainage District
 3241 and including real estate within the Lake Worth Drainage
 3242 District abutting upon the improvement for which the assessment
 3243 is made. Such costs chargeable to said properties shall be upon
 3244 front footage of such specially improved property, which amount
 3245 shall be the portion of the total cost chargeable to all
 3246 abutting property, divided by the number of feet fronting or
 3247 abutting upon the improvement, and/or such costs chargeable to
 3248 said properties shall be in the amount that the board deems to

 3250 parcels of land within the boundaries of the area designated in
 3251 the resolution authorizing such improvements as hereinbefore
 3252 provided and not in excess of such benefits.

3253 (g) The board of supervisors shall thereupon approve the
 3254 report of costs and assessment roll if the same is in proper
 3255 form, and the same shall be placed on file in the general
 3256 offices of the Lake Worth Drainage District; and the assessment
 3257 roll shall be advertised once each week for 2 consecutive weeks
 3258 in a newspaper published in Palm Beach County, together with a
 3259 notice to be signed by the Secretary of the Lake Worth Drainage
 3260 District setting forth that the assessment roll has been
 3261 examined and approved by the board and the board shall sit upon
 3262 a certain date and hour, not earlier than 3 days from the final
 3263 publication of such notice, for the purpose of hearing
 3264 objections to said assessment roll. If no objections are made by
 3265 persons affected by the assessment roll at the time and place
 3266 specified in the aforesaid notice or if objections have been
 3267 made and have been determined insufficient by the board, the
 3268 board shall thereupon adopt a resolution levying the assessments
 3269 as shown by the assessment roll and reciting by what method or
 3270 combination of methods the special assessment is made and the
 3271 time when the same shall become payable and the special
 3272 assessments to be levied shall be a lien upon the date of the
 3273 assessment upon the respective lots or parcels of land described
 3274 in the resolution. The special assessments shall be evidenced to
 3275 and certified by the board not later than August 31 of each year

 3278 and the annual installments thereon shall be collected from year
 3279 to year by the county tax collector in the same manner and time
 3280 as county taxes and the proceeds therefrom are paid to the
 3281 district. The assessment shall be a lien until paid on the
 3282 property against which assessed and enforceable in like manner
 3283 as county taxes.

3284 (h) The commencement of work on any special improvement as
 3285 provided for in this section shall constitute notice to the
 3286 owners of the property abutting upon, adjoining, or contiguous
 3287 to, and to be benefited by, such improvement; and special
 3288 assessments will be levied against such property and liens
 3289 created and held against the same for the benefits received by
 3290 reason of such improvements.

3291 Section 12. Taxes and costs a lien on land against which
 3292 taxes assessed.--All taxes provided for in this act, together
 3293 with all penalties for default in payment of same, and all costs
 3294 in collecting the same shall, from the date of assessment
 3295 thereof until paid, constitute a lien of equal dignity with the
 3296 liens for county taxes upon all the lands against which said
 3297 taxes are levied as provided for in this chapter.

 3300 become delinquent and bear penalties on the amount of said taxes
 3301 in the same manner as county taxes and shall be subject to the

 3308 rate as applied to county taxes.

3309 Section 15. Bonds may be issued, sale and disposition of
 3310 proceeds; interest; levy to pay bonds, bonds and duties of
 3311 treasurer, etc.--

3312 (1) The board of supervisors may, if in its judgment it
 3313 seems best, issue bonds not to exceed 90 percent of the total
 3314 amount of the taxes levied under the provisions of section
 3315 298.36, Florida Statutes, and/or levied under the provisions of
 3316 section 11, and such bonds shall be in denominations of not less

 3336 for that purpose and no other. All bonds and coupons not paid at
 3337 maturity shall bear interest at the rate of 6 percent per annum
 3338 from maturity until paid, or until sufficient funds have been
 3339 deposited at the place of payment, and said interest shall be
 3340 appropriated by the board out of the penalties and interest
 3341 collected on delinquent taxes or other available funds of the
 3342 district. However, it may, in the discretion of the board, be
 3343 provided that at any time, after such date as shall be fixed by
 3344 the board, said bonds may be redeemed before maturity at the
 3345 option of the board, or its successors in office, by being made
 3346 callable prior to maturity at such time and upon such prices and

 3348 bond so issued subject to redemption before maturity is not

 3365 when, in the judgment of the board, it will be to the interest
 3366 of the district financially or economically to secure a lower
 3367 rate of interest on the bonds or by extending the time of
 3368 maturity of the bonds, or for any other reason in the judgment
 3369 of the board advantageous to the district. Such refunding bonds

3389 shall be paid out of the funds in the hands of the treasurer and
 3390 collected for the purpose of meeting the expenses of
 3391 administration. It shall be the duty of the board of supervisors
 3392 in making the annual tax levy as heretofore provided to take
 3393 into account the maturing bonds and interest on all bonds and
 3394 expenses, and to make provision in advance for the payment of
 3395 same.

3396 (3) In case the proceeds of the original tax levy made
 3397 under the provisions of section 298.36, Florida Statutes, are
 3398 not sufficient to pay the principal and interest of all bonds
 3399 issued, then the board of supervisors shall make such additional
 3400 levy or levies upon the benefits assessed as are necessary for
 3401 this purpose, and under no circumstances shall any tax levies be
 3402 made that will in any manner or to any extent impair the
 3403 security of said bonds or the fund available for the payment of
 3404 the principal and interest of the same. The treasurer shall, at
 3405 the time of his or her receipt of said bonds, execute and
 3406 deliver to the president of the board of the district a bond
 3407 with good and sufficient surety to be approved by the board,
 3408 conditioned that he or she shall account for and pay over as
 3409 required by law and as ordered by the board of supervisors, any
 3410 and all moneys received by him or her on the sale of such bonds,
 3411 or any of them, and that he or she will only sell and deliver
 3412 such bonds to the purchaser or purchasers thereof under and
 3413 according to the terms herein prescribed, and that he or she
 3414 will return to the board of supervisors and duly cancel any and
 3415 all bonds not sold when ordered by the board to do so. The bonds
 3416 when so returned shall remain in the custody of the president of

3417 the board of supervisors, who shall produce the same for
 3418 inspection or for use as evidence whenever and wherever legally
 3419 requested so to do. The treasurer shall promptly report all
 3420 sales of bonds to the board of supervisors. The board shall at
 3421 reasonable times thereafter prepare and issue warrants in
 3422 substantially the form provided in section 298.17, Florida
 3423 Statutes, for the payment of maturing bonds so sold and the
 3424 interest payments coming due on all bonds sold. Each of the
 3425 warrants shall specify which bonds and accruing interest it is
 3426 to pay, and the treasurer shall place sufficient funds at the
 3427 place of payment to pay the maturing bonds and coupons when due,
 3428 together with necessary compensation for paying same. The
 3429 successor in office of such treasurer shall not be entitled to
 3430 the bonds or the proceeds thereof until he or she has complied
 3431 with all of the foregoing provisions applicable to this
 3432 predecessor in office. The aforesaid bond of the treasurer may,
 3433 if the board so directs, be furnished by a surety or bonding
 3434 company, which may be approved by said board of supervisors;
 3435 however, if it is deemed more expedient to the board of
 3436 supervisors as to money derived from the sale of bonds issued,
 3437 the board may, by resolution, select some suitable bank or banks
 3438 or other depository as temporary treasurer or treasurers to hold
 3439 and disburse the moneys upon the order of the board as the work
 3440 progresses, until such fund is exhausted or transferred to the
 3441 treasurer by order of the board of supervisors. The funds
 3442 derived from the sale of the bonds or any of them shall be used
 3443 for the purpose of paying the cost of the drainage works and
 3444 improvements, and such costs, fees, expenses, and salaries as

3445 may be authorized by law, and used for no other purpose.
 3446 Section 16. Full authority for issue and sale of bonds
 3447 authorized.--
 3448 (1) This act shall, without reference to any other act of
 3449 the Legislature, be full authority for the issuance and sale of
 3450 the bonds authorized in this act, which bonds shall have all the
 3451 qualities of negotiable paper under the law merchant and shall
 3452 not be invalid for any irregularity or defect in the proceedings
 3453 for the issuance and sale thereof, and shall be incontestable in
 3454 the hands of bona fide purchasers or holders thereof. No
 3455 proceedings in respect to the issuance of any such bonds shall
 3456 be necessary, except such as are required by this act. The
 3457 provisions of this act shall constitute an irrevocable contract
 3458 between the board of supervisors and the Lake Worth Drainage
 3459 District and the holders of any bonds and the coupons thereof
 3460 issued pursuant to the provisions hereof. Any holder of any of
 3461 said bonds or coupons may either in law or in equity by suit,
 3462 action, or mandamus enforce and compel the performance of the
 3463 duties required by this act of any of the officers or persons
 3464 mentioned in this act in relation to the bonds, or to the
 3465 correct enforcement and application of the taxes for the payment
 3466 thereof.
 3467 (2) After the several bonds and coupons are paid and
 3468 retired as herein provided, they shall be returned to the
 3469 treasurer, and they shall be canceled and an appropriate record
 3470 thereof made in a book to be kept for that purpose, which record
 3471 of paid and canceled bonds shall be kept at the office of the
 3472 treasurer and shall be open for inspection of any bondholder at

3473 any time.

3474 Section 17. Floating indebtedness.--Prior to the issuance
 3475 of bonds under the provisions of this act, the board of
 3476 supervisors may from time to time issue warrants or negotiable
 3477 notes or other evidences of debt of the district, all of which
 3478 shall be termed "floating indebtedness" in order to distinguish
 3479 the same from the bonded debt provided for. The notes or other
 3480 evidences of indebtedness shall be payable at such times and
 3481 shall bear interest at the rate not exceeding the maximum rate
 3482 allowed by general law for public bodies, agencies, and
 3483 political subdivisions as provided for in section 215.84,
 3484 Florida Statutes, and may be sold or discounted at such time or
 3485 on such terms as the board may deem advisable. The board shall
 3486 have the right, in order to provide for the payment thereof, to
 3487 pledge the whole or any part of the taxes provided for in this
 3488 act, whether the same shall be theretofore or thereafter levied,
 3489 and the board shall have the right to provide that the floating
 3490 debt shall be payable from the proceeds arising from the sale of
 3491 bonds, or from the proceeds of any such tax, or both. After the
 3492 issuance of any bonds of the district under the provisions of
 3493 this act, the power to create such floating debt and pledge the
 3494 avails of taxes therefor shall continue.

3495 Section 18. Use of bonds and interest coupons in payment
 3496 of taxes not authorized.--The provisions of section 298.73,
 3497 Florida Statutes, relating to the use of bonds and obligations
 3498 in payment of drainage taxes, shall not be applicable to the
 3499 district and its bonds, obligations, and taxes.

3500 Section 19. Eminent domain.--The board of supervisors is

ENROLLED

HB 1063

2009 Legislature

3501 hereby authorized and empowered to exercise the right of eminent
 3502 domain and may condemn for the use of the district any and all
 3503 lands, easements, rights-of-way, riparian rights, and property
 3504 rights of every description, in or out of the district, required
 3505 for the public purposes and powers of the board as herein
 3506 granted, and may enter upon, take, and use such lands as it may
 3507 deem necessary for such purposes.

3508 Section 20. Legislative determination, district
 3509 improvements and facilities needed, water a common enemy.--It is
 3510 hereby declared and determined that the growth and expansion of
 3511 urban residential areas within the boundaries of the Lake Worth
 3512 Drainage District has created urgent demand and necessity for
 3513 the expansion of the facilities of irrigation, water control,
 3514 water outfall, widening and improving the drainage facilities,
 3515 and reclaiming the wetlands; and it is further declared that in
 3516 the district, the surface waters, which shall include rainfall
 3517 and the overflow of rivers and streams, are a common enemy and
 3518 that the district and any individual or agency holding a permit
 3519 to do so from the district shall have the right to dike, dam,
 3520 and construct levees to protect the district or any part thereof
 3521 or the property of any individual or agency against the same and
 3522 thereby divert the course and flow of such surface waters and/or
 3523 pump the water from within such dikes and levees.

3524 Section 21. Annexation of new territory; procedure;
 3525 objection thereto.--The Lake Worth Drainage District of Palm
 3526 Beach County may change its territorial limits by the annexation
 3527 of any lands lying contiguous thereto or abutting upon any one
 3528 of its canal rights-of-way lying within said county by either

3529 one of the following methods:

3530 (1) By filing with the Lake Worth Drainage District a
 3531 petition of the fee the titleholder of the subject property
 3532 sought to be annexed, indicating said titleholder's desire to be
 3533 annexed and indicating the authority for same. Thereupon, the
 3534 district, upon determination that it can serve the lands and is
 3535 willing to have said lands included within its boundaries and
 3536 subjected to its jurisdiction, shall determine same by
 3537 resolution extending the district's boundaries so as to include
 3538 the land areas described in the petition; and, upon filing the
 3539 resolution with the Clerk of the Circuit Court in and for Palm
 3540 Beach County, said lands shall be deemed included within the
 3541 Lake Worth Drainage District and liable for assessment and
 3542 payment of any and all taxes and liabilities as if the lands had
 3543 been included within the district as of the date of this act.

3544 (2) If such tract contains less than 10 freeholders, the
 3545 supervisors shall, by resolution duly passed, declare its
 3546 intention to annex such tract of land to the Lake Worth Drainage
 3547 District at the expiration of 15 days from the adoption of the
 3548 resolution, which resolution shall thereupon be published in
 3549 full once a week for 2 consecutive weeks in some newspaper
 3550 published in Palm Beach County. If, at any time prior to the
 3551 expiration of 15 days, any 15 freeholders in the Lake Worth
 3552 Drainage District or any four or more freeholders of real estate
 3553 in the district so proposed to be annexed shall object to such
 3554 annexation, they may apply by petition to the Circuit Court of
 3555 Palm Beach County, setting forth in the petition the proposed
 3556 proceedings of the Board of Supervisors of the Lake Worth

3557 Drainage District and the grounds of their objections thereto.
3558 Thereupon, the circuit court shall order notice of the
3559 application to be served upon the Lake Worth Drainage District
3560 and appoint a day for the hearing of the application, and all
3561 further action in the proceedings by the Lake Worth Drainage
3562 District shall thereupon be stayed until the further order of
3563 court. If, upon the hearing of such an application, the court
3564 sustains the objection, the tract of land shall not be annexed;
3565 otherwise, the application and objection shall be discharged and
3566 the tract of land shall be annexed to the Lake Worth Drainage
3567 District. Such petition may be heard and determined by the court
3568 at any time, and questions of fact may be determined by such
3569 court without a jury, but each party may demand a jury if it so
3570 desires. If no objection is filed and notice served as aforesaid
3571 within the 15-day period, the Board of Supervisors of the Lake
3572 Worth Drainage District may proceed by further resolution to
3573 annex said tract of land and to redefine the boundaries of the
3574 Lake Worth Drainage District so as to include therein the tract
3575 of land, and said tract of land shall be annexed upon the filing
3576 of such resolution with the Clerk of the Circuit Court in and
3577 for Palm Beach County, and said lands shall be deemed included
3578 within the Lake Worth Drainage District and liable for
3579 assessment and payment of any and all taxes and liabilities as
3580 if the lands had been included within the district at the time
3581 of the original creation of same.

3582 (3) If the tract of land so proposed to be annexed
3583 contains 10 or more freeholders, the resolution proposing to
3584 annex said land shall be submitted to a separate vote of the

3585 freeholders who are registered voters of the Lake Worth Drainage
3586 District and of the freeholders with the district so proposed to
3587 be annexed in Palm Beach County. Such election shall be called
3588 and conducted and the expense thereto paid by the Lake Worth
3589 Drainage District and the tract of land shall not be annexed
3590 unless such annexation is approved by a majority of the
3591 freeholders within the district proposed to be annexed actually
3592 voting at such an election and by a majority of the registered
3593 voters within the Lake Worth Drainage District actually voting
3594 at such an election.

3595 Section 22. Unit development; powers of supervisors to
3596 designate units of district and adopt system of progressive
3597 drainage by units; water control plans and financing
3598 assessments, etc., for each unit.--The Board of Supervisors of
3599 the Lake Worth Drainage District shall have the power and is
3600 hereby authorized in its discretion to drain and reclaim or more
3601 completely and intensively to drain and reclaim the lands in the
3602 district by designated areas or parts of the district to be
3603 called "units." The units into which the district may be so
3604 divided shall be given appropriate numbers or names by the board
3605 of supervisors, so that said units may be readily identified and
3606 distinguished. The board of supervisors shall have the power to
3607 fix and determine the location, area, and boundaries of and
3608 lands to be included in each and all such units, the order of
3609 development thereof, and the method of carrying on the work in
3610 each unit. The unit system of drainage provided by this section
3611 may be conducted and all of the proceedings by this section and
3612 this act authorized in respect to such unit or units may be

3613 carried on and conducted at the same time as or after the work
 3614 of draining and reclaiming of the entire district has been or is
 3615 being or shall be instituted or carried on under the provisions
 3616 of this act. If the board of supervisors shall determine that it
 3617 is advisable to conduct the work of draining and reclaiming the
 3618 lands in the district by units, as authorized by this section,
 3619 the board shall, by resolution duly adopted and entered upon its
 3620 minutes, declare its purpose to conduct such work accordingly,
 3621 and shall at the same time and manner fix the number, location
 3622 and boundaries of, and description of lands within such unit or
 3623 units and give them appropriate numbers or names. As soon as
 3624 practicable after the adoption and recording of such resolution,
 3625 the board of supervisors shall publish notice once a week for 2
 3626 consecutive weeks in a newspaper published in Palm Beach County
 3627 briefly describing the units into which the district has been
 3628 divided and the lands embraced in each unit, giving the name,
 3629 number, or other designation of such units, requiring all owners
 3630 of lands in the district to show cause in writing before the
 3631 board of supervisors at a time and place to be stated in such
 3632 notice why such division of the district into such units should
 3633 not be approved and the system of development by units should
 3634 not be adopted and given effect by the board, and why the
 3635 proceedings and powers authorized by this section should not be
 3636 had, taken, and exercised. At the time and place stated in the
 3637 notice, the board of supervisors shall hear all objections or
 3638 causes of objection, all of which shall be in writing, of any
 3639 landowner in the district to the matters mentioned and referred
 3640 to in such notice and, if no objections are made or if said

3641 objections, if made, are overruled by the board, then the board
 3642 shall enter in its minutes its finding and order confirming said
 3643 resolution, and may thereafter proceed with the development,
 3644 drainage, and reclamation of the district by units pursuant to
 3645 such resolution and to the provisions of this act. If, however,
 3646 the board of supervisors shall find as a result of such
 3647 objections, or any of them, or the hearing thereon, that the
 3648 division of the district into such units as aforesaid should not
 3649 be approved, or that the system of development by units should
 3650 not be adopted and given effect, or that the proceedings and
 3651 powers authorized by this section should not be had, taken, or
 3652 exercised, or that any other matter or thing embraced in the
 3653 resolution would not be in the best interest of the landowners
 3654 of the district or would be unjust or unfair to any landowner
 3655 therein or otherwise inconsistent with fair and equal protection
 3656 and enforcement of the rights of every landowner in the
 3657 district, then the board of supervisors shall not proceed
 3658 further under such resolution; but the board of supervisors may,
 3659 as a result of such hearing, modify or amend said resolution so
 3660 as to meet such objections, and thereupon the board may confirm
 3661 the resolution as so modified or amended and may thereafter
 3662 proceed accordingly. The sustaining of such objections and the
 3663 rescinding of such resolutions shall not exhaust the power of
 3664 the board under this section; but, at any time not less than 1
 3665 year after the date of the hearing upon any such resolution, the
 3666 board of supervisors may adopt other resolutions under this
 3667 section and thereupon proceed on due notice in like manner as
 3668 above. If the board of supervisors overrules or refuses to

 3670 landowner in the district, or if any landowner shall deem
 3671 himself or herself aggrieved by any action of the board of
 3672 supervisors in respect to any objections so filed, such
 3673 landowner may, within 10 days after the ruling of the board,
 3674 file his or her bill of complaint in the Circuit Court for Palm
 3675 Beach County against the district, praying an injunction or
 3676 other appropriate relief against the action or any part of such
 3677 action proposed by such resolution or resolutions of the board,
 3678 and such suits shall be conducted like other suits in equity,
 3679 except that said suits shall have preference over all other
 3680 pending actions except criminal actions and writs of habeas
 3681 corpus. Upon the hearing of the cause, the circuit court shall
 3682 have the power to hear the objections and receive the evidence
 3683 thereon of all parties to such cause and approve or disapprove
 3684 said resolutions and action of the board in whole or in part,
 3685 and to render such decree in such cause as right and justice
 3686 require. When the resolutions creating the unit system are
 3687 confirmed by the board of supervisors, or by the Circuit Court
 3688 of Palm Beach County, if such proposed action is challenged by a
 3689 landowner by the judicial proceedings hereinabove authorized,
 3690 the board of supervisors may adopt a water control plan or plans
 3691 for and in respect to any or all such units, and have the
 3692 benefits and damages resulting therefrom assessed and
 3693 apportioned, and the engineer's report considered and confirmed,
 3694 all in like manner as is provided by law in regard to water
 3695 control plans and assessments for benefits and damages of the
 3696 entire district. With respect to the water control plan,

 3698 and notice and confirmation thereof, the levy of assessments and
 3699 taxes, including maintenance taxes, and the issuance of bonds,
 3700 and all other proceedings as to each and all of such units, the
 3701 board shall follow and comply with the same procedure as is
 3702 provided by law with respect to the entire district; and the
 3703 board of supervisors shall have the same powers in respect to
 3704 each and all of such units as is vested in them with respect to
 3705 the entire district. All the provisions of this act shall apply
 3706 to the drainage, reclamation, and improvement of each, any, and
 3707 all of such units; and the enumeration of or reference to
 3708 specific powers or duties of the supervisors or any other
 3709 officers or other matters in this act as hereinabove set forth
 3710 shall not limit or restrict the application of any and all of
 3711 the proceedings and powers herein to the drainage and
 3712 reclamation of such units as fully and completely as if such
 3713 unit or units were specifically and expressly named in every
 3714 section and clause of this act where the entire district is
 3715 mentioned or referred to. All assessments, levies, taxes, bonds,
 3716 and other obligations made, levied, assessed, or issued for or
 3717 in respect to any such unit or units shall be a lien and charge
 3718 solely and only upon the lands in such unit or units,
 3719 respectively, for the benefit of which the same is levied, made,
 3720 or issued, and not upon the remaining units or lands in the
 3721 district. The board of supervisors may at any time amend its
 3722 resolutions by changing the location and description of lands in
 3723 any such unit or units. Further, if the location of or
 3724 description of lands located in any such unit or units is so

3725 changed, notice of such change shall be published as hereinabove
3726 required in this section for notice of the formation or
3727 organization of such unit or units, and all proceedings shall be
3728 had and done in that regard as are provided in this section for
3729 the original creation of such unit or units; however, no lands
3730 against which benefits are assessed may be detached from any
3731 such unit after the confirmation of the engineer's report of
3732 benefits in such unit or units or the issuance of bonds or other
3733 obligations which are payable from taxes or assessments for
3734 benefits levied upon the lands within such unit or units.
3735 However, if, after the confirmation of the engineer's report of
3736 benefits in such unit or units, or the issuance of bonds or
3737 other obligations which are payable from taxes or assessments
3738 for benefits levied upon lands within such unit or units, the
3739 board of supervisors finds the water control plan for any such
3740 unit or units insufficient or inadequate for efficient
3741 development, the water control plan may be amended or changed as
3742 provided in chapter 298, Florida Statutes, and the unit or units
3743 may be amended or changed as provided in this section, by
3744 changing the location and description of lands in any such unit
3745 or units, by detaching lands therefrom or by adding land
3746 thereto, upon the approval of at least 51 percent of the
3747 landowners according to acreage, in any such unit and of all of

3756 and all of the bondholders shall file their approval of or
3757 objections to such amended water control plan within the time
3758 provided in s. 298.301, Florida Statutes, and shall file their
3759 approval of or objections to the amendment of such unit as
3760 provided in this section. No lands shall be detached from any
3761 unit after the issuance of bonds or other obligations for such
3762 unit except upon the consent of all the holders of such bonds or
3763 other obligations. In the event of the change of the boundaries
3764 of any unit as provided herein and the allocation and

3767 benefits assessed by the engineer's report for the amended water
3768 control plan, the holder of bonds or other obligations

3777 holders from time to time hereafter, and the rights and remedies
3778 of such holders against the lands in the amended unit or units,

3786 Section 23. District liability.--The provisions of any
 3787 general law or special act to the contrary notwithstanding, the
