The Committee on Communications, Energy, and Public Utilities
(King) recommended the following:

Senate Amendment

Between lines 308 and 309

insert:

(7) In order to further promote the development of nuclear electrical generation and minimize the financial risk to any one utility associated with the construction of a nuclear power plant, electric utilities in this state are encouraged to pursue the joint-ownership of nuclear power plants. Under such joint ownership agreements, the costs of siting, preconstruction and construction shall be shared on a pro-rata basis in proportion
