(King) recommended the following:

Senate Amendment

Delete lines 115 - 120

and insert:

No more than 25 percent of the amount of the clean portfolio
standard requirement for each year may be from Class III clean
energy sources. For the production or procurement of Class III
clean energy, a Florida utility that is a member of the
Southeastern Electric Reliability Council may co-own or purchase
energy from a Class III clean energy source located in another
state and owned by an affiliate in a holding company with multi-
