The Committee on Environmental Preservation and Conservation
(Constantine) recommended the following:

Senate Amendment (with title amendment)

Between lines 513 and 514
insert:

Section 5. Subsection (14) of section 403.503, Florida
Statutes, is amended to read:

403.503 Definitions relating to Florida Electrical Power
Plant Siting Act.—As used in this act:

(14) "Electrical power plant" means, for the purpose of
certification, any steam ~~or solar~~ electrical generating facility
using any process or fuel, including nuclear materials, except

784076

12 that this term does not include any steam ~~or solar~~ electrical
13 generating facility of less than 75 megawatts in capacity unless
14 the applicant for such a facility elects to apply for
15 certification under this act. This term also includes the site;
16 all associated facilities that will be owned by the applicant
17 that are physically connected to the site; all associated
18 facilities that are indirectly connected to the site by other
19 proposed associated facilities that will be owned by the
20 applicant; and associated transmission lines that will be owned
21 by the applicant which connect the electrical power plant to an
22 existing transmission network or rights-of-way to which the
23 applicant intends to connect. At the applicant's option, this
24 term may include any offsite associated facilities that will not
25 be owned by the applicant; offsite associated facilities that
26 are owned by the applicant but that are not directly connected
27 to the site; any proposed terminal or intermediate substations
28 or substation expansions connected to the associated
29 transmission line; or new transmission lines, upgrades, or
30 improvements of an existing transmission line on any portion of
31 the applicant's electrical transmission system necessary to
32 support the generation injected into the system from the
33 proposed electrical power plant.
