The Committee on Commerce (Rich) recommended the following:

**Senate Amendment to Amendment (146914)**

Delete line 44  
and insert:  
system, or computer network to perform specified functions.  
"Computer software" means a sequence of instructions written in  
any programming language that is executed on a computer.  
"Computer software" does not include a data component of a web  
page that is not executable independently of the web page.
