13 pediatric cardiac catheterization and pediatric open heart  
14 surgery services, may provide cardiovascular service to adults  
15 previously served by the hospital as children for congenital  
16 heart disease, or those patients referred for a specialized  
17 procedure only for congenital heart disease by an adult hospital  
18 without obtaining additional licensure as a provider of adult  
19 cardiovascular services. The agency may request documentation as  
20 needed to support patient selection and treatment. This section  
21 does not apply to a specialty-licensed children's hospital  
22 already licensed to provide adult cardiovascular services.
