House

Senator Bennett moved the following:

Senate Amendment

Delete lines 775 - 779
and insert:
government unless specifically provided by general law. Nothing
in this section shall be construed to limit the ability of a
county, municipality, airport, seaport, or other local
government entity to adopt standards for security cameras in
publicly operated facilities, including standards for private
businesses operating within such public facilities pursuant to a
lease or other contractual arrangement. This section does not
apply to municipalities that adopted an ordinance or rule
establishing standards for security cameras before February 1,
