

The Florida Senate  
**HOUSE MESSAGE SUMMARY**

---

Prepared By: The Professional Staff of the Governmental Oversight And Accountability Committee

---

[2009s0414.hms]

BILL: CS/SB 414, 2nd Eng.  
INTRODUCER: Health Regulation Committee and Senator Crist  
SUBJECT: Conveyance of Bodies  
DATE: April 29, 2009

---

**Amendments Contained in Message:**

**House Amendment 1 – 023449** (body with title)

**Summary of Amendments Contained in Message:**

The House amendment is drafted differently.

The substantive difference is that the House amendment modifies the documentation required, by adding a provision that the donation is for purposes of plastination *and public exhibition*, and removing a provision requiring documentation that each body was donated *to the company from whom the bodies were acquired*. The impact of the amendment is that the documentation is required to show that the body was donated by the decedent or the next of kin for purposes of plastination and public exhibition.
