SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 582 through 773, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2010.

Funds in Specific Appropriations 582 through 773 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2008, and for which it has been determined by the Secretary of the department that there is no longer a need.

The Department of Corrections may, subject to all applicable provisions of chapter 216, Florida Statutes, transfer funds and positions and salary rate among budget entities and programs within Specific Appropriations 582 through 773 if necessary, to ensure public safety and avoid adversely affecting current employees due to the elimination of vacant positions and other approved reductions.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 617, 631 and 644, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with the respect to any facility, to reimburse the Department of Management Services, and any predecessor agency, for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies. At the discretion of the Department of Corrections, the department is authorized to contract through a request for proposal for innovative and cost effective approaches to the financing, construction and operation of private correctional beds and services which can include any and all operations defined and requested by the department, including but not limited to financing, operations, housing, staffing, security, meals, medical care, transportation, education and substance abuse treatment services. The department may consult with other state agencies on the development of this request for proposal. Any resulting contract shall be funded through existing appropriations, and at a minimum provide for per diem costs at a cost of at least seven percent below what the department can incarcerate similar inmates. The department shall not implement this section in a manner that reduces participation in existing reentry programs.

 JUVENILE REDIRECTIONS PROGRAM
 FROM GENERAL REVENUE FUND 8,610,485

Funds in Specific Appropriation 1064 are provided for the redirection program subject to the requirements and limitations in effect during Fiscal Year 2008-2009. The program may serve youth who are before the court for a non-violent 3rd degree felony and who the judge determines would otherwise require residential commitment. Treatment services shall be evidenced-based family therapy for youth for whom these services are appropriate. Youth at risk of commitment are eligible for evidenced-based family therapy services. These services are to be provided as an alternative to commitment. No child may be served by the redirections program that has ever been adjudicated delinquent, or had adjudication withheld, of any violent crime, except for females adjudicated delinquent for domestic violence, any 1st degree felony or any felony direct-filed in adult court. The department and each participating court shall jointly develop criteria to identify youth appropriate for diversion into this program pursuant to the expanded eligibility criteria provided herein.

The department, in consultation with the Office of Program Policy Analysis and Governmental Accountability (OPPAGA), shall gather and maintain the data necessary to allow OPPAGA to continue the longitudinal evaluation of the program, including program expansions, which shall include a comparison of the effectiveness of the various components of the program.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1090 through 1112, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care prior to implementing any change.

From the funds in Specific Appropriations 1090 through 1112, for determining the most appropriate bed reductions in each level of residential commitments, the department may consider those residential commitment programs, which have scored below 72 on the overall program score represented in the Comprehensive Accountability Report, in

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

determining which level of residential beds should be reduced. Prior to any change authorized herein, notification and justification must be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care.

shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2009:

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2008, along with a full explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;
2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;
3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the process to complete the review of RCR without a hearing; and
4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.
