SUMMARY ANALYSIS

The Office of Supplier Diversity (office) is established within the Department of Management Services (department) to assist minority business enterprises (MBEs) in becoming suppliers of commodities, services, and construction to state government. One of the duties of the office is to certify MBEs pursuant to specified statutory criteria, and to recertify MBEs at least once every two years. Recertification is accomplished via a process in which a vendor enters information in online forms, prints the forms, has the forms notarized, and returns the forms to the office.

The bill amends the minority business enterprise certification and recertification process by deleting the requirement for an affidavit and by permitting certifications to include electronic signatures. According to the Office of Supplier Diversity in the Department of Management Services, this change in law would fully automate the recertification process.

The bill has no fiscal impact.

The bill takes effect July 1, 2010.
