135 of programs and initiatives dealing with the prevention,
136 detection, and prosecution of Medicaid and public assistance
137 fraud.

138 (2) ESTABLISHMENT.—The Medicaid and Public Assistance Fraud
139 Strike Force is created within the department to oversee and

141 public assistance fraud and to recover state and federal funds.
142 The strike force shall serve in an advisory capacity and provide
143 recommendations and policy alternatives to the Chief Financial
144 Officer.

145 (3) MEMBERSHIP.—The strike force shall consist of the

20101484er

146 following 11 members who may not designate anyone to serve in

149 (b) The Attorney General, who shall serve as vice chair.

150 (c) The executive director of the Department of Law

178 on the strike force does not disqualify a member from holding
179 any other public office or from being employed by a public
180 entity, except that a member of the Legislature may not serve on

494 (a) An evaluation of current Medicaid policies and the
495 Medicaid fiscal agent;

496 (b) An analysis of the Medicaid fraud and abuse prevention
497 and detection processes, including agency contracts, Medicaid
498 databases, and internal control risk assessments;

499 (c) A comprehensive evaluation of the effectiveness of the
500 current laws, rules, and contractual requirements that govern
501 Medicaid managed care entities;

502 (d) An evaluation of the agency's Medicaid managed care
503 oversight processes;

504 (e) Recommendations to improve the Medicaid claims
505 adjudication process, to increase the overall efficiency of the
506 Medicaid program, and to reduce Medicaid overpayments; and

507 (f) Operational and legislative recommendations to improve
508 the prevention and detection of fraud and abuse in the Medicaid
509 managed care program.

510 (2) The Auditor General's Office and the Office of Program
511 Policy Analysis and Government Accountability may contract with
512 technical consultants to assist in the performance of the
513 review. The Auditor General and the Office of Program Policy
514 Analysis and Government Accountability shall report to the
515 President of the Senate, the Speaker of the House of
516 Representatives, and the Governor by December 1, 2011.

517 Section 14. Medicaid claims adjudication project.—The
518 Agency for Health Care Administration shall issue a competitive
519 procurement pursuant to chapter 287, Florida Statutes, with a
520 third-party vendor, at no cost to the state, to provide a real-
521 time, front-end database to augment the Medicaid fiscal agent
522 program edits and claims adjudication process. The vendor shall

20101484er

523 provide an interface with the Medicaid fiscal agent to decrease
524 inaccurate payment to Medicaid providers and improve the overall
525 efficiency of the Medicaid claims-processing system.

526 Section 15. Effective July 1, 2010, paragraph (b) of
527 subsection (4) of section 409.912, Florida Statutes, is amended,
528 and paragraph (d) of that subsection is republished, to read:

529 409.912 Cost-effective purchasing of health care.—The
530 agency shall purchase goods and services for Medicaid recipients
531 in the most cost-effective manner consistent with the delivery
532 of quality medical care. To ensure that medical services are
533 effectively utilized, the agency may, in any case, require a
534 confirmation or second physician's opinion of the correct
535 diagnosis for purposes of authorizing future services under the
536 Medicaid program. This section does not restrict access to
537 emergency services or poststabilization care services as defined
538 in 42 C.F.R. part 438.114. Such confirmation or second opinion
539 shall be rendered in a manner approved by the agency. The agency
540 shall maximize the use of prepaid per capita and prepaid
541 aggregate fixed-sum basis services when appropriate and other
542 alternative service delivery and reimbursement methodologies,
543 including competitive bidding pursuant to s. 287.057, designed
544 to facilitate the cost-effective purchase of a case-managed
545 continuum of care. The agency shall also require providers to
546 minimize the exposure of recipients to the need for acute
547 inpatient, custodial, and other institutional care and the
548 inappropriate or unnecessary use of high-cost services. The
549 agency shall contract with a vendor to monitor and evaluate the
550 clinical practice patterns of providers in order to identify
551 trends that are outside the normal practice patterns of a

20101484er

552 provider's professional peers or the national guidelines of a
553 provider's professional association. The vendor must be able to
554 provide information and counseling to a provider whose practice
555 patterns are outside the norms, in consultation with the agency,
556 to improve patient care and reduce inappropriate utilization.
557 The agency may mandate prior authorization, drug therapy
558 management, or disease management participation for certain
559 populations of Medicaid beneficiaries, certain drug classes, or
560 particular drugs to prevent fraud, abuse, overuse, and possible
561 dangerous drug interactions. The Pharmaceutical and Therapeutics
562 Committee shall make recommendations to the agency on drugs for
563 which prior authorization is required. The agency shall inform
564 the Pharmaceutical and Therapeutics Committee of its decisions
565 regarding drugs subject to prior authorization. The agency is
566 authorized to limit the entities it contracts with or enrolls as
567 Medicaid providers by developing a provider network through
568 provider credentialing. The agency may competitively bid single-
569 source-provider contracts if procurement of goods or services
570 results in demonstrated cost savings to the state without
571 limiting access to care. The agency may limit its network based
572 on the assessment of beneficiary access to care, provider
573 availability, provider quality standards, time and distance
574 standards for access to care, the cultural competence of the
575 provider network, demographic characteristics of Medicaid
576 beneficiaries, practice and provider-to-beneficiary standards,
577 appointment wait times, beneficiary use of services, provider
578 turnover, provider profiling, provider licensure history,
579 previous program integrity investigations and findings, peer
580 review, provider Medicaid policy and billing compliance records,

20101484er

581 clinical and medical record audits, and other factors. Providers
582 shall not be entitled to enrollment in the Medicaid provider
583 network. The agency shall determine instances in which allowing
584 Medicaid beneficiaries to purchase durable medical equipment and
585 other goods is less expensive to the Medicaid program than long-
586 term rental of the equipment or goods. The agency may establish
587 rules to facilitate purchases in lieu of long-term rentals in
588 order to protect against fraud and abuse in the Medicaid program
589 as defined in s. 409.913. The agency may seek federal waivers
590 necessary to administer these policies.

591 (4) The agency may contract with:

592 (b) An entity that is providing comprehensive behavioral
593 health care services to certain Medicaid recipients through a
594 capitated, prepaid arrangement pursuant to the federal waiver
595 provided for by s. 409.905(5). Such entity must be licensed
596 under chapter 624, chapter 636, or chapter 641, or authorized
597 under paragraph (c) or paragraph (d), and must possess the
598 clinical systems and operational competence to manage risk and
599 provide comprehensive behavioral health care to Medicaid
600 recipients. As used in this paragraph, the term "comprehensive
601 behavioral health care services" means covered mental health and
602 substance abuse treatment services that are available to
603 Medicaid recipients. The secretary of the Department of Children
604 and Family Services shall approve provisions of procurements
605 related to children in the department's care or custody before
606 enrolling such children in a prepaid behavioral health plan. Any
607 contract awarded under this paragraph must be competitively
608 procured. In developing the behavioral health care prepaid plan
609 procurement document, the agency shall ensure that the

20101484er

610 procurement document requires the contractor to develop and
611 implement a plan to ensure compliance with s. 394.4574 related
612 to services provided to residents of licensed assisted living
613 facilities that hold a limited mental health license. Except as
614 provided in subparagraph 8., and except in counties where the
615 Medicaid managed care pilot program is authorized pursuant to s.
616 409.91211, the agency shall seek federal approval to contract
617 with a single entity meeting these requirements to provide
618 comprehensive behavioral health care services to all Medicaid
619 recipients not enrolled in a Medicaid managed care plan
620 authorized under s. 409.91211, a provider service network
621 authorized under paragraph (d), or a Medicaid health maintenance
622 organization in an AHCA area. In an AHCA area where the Medicaid
623 managed care pilot program is authorized pursuant to s.
624 409.91211 in one or more counties, the agency may procure a
625 contract with a single entity to serve the remaining counties as
626 an AHCA area or the remaining counties may be included with an
627 adjacent AHCA area and are subject to this paragraph. Each
628 entity must offer a sufficient choice of providers in its
629 network to ensure recipient access to care and the opportunity
630 to select a provider with whom they are satisfied. The network
631 shall include all public mental health hospitals. To ensure
632 unimpaired access to behavioral health care services by Medicaid
633 recipients, all contracts issued pursuant to this paragraph must
634 require 80 percent of the capitation paid to the managed care
635 plan, including health maintenance organizations and capitated
636 provider service networks, to be expended for the provision of
637 behavioral health care services. If the managed care plan
638 expends less than 80 percent of the capitation paid for the

20101484er

639 provision of behavioral health care services, the difference
640 shall be returned to the agency. The agency shall provide the
641 plan with a certification letter indicating the amount of
642 capitation paid during each calendar year for behavioral health
643 care services pursuant to this section. The agency may reimburse
644 for substance abuse treatment services on a fee-for-service
645 basis until the agency finds that adequate funds are available
646 for capitated, prepaid arrangements.

647 1. By January 1, 2001, the agency shall modify the
648 contracts with the entities providing comprehensive inpatient
649 and outpatient mental health care services to Medicaid
650 recipients in Hillsborough, Highlands, Hardee, Manatee, and Polk
651 Counties, to include substance abuse treatment services.

652 2. By July 1, 2003, the agency and the Department of
653 Children and Family Services shall execute a written agreement
654 that requires collaboration and joint development of all policy,
655 budgets, procurement documents, contracts, and monitoring plans
656 that have an impact on the state and Medicaid community mental
657 health and targeted case management programs.

658 3. Except as provided in subparagraph 8., by July 1, 2006,
659 the agency and the Department of Children and Family Services
660 shall contract with managed care entities in each AHCA area
661 except area 6 or arrange to provide comprehensive inpatient and
662 outpatient mental health and substance abuse services through
663 capitated prepaid arrangements to all Medicaid recipients who
664 are eligible to participate in such plans under federal law and
665 regulation. In AHCA areas where eligible individuals number less
666 than 150,000, the agency shall contract with a single managed
667 care plan to provide comprehensive behavioral health services to

20101484er

668 all recipients who are not enrolled in a Medicaid health
669 maintenance organization, a provider service network authorized
670 under paragraph (d), or a Medicaid capitated managed care plan
671 authorized under s. 409.91211. The agency may contract with more
672 than one comprehensive behavioral health provider to provide
673 care to recipients who are not enrolled in a Medicaid capitated
674 managed care plan authorized under s. 409.91211, a provider
675 service network authorized under paragraph (d), or a Medicaid
676 health maintenance organization in AHCA areas where the eligible
677 population exceeds 150,000. In an AHCA area where the Medicaid
678 managed care pilot program is authorized pursuant to s.
679 409.91211 in one or more counties, the agency may procure a
680 contract with a single entity to serve the remaining counties as
681 an AHCA area or the remaining counties may be included with an
682 adjacent AHCA area and shall be subject to this paragraph.
683 Contracts for comprehensive behavioral health providers awarded
684 pursuant to this section shall be competitively procured. Both
685 for-profit and not-for-profit corporations are eligible to
686 compete. Managed care plans contracting with the agency under
687 subsection (3) or paragraph (d), shall provide and receive
688 payment for the same comprehensive behavioral health benefits as
689 provided in AHCA rules, including handbooks incorporated by
690 reference. In AHCA area 11, the agency shall contract with at
691 least two comprehensive behavioral health care providers to
692 provide behavioral health care to recipients in that area who
693 are enrolled in, or assigned to, the MediPass program. One of
694 the behavioral health care contracts must be with the existing
695 provider service network pilot project, as described in
696 paragraph (d), for the purpose of demonstrating the cost-

20101484er

697 effectiveness of the provision of quality mental health services
698 through a public hospital-operated managed care model. Payment
699 shall be at an agreed-upon capitated rate to ensure cost
700 savings. Of the recipients in area 11 who are assigned to
701 MediPass under s. 409.9122(2)(k), a minimum of 50,000 of those
702 MediPass-enrolled recipients shall be assigned to the existing
703 provider service network in area 11 for their behavioral care.

704 4. By October 1, 2003, the agency and the department shall
705 submit a plan to the Governor, the President of the Senate, and
706 the Speaker of the House of Representatives which provides for
707 the full implementation of capitated prepaid behavioral health
708 care in all areas of the state.

709 a. Implementation shall begin in 2003 in those AHCA areas
710 of the state where the agency is able to establish sufficient
711 capitation rates.

712 b. If the agency determines that the proposed capitation
713 rate in any area is insufficient to provide appropriate
714 services, the agency may adjust the capitation rate to ensure
715 that care will be available. The agency and the department may
716 use existing general revenue to address any additional required
717 match but may not over-obligate existing funds on an annualized
718 basis.

719 c. Subject to any limitations provided in the General
720 Appropriations Act, the agency, in compliance with appropriate
721 federal authorization, shall develop policies and procedures
722 that allow for certification of local and state funds.

723 5. Children residing in a statewide inpatient psychiatric
724 program, or in a Department of Juvenile Justice or a Department
725 of Children and Family Services residential program approved as

20101484er

726 a Medicaid behavioral health overlay services provider may not
727 be included in a behavioral health care prepaid health plan or
728 any other Medicaid managed care plan pursuant to this paragraph.

729 6. In converting to a prepaid system of delivery, the
730 agency shall in its procurement document require an entity
731 providing only comprehensive behavioral health care services to
732 prevent the displacement of indigent care patients by enrollees
733 in the Medicaid prepaid health plan providing behavioral health
734 care services from facilities receiving state funding to provide
735 indigent behavioral health care, to facilities licensed under
736 chapter 395 which do not receive state funding for indigent
737 behavioral health care, or reimburse the unsubsidized facility
738 for the cost of behavioral health care provided to the displaced
739 indigent care patient.

740 7. Traditional community mental health providers under
741 contract with the Department of Children and Family Services
742 pursuant to part IV of chapter 394, child welfare providers
743 under contract with the Department of Children and Family
744 Services in areas 1 and 6, and inpatient mental health providers
745 licensed pursuant to chapter 395 must be offered an opportunity
746 to accept or decline a contract to participate in any provider
747 network for prepaid behavioral health services.

748 8. All Medicaid-eligible children, except children in area
749 1 and children in Highlands County, Hardee County, Polk County,
750 or Manatee County of area 6, that are open for child welfare
751 services in the HomeSafeNet system, shall receive their
752 behavioral health care services through a specialty prepaid plan
753 operated by community-based lead agencies through a single
754 agency or formal agreements among several agencies. The

20101484er

755 specialty prepaid plan must result in savings to the state
756 comparable to savings achieved in other Medicaid managed care
757 and prepaid programs. Such plan must provide mechanisms to
758 maximize state and local revenues. The specialty prepaid plan
759 shall be developed by the agency and the Department of Children
760 and Family Services. The agency may seek federal waivers to
761 implement this initiative. Medicaid-eligible children whose
762 cases are open for child welfare services in the HomeSafeNet
763 system and who reside in AHCA area 10 are exempt from the
764 specialty prepaid plan upon the development of a service
765 delivery mechanism for children who reside in area 10 as
766 specified in s. 409.91211(3) (dd).

767 (d) A provider service network may be reimbursed on a fee-
768 for-service or prepaid basis. A provider service network which
769 is reimbursed by the agency on a prepaid basis shall be exempt
770 from parts I and III of chapter 641, but must comply with the
771 solvency requirements in s. 641.2261(2) and meet appropriate
772 financial reserve, quality assurance, and patient rights
773 requirements as established by the agency. Medicaid recipients
774 assigned to a provider service network shall be chosen equally
775 from those who would otherwise have been assigned to prepaid
776 plans and MediPass. The agency is authorized to seek federal
777 Medicaid waivers as necessary to implement the provisions of
778 this section. Any contract previously awarded to a provider
779 service network operated by a hospital pursuant to this
780 subsection shall remain in effect for a period of 3 years
781 following the current contract expiration date, regardless of
782 any contractual provisions to the contrary. A provider service
783 network is a network established or organized and operated by a

20101484er

784 health care provider, or group of affiliated health care
785 providers, including minority physician networks and emergency
786 room diversion programs that meet the requirements of s.
787 409.91211, which provides a substantial proportion of the health
788 care items and services under a contract directly through the
789 provider or affiliated group of providers and may make
790 arrangements with physicians or other health care professionals,
791 health care institutions, or any combination of such individuals
792 or institutions to assume all or part of the financial risk on a
793 prospective basis for the provision of basic health services by
794 the physicians, by other health professionals, or through the
795 institutions. The health care providers must have a controlling
796 interest in the governing body of the provider service network
797 organization.

798 Section 16. Effective July 1, 2010, paragraphs (e) and (dd)
799 of subsection (3) of section 409.91211, Florida Statutes, are
800 amended to read:

801 409.91211 Medicaid managed care pilot program.—

802 (3) The agency shall have the following powers, duties, and
803 responsibilities with respect to the pilot program:

804 (e) To implement policies and guidelines for phasing in
805 financial risk for approved provider service networks that, for
806 purposes of this paragraph, include the Children's Medical
807 Services Network, over the a 5-year period of the waiver and the
808 extension thereof. These policies and guidelines must include an
809 option for a provider service network to be paid fee-for-service
810 rates. For any provider service network established in a managed
811 care pilot area, the option to be paid fee-for-service rates
812 must include a savings-settlement mechanism that is consistent

20101484er

813 with s. 409.912(44). This model must be converted to a risk-
814 adjusted capitated rate by the beginning of the final ~~sixth~~ year
815 of operation under the waiver extension, and may be converted
816 earlier at the option of the provider service network. Federally
817 qualified health centers may be offered an opportunity to accept
818 or decline a contract to participate in any provider network for
819 prepaid primary care services.

820 (dd) To implement service delivery mechanisms within a
821 specialty plan in area 10 ~~capitated managed care plans~~ to
822 provide behavioral health care services ~~Medicaid services as~~
823 ~~specified in ss. 409.905 and 409.906~~ to Medicaid-eligible
824 children whose cases are open for child welfare services in the
825 HomeSafeNet system. These services must be coordinated with
826 community-based care providers as specified in s. 409.1671,
827 where available, and be sufficient to meet the ~~medical,~~
828 developmental, behavioral, and emotional needs of these
829 children. Children in area 10 who have an open case in the
830 HomeSafeNet system shall be enrolled into the specialty plan.
831 These service delivery mechanisms must be implemented no later
832 than July 1, 2011 ~~2008~~, in AHCA area 10 in order for the
833 children in AHCA area 10 to remain exempt from the statewide
834 plan under s. 409.912(4)(b)8. An administrative fee may be paid
835 to the specialty plan for the coordination of services based on
836 the receipt of the state share of that fee being provided
837 through intergovernmental transfers.

838 Section 17. All powers, duties, functions, records,
839 offices, personnel, property, pending issues and existing
840 contracts, administrative authority, administrative rules, and
841 unexpended balances of appropriations, allocations, and other

20101484er

842 funds relating to public assistance fraud in the Department of
843 Law Enforcement are transferred by a type two transfer, as
844 defined in s. 20.06(2), Florida Statutes, to the Division of
845 Public Assistance Fraud in the Department of Financial Services.

846 Section 18. Except as otherwise expressly provided in this
847 act and except for sections 1, 2, 12, 13, and 14 of this act and
848 this section, which shall take effect upon this act becoming a
849 law, this act shall take effect January 1, 2011.
