The Committee on General Government Appropriations (Aronberg) recommended the following:

Senate Amendment (with title amendment)

Between lines 334 and 335
insert:

Section 7. Subsection (2) of section 403.706, Florida Statutes, is amended to read:

403.706 Local government solid waste responsibilities.—

(2) (a) Each county shall implement a recyclable materials recycling program. Counties and municipalities are encouraged to form cooperative arrangements for implementing recycling programs.

(b) Such programs shall be designed to recover a

182158

13 significant portion of at least four of the following materials
14 from the solid waste stream prior to final disposal at a solid
15 waste disposal facility and to offer these materials for
16 recycling: newspaper, aluminum cans, steel cans, glass, plastic
17 bottles, cardboard, office paper, and yard trash. Local
18 governments which operate permitted waste-to-energy facilities
19 may retrieve ferrous and nonferrous metal as a byproduct of
20 combustion.

21 (c) Local governments are encouraged to separate all
22 plastics, metal, and all grades of paper for recycling prior to
23 final disposal and are further encouraged to recycle yard trash
24 and other mechanically treated solid waste into compost
25 available for agricultural and other acceptable uses.

26 ~~(d) By July 1, 2010, each county shall develop and~~
27 ~~implement a plan to achieve a goal to compost organic materials~~
28 ~~that would otherwise be disposed of in a landfill. The goal~~
29 ~~shall provide that up to 10 percent and no less than 5 percent~~
30 ~~of organic material would be composted within the county and the~~
31 ~~municipalities within its boundaries. The department may reduce~~
32 ~~or modify the compost goal if the county demonstrates to the~~
33 ~~department that achievement of the goal would be impractical~~
34 ~~given the county's unique demographic, urban density, or~~
35 ~~inability to separate normally compostable material from the~~
36 ~~solid waste stream. The composting plan is encouraged to address~~
37 ~~partnership with the private sector.~~

38 (d) ~~(e)~~ Each county is encouraged to consider plans for
39 mulching organic materials that would otherwise be disposed of
40 in a landfill. The mulching plans are encouraged to address
41 partnership with the private sector.
