Senator Fasano moved the following:

**Senate Amendment**

Delete lines 701 - 712

and insert:

2. Effective July 1, 2012, the physician has not successfully completed a pain medicine fellowship that is accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association or a pain medicine residency that is accredited by the Accreditation Council for Graduate Medical Education or the American Osteopathic Association or, prior to July 1, 2012, complies with rules adopted by the board.

284876

14 Any physician who qualifies to practice medicine in a pain-  
15 management clinic pursuant to rules adopted by the Board of  
16 Osteopathic Medicine as of July 1, 2012, may continue to  
17 practice medicine in a pain-management clinic as long as the  
18 physician continues to meet the qualifications set forth in the  
19 board rules. An osteopathic physician who violates this  
20 paragraph is subject to disciplinary action by his or her  
21 appropriate medical regulatory board.
