The Committee on Environmental Preservation and Conservation (Sobel) recommended the following:

**Senate Amendment (with directory and title amendments)**

Between lines 59 and 60  
insert:

(i) An entity that diverts wastewater flow from a receiving facility that discharges domestic wastewater through an ocean outfall must meet the 60-percent reuse requirement of paragraph (c). Reuse by the diverting entity of the diverted flows shall be credited to the diverting entity. The diverted flow shall also be correspondingly deducted from the receiving facility's actual flow on an annual basis from which the required reuse is calculated pursuant to paragraph (c) and the receiving
