Senator Gelber moved the following:

Senate Amendment (with title amendment)

Between lines 129 and 130

insert:

(c) Provide an annual longitudinal analysis, beginning with the students who entered grade 9 in the 2006-2007 school year, which includes the dropout rate, retention rate, student performance rates on national norm assessments, student attendance rates, disciplinary rates, pre-Algebra performance, and the support provided by districts to students who currently fail Algebra I and higher level academic courses. Such data shall provide the Legislature with information regarding whether requiring higher-level coursework beyond Algebra I has

811446

14 encouraged students to become "college and career ready" by the
15 end of the 2009-2010 school year. Such data is intended to allow
16 the Legislature to develop and implement strategic intervention
17 options for lower-performing students in math, science, and
18 equally rigorous coursework before the full implementation of
19 Algebra II for the 2012-2013 school year for students entering
20 grade 9.
