The Department of Education, or Board of Governors as appropriate, shall provide guidance to school districts and institutions of higher education regarding the inclusion or exclusion of State Fiscal Stabilization Funds with general fund revenues for the purpose of required state and federal reporting.

If it is determined that any entity designated to receive an appropriation from State Fiscal Stabilization Funds is ineligible to receive such funds, or if an entity's allocation is not fully utilized in accordance with the American Recovery and Reinvestment Act of 2009, the Executive Office of the Governor may adjust allocations from state funds and State Fiscal Stabilization Funds among eligible recipients, based upon the recommendation of the Department of Education or Board of Governors as appropriate, in a manner that ensures the combined total of state funds and State Fiscal Stabilization Funds remains consistent with the intent of the General Appropriations Act. Any such adjustments shall be subject to the notice and objection requirements of section 216.17, Florida Statutes.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriations 6 and 78, \$35,754,378 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 20,000 and fewer FTE in the 2010-2011 fiscal year.

- 1. 0.748 mills

If any school district levies the full 0.748 mill levy and it generates an amount of funds per unweighted FTE that is less than the state average amount per unweighted FTE, the school district shall receive from the funds provided in Specific Appropriations 6 and 78, a discretionary millage compression supplement that, when added to the funds generated by the district's 0.748 mill levy, shall be equal to the state average as provided in section 1011.62(5), Florida Statutes.

If any school district chooses to levy an amount not less than 0.498 mills and less than 0.748 mills, a compression supplement shall be calculated on a levy of 0.498. If a 0.498 levy generates an amount of funds per unweighted FTE that is less than the state average amount per unweighted FTE for 0.498 mills, the school district shall receive from the funds provided in Specific Appropriations 6 and 78, a discretionary millage compression supplement that, when added to the funds generated by a 0.498 mill levy, would be equal to the state average as provided in section 1011.62(5), Florida Statutes.

2. In addition, if any school district levies for the 2010-2011 fiscal year, an additional 0.25 mills to meet critical operating needs pursuant to section 1011.71(3)(b), Florida Statutes, and the 0.25 mills generates an amount of funds per unweighted FTE that is less than the state average amount per unweighted FTE, at the time of the third calculation of the FEFP, the school district shall receive from the funds provided in Specific Appropriations 6 and 78, a discretionary millage compression supplement that, when added to the funds generated by the district's 0.25 mill levy, shall be equal to the state average as provided in section 1011.62 (5), Florida Statutes.

However, charter schools may serve students who are temporarily homebound or who receive a portion of their instruction on-line.

A minimum guaranteed level of funding shall be calculated to provide no greater than an 8 percent reduction per unweighted full-time equivalent student compared to the amount per unweighted full-time equivalent student funded in the 2009-2010 FEFP. The calculation of this minimum funding shall compare total state and local formula and categorical funds, actual discretionary local revenue, and federal stabilization funds for 2009-2010 with total state and local formula and categorical funds, maximum potential discretionary local revenue, and federal stabilization funds for 2010-2011. Funds for the School Recognition Program and the Merit Award Program shall not be included in the calculation of the Minimum Guarantee. If at any time during the 2010-2011 fiscal year, the appropriation is reduced, the Minimum Guarantee shall not hold a district or other entity harmless from the impact of the reduction.

From the funds in Specific Appropriations 6 and 78, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. The Department shall verify the eligibility of the students, assist with placement of each student in a school district virtual instruction program regardless of the student's district of residence, and assist the school district with executing an appropriate contract with an approved K-8 virtual school for payment for virtual instruction for each student. If a court of competent jurisdiction finds that the restriction above is invalid, the appropriation made by section 1011.4106, Florida Statutes, is hereby repealed for the 2010-2011 fiscal year and the moneys described in that section shall be deposited in the state treasury for expenditure only pursuant to appropriations made by law.

From the funds provided in Specific Appropriations 11, 13, 132, and 134, each university may shift enrollment by level in a manner which is revenue neutral; however, no university, with the exception of New College of Florida, shall increase the number of lower-level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 132 and 134.

The Chancellor of the State University System shall submit a revised 3-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Board of Governors by September 1, 2010. This revised 3-year enrollment plan must be developed

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

with input from each state university. The Chancellor shall also recommend to the Legislature a funded enrollment plan based on actual enrollments and the funds appropriated to each university. This new funded enrollment plan must be developed with input from each university. The plan shall be submitted to the chair of the Senate Policy and Steering Committee on Ways and Means and the chair of the House Full Appropriations Council by February 1, 2011.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2010-2011 enrollment plan for the State University System.

Funds provided in Specific Appropriation 132 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the university by more than 10 percent during the 2010-2011 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors.

From the funds provided in Specific Appropriation 132 to the University of Florida for the Florida Center for Library Automation (FCLA), the FCLA shall expand its online discovery tool product to allow a user to search simultaneously the combined holdings and applicable electronic resources of FCLA and the College Center for Library Automation. In addition, library holdings currently available in SUNLINK, as well as library holdings available in standard machine readable bibliographic records of the State Library of Florida and public libraries, should be included when and where feasible. The expanded search function shall be implemented by September 1, 2010.

The program shall be designed to permit limits on services, prior authorization of services, and selective provider enrollment. The funding is contingent upon the availability of state matching funds in the Department of Children and Family Services in Specific Appropriations 315 and 340.

From the funds in Specific Appropriation 189, \$168,300 from the General Revenue Fund is provided to Lee Memorial Hospital for the Regional Perinatal Intensive Care Center (RPICC) Program.

The agency shall implement a recurring methodology in the Title XIX Inpatient Hospital Reimbursement Plan to achieve this reduction. In establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent and rural hospitals as defined in section 395.602, Florida Statutes are excluded from this reduction.

SECTION 3 - HUMAN SERVICES

From the funds in Specific Appropriation 189, \$59,990,120 from the Grants and Donations Trust Fund and \$95,990,432 from the Medical Care Trust Fund are provided to eliminate the inpatient reimbursement ceilings for hospitals whose charity care and Medicaid days, as a percentage of total adjusted hospital days, equal or exceed 11 percent. For any public hospital or any leased public hospital found to have sovereign immunity or hospital with graduate medical education positions that does not qualify for the elimination of the inpatient ceilings under this section of proviso or any other proviso listed, such hospitals shall be exempt from the inpatient reimbursement ceilings contingent on the hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available. Any hospital that was exempt from the inpatient reimbursement ceiling in the prior state fiscal year, due to their charity care and Medicaid days as a percentage to total adjusted hospital days equaling or exceeding 11 percent, but no longer meets the 11 percent threshold, because of updated audited DSH data, shall remain exempt from the inpatient reimbursement ceilings for a period of two years.

From the funds in Specific Appropriation 189, \$1,822,057 from the Grants and Donation Trust Fund and \$2,915,482 from the Medical Care Trust Fund are provided to eliminate the inpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 189, \$45,609,650 from the Grants and Donations Trust Fund and \$72,980,183 from the Medical Care Trust Fund are provided to eliminate the inpatient hospital reimbursement ceilings for hospitals whose Medicaid days as a percentage of total hospital days exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2010, and any hospitals that becomes a designated or provisional trauma center during Fiscal Year 2010-2011. Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in section 12, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited Disproportionate Share Hospital (DSH) data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited Disproportionate Share Hospital (DSH) data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

Funds in Specific Appropriation 189 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. In the event the state share provided through grants and donations is not available to fund the removal of inpatient ceilings for hospitals, the Agency for Health Care Administration shall submit a revised hospital reimbursement plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 189, \$3,819,847 from the Grants and Donations Trust Fund and \$6,112,153 from the Medical Care Trust Fund are provided to make Medicaid payments to hospitals. These payments shall be used to pay approved liver transplant facilities a global fee for providing transplant services to Medicaid beneficiaries.

Included in these funds are the annualized amounts to offset the reductions taken against hospitals defined in section 408.07 (45), Florida Statutes, that are not certified trauma centers, as identified in section 12, chapter 2007-326, Laws of Florida.

From the funds in Specific Appropriation 189, \$19,076,447 from the Grants and Donations Trust Fund, and \$30,524,300 from the Medical Care Trust Fund are provided to buy back the Medicaid trend adjustment that

SECTION 3 - HUMAN SERVICES

is being applied against the Medicaid inpatient rates for the following three categories of hospitals. Of these funds \$31,984,943 is provided to the first category of hospitals, which are those hospitals that are part of a system that operates a provider service network in the following manner: \$18,773,903 is for Jackson Memorial Hospital; \$2,133,277 is for hospitals in Broward Health; \$4,906,684 is for hospitals in the Memorial Healthcare System; and \$760,226 is for Shands Jacksonville and \$5,410,853 is for Shands Gainesville. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the inpatient rate. Of the above funds, \$12,139,819 shall be used for the second category to buy back the Medicaid trend adjustment that is being applied against the Medicaid inpatient rates for those hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the inpatient rate for those individual hospitals. Of the above funds, \$5,475,985 shall be used for the third category to buy back the Medicaid trend adjustment that is being applied against the Medicaid inpatient rates to rural hospitals. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the inpatient rate for those individual hospitals. For this section of proviso the agency shall use the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 189, \$136,410,282 from the Grants and Donations Trust Fund and \$218,270,639 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in section 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians, hospitals with graduate medical education positions that do not otherwise qualify, and for designated trauma hospitals to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 189, \$98,894,128 from the Grants and Donations Trust Fund and \$158,240,891 from the Medical Care Trust Fund are provided for hospitals, not previously included in the proviso above, to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of reductions to inpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 189, \$15,200,000 from the Grants and Donations Trust Fund and \$24,800,000 from the Medical Care Trust Fund are provided for hospitals not previously included in the proviso above to allow for exemptions from inpatient reimbursement limitations for any hospital that has local funds available for intergovernmental transfers. The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buyback of exemptions to inpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriations 189 and 203, \$2,307,600

SECTION 3 - HUMAN SERVICES

from the Grants and Donations Trust Fund and \$3,692,400 from the Medical Care Trust Fund are provided to make Medicaid payments for multi-visceral transplant and intestine transplants in Florida. The agency shall establish a reasonable global fee for these transplant procedures and the payments shall be used to pay approved multi-visceral transplant and intestine transplant facilities a global fee for providing transplant services to Medicaid beneficiaries. Payment of the global fee is contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. The agency is authorized to seek any federal waiver or state plan amendment necessary to implement this provision.

From the funds in Specific Appropriation 189, \$336,525 from the Grants and Donation Trust Fund and \$538,475 from the Medical Care Trust Fund are provided to adjust the Medicaid rate for any rural hospital that moved into a replacement facility during calendar year 2009 to reflect Medicaid costs for the period of time from moving into the replacement facility to when the rate would reflect the costs of the replacement facility through the routine rate setting process. To qualify for this adjustment a hospital must have a combined Medicaid and charity care utilization rate of at least 25 percent based on the most recent information reported to the Agency for Health Care Administration prior to moving into the replacement facility. This rate adjustment is contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds that do not increase the current requirement for state general revenue or tobacco settlement trust funds.

From the funds in Specific Appropriation 189, the agency shall develop efficiency and outcome measures in order to assess the value for patients including both outcomes and costs over the full cycle of care.

From the funds in Specific Appropriation 191, \$1,220,261 from the General Revenue Fund and \$1,952,544 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

From the funds in Specific Appropriation 191, \$461,520 from the General Revenue Fund and \$738,480 from the Medical Care Trust Fund are provided to continue the primary care and emergency room diversion program in Manatee, Sarasota and DeSoto counties.

From the funds in Specific Appropriation 191, \$384,600 from the General Revenue Fund, \$615,400 from the Medical Care Trust Fund are provided for the support of existing and expansion of new primary care residency slots, not funded by Medicare, at existing primary care residency programs in the rural area of AHCA District 1 sub-district 2 as defined in Florida Administrative Code section 59C-2.100 Acute Care Sub districts.

In developing a plan to increase access to primary care services and the funding of these primary care services, the agency shall solicit proposals from general acute care hospitals, county health departments, faith based and community clinics, and Federally Qualified Health Centers in order to establish new primary clinics for the uninsured and underinsured. Of the funds provided, the agency shall use \$25,001,040, which includes \$4,615,400 in general revenue and \$5,000,000 in local funding pay for the increased access to primary care services. The use of general revenue is contingent upon an equal amount of local funds being provided in cash. The agency shall award grants to those programs most capable of reducing health spending and improving the health status of uninsured and underinsured persons in their community and meeting the requirements of this section. The programs receiving these grants shall reduce unnecessary emergency room visits and preventable hospitalizations by providing disease management; improving patient compliance; and coordinating services. The agency shall contract with an entity having experience in evaluating the Medicaid program to develop reporting requirements for grant recipients and to measure the effectiveness of the grant-funded programs. The specific reporting requirements shall be incorporated into the competitive solicitation which will also identify the evaluation methodology and establish a time-table for publishing results. The agency shall develop a plan for expanding primary care services by October 1, 2010, and submit the plan to the Legislative Budget Commission for approval before expending any grant funding.

From the funds in Specific Appropriation 191, the agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 191, in the event that the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

From the funds in Specific Appropriation 191, the agency may make

SECTION 3 - HUMAN SERVICES

low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided in Specific Appropriation 191 are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. In the event the nonfederal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval. Distribution of such funds provided in Specific Appropriation 191 is contingent upon approval from the Centers for Medicare and Medicaid Services.

In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent and rural hospitals as defined in section 395.602, Florida Statutes are excluded from this reduction.

From the funds in Specific Appropriation 194, \$24,789,981 from the Grants and Donations Trust Fund and \$39,666,548 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$1,000 to \$1,500 per year and to eliminate the outpatient reimbursement ceilings for teaching, specialty, Community Health Education Program hospitals and Level III Neonatal Intensive Care Units that have a minimum of three of the following designated tertiary services as regulated under the certificate of need program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation. Included in these funds are the annualized amounts to offset the reductions taken against hospitals defined in section 408.07 (45), Florida Statutes, that are not certified trauma centers, as identified in section 13, chapter 2007-326, Laws of Florida.

From the funds in Specific Appropriation 194, \$4,678,761 from the Grants and Donations Trust Fund and \$7,486,505 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose charity care and Medicaid days as a percentage of total adjusted hospital days equals or exceeds 11 percent. For any public hospital or any leased public hospital found to have sovereign immunity or hospital with graduate medical education positions that does not qualify for the elimination of the outpatient ceilings under this provision of proviso or any other proviso listed, such hospitals shall be exempt from the outpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available. Any hospital that was exempt from the outpatient reimbursement ceiling in the prior state fiscal year, due to their charity care and Medicaid days as a percentage to total adjusted hospital days equaling or exceeding 11 percent, but no longer meet the 11 percent threshold, because of updated audited DSH data shall remain exempt from the outpatient reimbursement ceilings for a period of two years.

From the funds in Specific Appropriation 194, \$82,610 from the Grants and Donation Trust Fund and \$132,185 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 194, \$4,609,114 from the Grants and Donations Trust Fund and \$7,375,061 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose Medicaid days, as a percentage of total hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2010 or become a designated or provisional trauma center during Fiscal Year 2010-2011. Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in section 13, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 194 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital

outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 194, \$4,702,344 from the Grants and Donations Trust Fund and \$7,524,239 from the Medical Care Trust Fund are provided to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for the following three categories of hospitals. Of these funds \$3,372,389 is provided to the first category of hospitals, which are those hospitals that are part of a system that operate a provider service network in the following manner: \$570,978 is for Jackson Memorial Hospital; \$458,668 is for hospitals in Broward Health; \$840,958 is for hospitals in the Memorial Healthcare System; and \$256,166 to Shands Jacksonville and \$1,245,619 to Shands Gainesville. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,221,468 shall be used for the second category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for those hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,632,726 shall be used for the third category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for rural hospitals. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the outpatient rate for those individual hospitals. For this section of proviso the agency shall use the average of 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 194, \$25,505,883 from the Grants and Donations Trust Fund and \$40,812,066 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in ss. 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians, hospitals with graduate medical education positions that do not otherwise qualify, and designated trauma hospitals to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 194, \$31,138,172 from the Grants and Donations Trust Fund and \$49,824,313 from the Medical Care Trust Fund are provided for hospitals, not previously included in the proviso above, to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of reductions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 194, \$5,769,000 from the Grants and Donations Trust Fund and \$9,231,000 from the Medical Care Trust Fund are provided for hospitals not previously included in the proviso above to allow for exemptions from outpatient reimbursement

The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of exemptions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 194, the agency shall develop efficiency and outcome measures in order to assess the value for patients including both outcomes and costs over the full cycle of care.

From the funds in Specific Appropriations 588 through 595, by September 1, 2010, the Department of Veterans Affairs shall execute a service level agreement, pursuant to section 282.203(1)(g), Florida Statutes, to specify the services and levels of services it is to receive from the Southwood Shared Resource Center (SSRC). If the department is unable to complete and execute a service level agreement by that date, the department shall submit a report to the Executive Office of the Governor and to the chairs of the Full Appropriations Council on General Government & Health Care and Senate Policy and Steering Committee on Ways and Means within five working days, explaining the specific issues preventing execution, and describing the department's plan and schedule for resolving those issues.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 603 through 781, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2011.

Funds in Specific Appropriations 603 through 781 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2010, and for which it has been determined by the Secretary of the department that there is no longer a need.

The Department of Corrections may, subject to all applicable provisions of chapter 216, Florida Statutes, transfer funds and positions and salary rate among budget entities and programs within Specific Appropriations 603 through 781 if necessary, to ensure public safety and avoid adversely affecting current employees due to the elimination of vacant positions and other approved reductions. It is the intent of the Legislature that priority shall be placed on preserving positions in correctional institutions and community corrections.

Funds in Specific Appropriations 603 through 781 include reductions in full-time equivalent positions and associated salary and benefits. Those reductions in full-time equivalent positions must be from, to the maximum extent feasible, supervisory and managerial positions.

To minimize the impact of funding reductions within Specific Appropriations 603 through 781, the department shall identify vacant correctional work release and substance abuse programming capacity and has the discretion pursuant to the provisions of Chapter 216, Florida Statutes, to transfer funds to enable the filling of such additional capacity in accordance with the provisions of chapter 945, Florida Statutes.

From the funds in Specific Appropriations 603 through 781, the Department of Corrections may contract with a provider to implement an evidence-based risk/needs analysis pilot program using established risk

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

assessment tools to analyze the offender at an appropriate site. The risk/needs assessment tool will allow the department to focus resources and treatment on those offenders with the greatest risk to re-offend and will assist the department in determining appropriate programming for offenders that may be better served in day reporting centers or other similar programs. The findings should include an analysis of whether implementing an evidence-based risk analysis across the entire inmate/offender population would reduce state expenditures and recidivism rates. The department shall report its findings to the chairs of the House Full Appropriations Council on General Government and Health Care and Senate Policy and Steering Committee on Ways and Means no later than January 31, 2011.

INFORMATION TECHNOLOGY

From the funds in Specific Appropriations 618 through 628 the Department of Corrections shall develop and submit a transition plan by October 1, 2010, to the Executive Office of the Governor and to the chairs of the Full Appropriations Council on General Government & Health Care and the Senate Policy and Steering Committee on Ways and Means for relocation and consolidation of its computing services and associated resources from the Justice Data Center into the Northwood Shared Resource Center (NSRC) by June 30, 2012, pursuant to section 282.201(2)(d)1.e., Florida Statutes.

The department shall work with the Agency for Enterprise Information Technology (AEIT) and the NSRC in developing the plan, in accordance with the requirements of the AEIT, that shall, at a minimum, include an inventory of all resources, including but not limited to, all computing equipment; a description of resources for computing services proposed to remain in the department; the budget, full time personnel, and contracted services associated with the costs of its current computing services; the necessary budget adjustments required to accomplish the transfer of computing resources; and a timetable with significant milestones for the completion of the relocation. Beginning July 1, 2010, the department shall have one trustee with one vote on the NSRC Board of Trustees in Fiscal Year 2010-11.

Should the Justice Data Center be required to move from private leased space at Blairstone Road prior to the scheduled consolidation, the department may submit a plan with the necessary budget adjustments for approval by the Legislative Budget Commission.

By September 1, 2010, the Department of Corrections shall execute a service level agreement, pursuant to section 282.203(1)(g), Florida Statutes, to specify the services and levels of services it is to receive from the Southwood Shared Resource Center (SSRC). If the

department is unable to complete and execute a service level agreement by that date, the department shall submit a report to the Executive Office of the Governor and to the chairs of the Full Appropriations Council on General Government & Health Care and Senate Policy and Steering Committee on Ways and Means within five working days, explaining the specific issues preventing execution and describing the department's plan and schedule for resolving those issues.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 639, 651 and 663, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

title thereto. These distributions shall be adjusted, with the respect to any facility, to reimburse the Department of Management Services, and any predecessor agency, for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services must ensure all future private prison contracts have explicit conditions that provide for the flexibility to adjust the percentages of special needs inmates to allow for changes in overall state populations of those inmates. Such percentages must be based on Department of Corrections' special needs inmate population forecasts, so that medical and mental healthcare costs are appropriately shared by both private and state prisons. All future private prison contracts must require each private prison vendor to report the same performance measures for inmate programs in private prisons as reported by the Department of Corrections for its comparable public institutions. As part of the private prisons contracting negotiations process, the Department of Corrections must consult with the Department of Management Services and each private prison vendor to establish high, reasonable, and achievable performance standards. All future private prison contracts must require each private prison vendor to develop inmate visitation policies and telephone rates for the private prisons that are consistent with those policies followed by the state's public prisons and encourage inmate family contact, as directed by Florida Statutes. Finally, the Department of Management Services must require all future private prison contracts to adhere to Department of Management Services' established criteria for awarding Privately Operated Institutions Inmate Welfare Trust Fund monies so that Department of Management Services' staff can verify such funds are being used appropriately.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services is directed to execute private prison contract amendments to each operations and management contract for each correctional facility currently under its supervision in order to provide the contractors the maximum flexibility to address recurring reductions in contract amounts. Such contract amendments shall expire on June 30, 2011. The Department of Management Services and the private prison contractors may amend the provisions of the private prison operating contracts limiting correctional officer overtime and part-time hours to be consistent with the overtime and part-time use as permitted by the Department of Corrections and the American Correctional Association standards. The contract amendments may also eliminate deductions for vacant positions as long as the services associated with the position are being provided through the use of overtime or part-time staff. The Department of Management Services may amend the private prison operating contracts to provide for the payment of costs associated with all inmate academic, vocational, behavioral and substance abuse programs from funds in the Privately Operated Institutions Inmate Welfare Trust Fund. Such contract amendments may not negatively affect the Department of Corrections.

The Department of Corrections may contract through a request for proposal for innovative and cost effective approaches to the financing, construction and operation of private correctional beds and services which can include any and all operations defined and requested by the department, including but not limited to financing, operations, housing, staffing, security, meals, medical care, transportation, education and substance abuse treatment services. The department may consult with other state agencies on the development of this request for proposal. Any resulting contract shall be funded through existing appropriations, and at a minimum provide for per diem costs at a cost of at least seven percent below that for which the department can incarcerate similar inmates. The department shall not implement this section in a manner that reduces participation in existing reentry programs.

From the funds provided in Specific Appropriations 603 through 781, the Department of Corrections shall implement an electronic time and attendance system in all four regions through a contract or contracts resulting from a competitive solicitation process in accordance with Chapter 287, Florida Statutes. The department shall report all implementation costs and cost savings projections related to the implementation of the electronic time and attendance system to the Speaker of the House of Representatives and the President of the Senate by March 1, 2010.

Specific Appropriations 603 through 781 include a reduction of \$24,251,652 in recurring general revenue to close existing facilities in

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

order to open 2,224 adult male correctional facility beds at Blackwater River Correctional Facility on November 1, 2010.

The Department of Corrections shall provide a transition plan to the chairs of the Full Appropriations Council on General Government & Health Care and the Senate Policy and Steering Committee on Ways and Means no later than July 1, 2010, which includes the list of the facilities to be closed to populate Blackwater River Correctional Facility.

From the funds in Specific Appropriations 603 through 781 the department shall identify 1,350 adult male custody beds that are medical grades 1 and 2, and also, psychological grades 1 and 2 with an average daily per-diem of \$45.06 and implement cost efficiencies that will reduce the average daily per-diem to \$42. The department may achieve these cost efficiencies by matching the types of inmates to the lowest cost of incarceration, i.e. prisons, work camps, or work release facilities. The department must contract for the operation of these 1,350 beds if necessary to reach the per-diem rate of \$42.

From the funds in Specific Appropriations 603 through 781 the department shall develop a plan to reduce the operating costs of an additional 6,400 beds by five percent. This plan may use Department of Corrections beds or privatized beds. The department shall provide this plan to the Governor, the President of the Senate, and the Speaker of the House of Representatives by November 1, 2010.

Funds and positions in Specific Appropriations 603 through 724 and 747 through 781 support the state-wide inmate population increase. These funds and positions are sufficient to provide housing and security for 103,478 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 102,552 inmates.

Funds and positions in Specific Appropriations 603 through 724 and 747 through 781 are provided to address security needs for the additional prison populations expected in Fiscal Year 2010-2011 as projected by the Criminal Justice Estimating Conference.

This program would be for new convictions and is not intended to be used as an early release initiative. The Alternative Sentencing Program recommendations will include the use of local law enforcement, day reporting centers, community-based services, DOC community correction supervision and Global Positioning Systems (GPS) to track offenders. The OSCA/DOC shall submit its Alternative Sentencing Program's recommendations, including all related costs and savings, to the President of the Senate and the Speaker of the House of Representatives no later than December 1, 2010.

Pursuant to sections 944.012(6)(c), 921.00241 and 775.082(11), Florida Statutes, \$700,143 in recurring general revenue is provided in Specific Appropriation 746 for Judicial/DOC pilot programs for offenders who would be sentenced to prison, but could be diverted to appropriate programs which allow the offender to retain community support, access drug treatment and/or employment opportunities while receiving life-skills assistance in a structured environment. These treatment programs may include drug treatment, residential and outpatient treatment programming, day reporting or other services to reduce recidivism.

These pilot programs are to be initiated in communities where the local court and Department of Corrections, in conjunction with community stakeholders, agree to implement evidence-based practices and graduated incentives that will result in a reduction in prison admission for that community.

PUBLIC DEFENDERS

The Public Defenders Coordination Office's budgeting needs may be funded by each Public Defender's office within the funds provided in Specific Appropriations 961 through 1073. The total funding for this office shall not exceed \$200,000 in general revenue and \$200,000 from the Indigent Criminal Defense Trust Fund.

From the funds in Specific Appropriations 961 through 1073, the Florida Public Defenders Association (FPDA) shall review its funding formula and current recurring funding levels of the 20 public defenders, including

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

both general revenue and trust funds. The review shall compare the recurring funding levels of each public defender in the 2010-11 fiscal year, to a model which redistributes this level of funding among the public defenders using the current criteria in the FPDA formula. The review shall also examine public defender funding per capita, and per case, and the association shall report the findings and any recommendations necessary to correct any funding inequities should they exist, to the President of the Senate and the Speaker of the House of Representatives by January 1, 2011.

From the funds in Specific Appropriations 1118 through 1200, the

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

Department of Juvenile Justice shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's inspector general shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1118 through 1200, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

From the funds in Specific Appropriations 1118 through 1200, the Department of Juvenile Justice must before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

Funds in Specific Appropriations 1118 through 1200 shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2010, and for which it has been determined by the Secretary of the department that there is no longer a need.

By September 1, 2010, the Department of Juvenile Justice shall execute a service level agreement, pursuant to section 282.203(1)(g), Florida Statutes, to specify the services and levels of services it is to receive from the Northwood Shared Resource Center (NSRC). If the department is unable to complete and execute a service level agreement by that date, the department shall submit a report to the Executive Office of the Governor and to the chairs of the Full Appropriations Council on General Government & Health Care and Senate Policy and Steering Committee on Ways and Means within five working days, explaining the specific issues preventing execution and describing the department's plan and schedule for resolving those issues.

Beginning July 1, 2010, the department shall have one trustee with one vote on the NSRC Board of Trustees during Fiscal Year 2010-2011.

PROGRAM: JUVENILE DETENTION PROGRAM

From the funds in Specific Appropriations 1118 through 1126, the department may contract for services consistent with the department's Juvenile Detention Alternative Initiative (JDAI) and the Annie E. These services should be designed using in-home and community advocacy to reduce the need for more expensive restrictive placements, build community capacity to reduce recidivism, create supported work opportunities for youth, and improve community safety.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1166 through 1188 , the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care prior to implementing any change.

From the funds in Specific Appropriations 1166 through 1188, for determining the most appropriate bed reductions in each level of residential commitments, the department may consider those residential commitment programs, if necessary, which have scored below 72 on the overall program score represented in the Comprehensive Accountability Report. The department may also consider programs that are underutilized, those that provide services for which there is a less critical need and other relevant performance measures in determining which level of residential beds should be reduced. Should reductions involve state-operated programs, the department is authorized to submit a budget amendment in accordance with all applicable provisions of chapter 216, Florida Statutes, to transfer positions and funds as necessary to accomplish the reduction of beds. The department shall apply identical criteria in determining whether bed reductions come from contracted or state-operated beds.

Prior to any change authorized herein, notification and justification must be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care.

From the funds in Specific Appropriation 1373, the Parole Commission shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2010:

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2010, along with a full

explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;

2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;

3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the process to complete the review of RCR without a hearing; and

4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.

Of the funds in Specific Appropriation 1389, \$3,500,000 in nonrecurring general revenue and \$500,000 in nonrecurring funds from the General Inspection Trust Fund are provided for the Florida Water Quality Compliance and Improvement Best Management Practices project to adapt real-time radio frequency soil-sensor based systems from a limited research setting to deployment in agricultural fields to assess their effectiveness in irrigation decision-making, reduction in water use, and minimizing nutrient loss of nitrogen and phosphorous due to leaching and runoff. This project will include installing remote sensor systems in different field locations, calibrating the sensors to the fields, evaluating soil samples along a depth profile to determine moisture, nitrogen, and phosphorous content, and calculating daily water and nutrient uptake from different soil regions. The field data will be a concentration model for target crops that can be extended to the watershed level. Use of this model will augment weather, hydrologic, and water quality information for the development of improved best management practices for nutrient management and optimum irrigation scheduling for reduction of nutrient runoff and leaching.

This project will include installing remote sensor systems in different urban locations and measuring urban stormwater management systems performance. The field data will be used to augment weather, hydrologic, water quality information, and watershed models for the development of improved urban stormwater systems and best management practices for reduction of nutrient runoff and leaching.

Funds in Specific Appropriation 1769A, as part of the Department of Environmental Protection's Beach Management Funding Assistance Program, shall be allocated in priority order in the amounts requested by the department to the Miami-Dade Beach Nourishment Project, St. Lucie Inlet Management Plan Implementation, Duval Shore Protection Project, Anna Maria Island Nourishment, Sand Key Nourishment, Broward County Nourishment - Segment II, and the Long Key Nourishment projects. These projects represent the maximum availability and leveraging of federal beach funding, and/or previous partial state funding commitment to the project, including Fiscal Year 2009-2010.

In order to provide maximum availability of funds for all listed projects, the department and each local sponsor are directed to identify any and all agreed upon reductions in the state funding share that can be absorbed without jeopardizing available federal dollars or delaying project construction.

Funds in Specific Appropriation 1769A shall not be allocated for post-construction monitoring. State matching dollars for such monitoring may be considered as a local government cost credit toward future design and construction activities for any of the local government sponsor's beach projects. In addition, the department, in conjunction with the Fish and Wildlife Conservation Commission, shall examine all permit-imposed post-construction monitoring requirements and existing protocols in terms of cost-savings, necessity, redundancies and efficiencies; and report back to the Legislature by February 1, 2011.

Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The agency head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

From the funds in Specific Appropriation 2208 through 2218, it is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2208 through 2249, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Policy and Steering Committee on Ways and Means and the chair of the House Full Appropriations Council on Education and Economic Development.

The department is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2936 in the event that payments for enterprise bundled telecommunications services exceed the amount appropriated.

From the funds provided in Specific Appropriation 2936, the Division of Telecommunications shall work with the Southwood Shared Resource Center (SSRC) to ensure that no later than October 1, 2010, all SSRC customers are utilizing the shared SUNCOM telecommunication services connecting the SSRC to the SUNCOM Network for all telecommunications needs. The division shall work with the SSRC and its customers to implement a transition plan for migrating all SSRC customers to shared SUNCOM telecommunication services. Additionally, the division shall provide to each SSRC customer its associated costs and projected reductions for migrating and utilizing shared SUNCOM telecommunication services connecting the SSRC to the SUNCOM Network. For the first quarter of Fiscal year 2010-2011, the division shall utilize its Fiscal Year 2009-2010 cost allocation method for billing the SSRC customers for their network connection and port access charges. Beginning with the second quarter of Fiscal Year 2010-2011, the division shall implement a revised cost allocation method based upon the anticipated reductions resulting from the migration to the shared SUNCOM telecommunication services for the SSRC customers. The division shall work with the SSRC to track utilization of the network during the 2009-2010 fiscal year for the purpose of developing a utilization based cost allocation model for implementation by July 1, 2011.

From the funds in Specific Appropriations 2955 through 2961, the Southwood Shared Resource Center (SSRC) shall develop a transition plan for absorbing the transfer of customer agency data center resources to the center based upon the timetables for transition as provided in the transferring agency's data center consolidation transition plan. The plan shall include Fiscal Year 2011-2012 Legislative Budget Request adjustments submitted from each customer agency transferring resources, as well as budget adjustments required by the SSRC to accomplish the efficient transfer of the data center service resources. The plan shall describe and make recommendations relating to issues which must be resolved to accomplish the transfer. The plan shall be submitted to the Agency for Enterprise Information Technology (AEIT), Executive Office of the Governor and to the chairs of the House Full Appropriations Council on General Government and Health Care and the Senate Policy and Steering Committee on Ways and Means by November 15, 2010.

The Southwood Shared Resource Center, in coordination with the Agency for Enterprise Information Technology, shall work with the agencies that are required to develop and submit data center consolidation transition plans to transfer computing resources to the state primary data center, pursuant to section 282.201(2)(d)l.e., Florida Statutes.

The SSRC shall also work with the AEIT and the agencies required to develop comparative cost benefit analyses for the purpose of determining

SECTION 6 - GENERAL GOVERNMENT

the most cost effective center to provide their data center service functions.

In filling positions, the SSRC is to give priority consideration to state employees whose jobs have been adversely affected by workforce reductions in the agencies from where agency data center services are being transferred. Every reasonable effort is to be made to identify vacant positions and to match the adversely affected employee's skills with the requirements of available vacant positions in the data center.

By November 1, 2010, the SSRC shall coordinate with its mainframe customers to develop a plan for standardizing or replacing mainframe software products to achieve cost savings and other operational efficiencies for mainframe services. In producing the plan, the SSRC shall identify specific software functions that can be performed more effectively through standardization or replacement of existing mainframe software products and services. The plan shall include an estimated timeframe for achieving the savings and other related benefits. In order to achieve these objectives, the SSRC, in consultation with the Agency for Enterprise Information Technology, shall develop competitive mainframe software and service solicitations required for implementation to begin July 1, 2011.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining at June 30, 2011.

In establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. For any public hospital or any leased public hospital found to have sovereign immunity or hospital with graduate medical education positions that does not qualify for the elimination of the inpatient ceilings under this section of proviso or any other proviso listed, such hospitals shall be exempt from the inpatient reimbursement ceilings contingent on the hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available. Any hospital that was exempt from the inpatient reimbursement ceiling in the prior state fiscal year, due to their charity care and Medicaid days as a percentage to total adjusted hospital days equaling or exceeding 11 percent, but no longer meet the 11 percent threshold, because of updated audited DSH data shall remain exempt from the inpatient reimbursement ceilings for a period of two years.

Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in Section 12, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited Disproportionate Share Hospital (DSH) data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited Disproportionate Share Hospital (DSH) data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

Funds in Specific Appropriation 189 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. In the event the state share provided through grants and donations is not available to fund the removal of inpatient ceilings for hospitals, the Agency for Health Care Administration shall submit a revised hospital reimbursement plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 189, \$3,213,995 from the Grants and Donations Trust Fund and \$6,718,005 from the Medical Care Trust Fund are provided to make Medicaid payments to hospitals. Of these funds \$48,128,343 is provided to the first category of hospitals, which are those hospitals that are part of a system that operates a provider service network in the following manner: \$18,773,903 is for Jackson Memorial Hospital; \$3,293,203 is for hospitals in Broward Health as follows: Broward General \$629,439, Coral Springs \$1,389,685, Imperial Point \$705,060, and North Broward \$569,019; \$6,917,948 is for hospitals in the Memorial Healthcare System as follows: Memorial Hospital \$3,285,744, Memorial Hospital Pembroke \$555,753, Memorial Hospital Miramar \$1,091,940, and Memorial Hospital West \$1,984,511; \$760,226 is for Shands Jacksonville and \$18,383,063 is for Shands Gainesville. Of the above funds, \$12,139,819 shall be used for the second category to buy back the Medicaid trend adjustment that is being applied against the Medicaid inpatient rates for those hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the inpatient rate for those individual hospitals. Of the above funds, \$5,475,985 shall be used for the third category to buy back the Medicaid trend adjustment that is being applied against the Medicaid inpatient rates to rural hospitals. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the inpatient rate for those individual hospitals. Medicaid trend adjustment that is being applied against the Medicaid inpatient rates to teaching hospitals as defined in section 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians and for designated trauma hospitals on or before February 1, 2010. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the inpatient rate for those individual hospitals. For this section of proviso the agency shall use the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 189, \$70,121,480 from the Grants and Donations Trust Fund and \$146,570,363 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in section 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians, hospitals with graduate medical education positions that do not otherwise qualify, and for designated trauma hospitals to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 189, \$83,208,892 from the Grants and Donations Trust Fund and \$173,926,127 from the Medical Care Trust Fund are provided for hospitals, not previously included in the proviso above, to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buyback of reductions to inpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 189, \$12,944,000 from the Grants and Donations Trust Fund and \$27,056,000 from the Medical Care Trust Fund are provided for hospitals not previously included in the proviso above to allow for exemptions from inpatient reimbursement limitations for any hospital that has local funds available for IGTs. The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buyback of exemptions to inpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds.

To qualify for this adjustment a hospital must have a combined Medicaid and charity care

utilization rate of at least 25 percent based on the most recent information reported to the Agency for Health Care Administration prior to moving into the replacement facility. This rate adjustment is contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds that do not increase the current requirement for state general revenue or tobacco settlement trust funds.

Hospitals with Medicaid days divided by total days exceeding 35 percent shall receive \$4,574,807. These funds shall be distributed equally among the qualifying hospitals, but the amount received when added to the net Low Income Pool, exemption, disproportionate share and funded buy back payments for state Fiscal Year 2009-2010 shall not exceed \$20,000,000. Any payments limited by the \$20,000,000 cap will be redistributed to the remaining qualified hospitals. The following two categories of hospitals shall participate in the allocation of the remaining \$6,000,000. The first category of hospitals are those with Medicaid days divided by total days between 15 and 25 percent and whose charity care days divided by total days equals or exceeds 5 percent and who received less than \$10,000,000 dollars in net Medicaid Low Income Pool, exemption, disproportionate share and funded buyback payments in state Fiscal Year 2009-2010. The second category of hospitals are those hospitals that qualify as a 340B hospital under federal guidelines and whose Medicaid days divided by total days are greater than or exceed 10 percent and charity care days divided by total days equals or exceeds seven and one-half percent and who received less than \$10,000,000 dollars in net Medicaid Low Income Pool, exemption, disproportionate share and funded buy back payments in state Fiscal Year 2009-2010. Payments will be based on each hospital's proportional share of Medicaid and charity care days to the total Medicaid and charity days for the qualifying hospitals. Medicaid, charity care and total days shall be from the 2008 Florida Hospital Uniform Reporting System (FHURS). The net state fiscal year Low Income Pool payments shall not include any payments made due to the approval of the amendment to the Florida 1115 Medicaid reform waiver. Specialty, rural, statutory teaching and state owned and/or operated hospitals do not qualify for payments under this section of proviso. From the funds in Specific Appropriation 191, \$1,177,298 from the General Revenue Fund, \$4,736,898 from the Grants and Donations Trust Fund and \$12,362,060 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used to provide funding for Federally Qualified Health Centers supporting primary care services in medically underserved areas.

From the funds in Specific Appropriation 191, \$3,090,684 from the Grants and Donations Trust Fund and \$6,460,255 from the Medical Care Trust Fund

are provided for county health initiatives emphasizing the expansion of primary care services, and rural health networks. The Department of Health will develop the funding criteria processes, which include assessing statewide benefits, sustainability, access to primary care improvements, ER diversion potential, and health care innovations that are replicable and with a three-year limit on low-income pool funding. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 191, \$970,800 from the Grants and Donations Trust Fund and \$2,029,200 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals with hospital based primary care initiatives.

From the funds in Specific Appropriation 191, \$80,900 from the Grants and Donations Trust Fund and \$169,100 from the Medical Care Trust Fund are provided to make health insurance premium payments for low-income residents enrolled in the Miami-Dade Premium Assistance Program. These funds are contingent on a local government contribution of \$80,900.

These funds are contingent on a local government contribution from the Health Care District of Palm Beach County in the amount of \$13,367,014.

From the funds in Specific Appropriation 191, \$1,026,720 from the General Revenue Fund and \$2,146,085 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

From the funds in Specific Appropriation 191, \$388,320 from the General Revenue Fund and \$811,680 from the Medical Care Trust Fund are provided to continue the primary care and emergency room diversion program in Manatee, Sarasota and DeSoto counties.

From the funds in Specific Appropriation 191, \$323,600 from the General Revenue Fund, \$676,400 from the Medical Care Trust Fund are provided for the support of existing and expansion of new primary care residency slots, not funded by Medicare, at existing primary care residency programs in the rural area of AHCA District 1 sub-district 2 as defined in the Florida Administrative Code section 59C-2.100 Acute Care Sub Districts.

From the funds in Specific Appropriation 191, \$4,676,400 from the General Revenue Fund, \$11,180,673 from the Grants and Donations Trust Fund and \$33,145,007 from the Medical Care Trust Fund are provided to increase access to primary care services in the state to reduce and prevent unnecessary emergency room visits and inpatient hospitalizations. In developing a plan to increase access to primary care services and the funding of these primary care services, the agency shall solicit proposals from general acute care hospitals, county health departments, faith based and community clinics, and Federally Qualified Health Centers in order to establish new primary clinics for the uninsured and underinsured. Of the funds provided, the agency shall use \$38,947,353, which includes \$4,676,400 in general revenue and \$7,926,963 in local funding to pay for the increased access to primary care services. The use of general revenue is contingent upon an equal amount of local funds being provided. The agency shall award grants to those programs most capable of reducing health spending and improving the health status of uninsured and under insured persons in their community and meeting the requirements of this section. The programs receiving these grants shall reduce unnecessary emergency room visits and preventable hospitalizations by providing disease management; improving patient compliance; and coordinating services. The agency shall contract with an entity having experience in evaluating the Medicaid program to develop reporting requirements for grant recipients and to measure the effectiveness of the grant-funded programs. The specific reporting requirements shall be incorporated into the competitive solicitation which will also identify the evaluation methodology and establish a time-table for publishing results. The agency shall develop a plan for expanding primary care services by October 1, 2010, and submit the plan to the Legislative Budget Commission for approval before expending any funding. The agency shall use \$10,054,727 of these funds for hospitals providing primary care to low-income individuals and

participating in the Primary Care Disproportionate Share Hospital (DSH) program in Fiscal Year 2003-2004 shall be paid \$10,054,727 distributed in the same proportion as the Primary Care DSH payments for Fiscal Year 2003-2004, excluding Imperial Point Hospital, Memorial Regional Hospital, and Memorial Hospital Pembroke, who will receive individual amounts equal to \$536,489, \$1,620,659, and \$536,489 respectively. These funds are contingent on the state share being provided through grants and donations from counties, local governments, public entities, or taxing districts.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved non-federal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient non-federal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local non-federal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

Funds provided in Specific Appropriation 191 are contingent upon the non-federal share being provided through grants and donations from state, county or other governmental funds. In the event the non-federal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval. Distribution of such funds provided in Specific Appropriation 191 is contingent upon approval from the Centers for Medicare and Medicaid.

From the funds in Specific Appropriation 191, \$25,000,000 from nonrecurring general revenue funds and \$25,000,000 from the Medical Care Trust Fund provided to Jackson Memorial Hospital are contingent upon approval, by the Legislative Budget Commission, of the release of funds based upon submission of a joint resolution between the Board of the Jackson Memorial Public Health Trust and the Miami-Dade County Commission to establish and carry out a management review process for county oversight of the hospital's financial condition; evidence of a financial commitment by the county; documentation of other community support; and documentation of a comprehensive plan for containing costs and reducing expenditures including, but not limited to, the use of electronic negotiation and reverse auction technology to secure best prices for durable medical equipment, supplies, drugs, and other acquisitions.

SPECIAL CATEGORIES HOSPITAL OUTPATIENT SERVICES (Specific Appropriation 194)

From the funds in Specific Appropriation 194, \$16,535,960 from the Grants and Donations Trust Fund and \$34,564,042 from the Medical Care Trust Fund are appropriated so that the agency may amend its current facility fees and physician services to allow for payments to hospitals providing primary care to low-income individuals and participating in the Primary Care Disproportionate Share Hospital (DSH) program in Fiscal Year 2003-2004 provided such hospital implements an emergency room diversion program so that non-emergent patients are triaged to lesser acute settings; or a public hospital assumed the fiscal and operating responsibilities for one or more primary care centers previously operated by the Florida Department of Health or the local county government. Any payments made to qualifying hospitals because of this change shall be contingent on the state share being provided through grants and donations from counties, local governments, public entities, or taxing districts, and federal matching funds. This provision shall be contingent upon federal approval of a state plan amendment.

Funds in Specific Appropriation 194, reflect a reduction of \$20,969,114 from the General Revenue Fund, \$33,822,275 from the Medical Care Trust Fund, and \$103,655 from the Refugee Assistance Trust Fund as a result of implementing a reduction in outpatient hospital reimbursement rates. The agency shall implement a recurring methodology in the Title XIX Outpatient Hospital Reimbursement Plan to achieve this reduction. In

establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent and rural hospitals as defined in s. 395.602, Florida Statutes are excluded from this reduction.

From the funds in Specific Appropriation 194, \$20,858,133 from the Grants and Donations Trust Fund and \$43,598,396 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$1,000 to \$1,500 per year and to eliminate the outpatient reimbursement ceilings for teaching, specialty, Community Health Education Program hospitals and Level III Neonatal Intensive Care Units that have a minimum of three of the following designated tertiary services as regulated under the certificate of need program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation. Included in these funds are the annualized amounts to offset the reductions taken against hospitals defined in section 408.07 (45), Florida Statutes, that are not certified trauma centers, as identified in Section 13, chapter 2007-326, Laws of Florida.

From the funds in Specific Appropriation 194, \$3,936,680 from the Grants and Donations Trust Fund and \$8,228,586 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose charity care and Medicaid days as a percentage of total adjusted hospital days equals or exceeds 11 percent. For any public hospital or any leased public hospital found to have sovereign immunity or hospital with graduate medical education positions that does not qualify for the elimination of the outpatient ceilings under this provision of proviso or any other proviso listed, such hospitals shall be exempt from the outpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available. Any hospital that was exempt from the outpatient reimbursement ceiling in the prior state fiscal year, due to their charity care and Medicaid days as a percentage to total adjusted hospital days equaling or exceeding 11 percent, but no longer meet the 11 percent threshold, because of updated audited DSH data shall remain exempt from the outpatient reimbursement ceilings for a period of two years.

From the funds in Specific Appropriation 194, \$69,508 from the Grants and Donations Trust Fund and \$145,287 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 194, \$3,878,079 from the Grants and Donations Trust Fund and \$8,106,096 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose Medicaid days, as a percentage of total hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2010 or become a designated or provisional trauma center during Fiscal Year 2010-2011. Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in section 13, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 194 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid

Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 194, \$802,193 from non recurring General Revenue, \$10,757,143 from the Grants and Donations Trust Fund and \$24,161,727 from the Medical Care Trust Fund are provided to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for the following four categories of hospitals. Of these funds \$6,966,724 is provided to the first category of hospitals, which are those hospitals that are part of a system that operate a provider service network in the following manner: \$570,975 is for Jackson Memorial Hospital; \$749,964 is for hospitals in Broward Health as follows Broward General \$145,860, Coral Springs \$412,974, Imperial Point \$92,319, and North Broward \$98,811; \$1,665,035 is for hospitals in the Memorial Healthcare System as follows Memorial Hospital \$235,557, Memorial Hospital Pembroke \$286,093, Memorial Hospital Miramar \$383,272, and Memorial Hospital West \$760,113; and \$256,166 to Shands Jacksonville and \$3,724,584 to Shands Gainesville. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,221,468 shall be used for the second category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for those hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,632,729 shall be used for the third category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for rural hospitals. Of the above funds, \$19,900,141 shall be used for the fourth category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates to teaching hospitals as defined in section 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians and for designated trauma hospitals on or before February 1, 2010. In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the outpatient rate for those individual hospitals. For this section of proviso the agency shall use the average of 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 194, \$13,857,675 from the Grants and Donations Trust Fund and \$28,965,796 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in sections 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians, hospitals with graduate medical education positions that do not otherwise qualify, and designated trauma hospitals to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 194, \$26,199,460 from the Grants and Donations Trust Fund and \$54,763,025 from the Medical Care Trust Fund are provided for hospitals, not previously included in the proviso above, to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buyback of exemptions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds.
