EDUCATION, DEPARTMENT OF

Funding provided in Specific Appropriations 27 through 149 from State Fiscal Stabilization Funds authorized in the American Recovery and Reinvestment Act of 2009 is contingent upon the approval of the State's application and request for any necessary waivers of maintenance of effort requirements by the United States Department of Education. The Department of Education, or Board of Governors as appropriate, shall provide guidance to school districts and institutions of higher education regarding the inclusion or exclusion of State Fiscal Stabilization Funds with general fund revenues for the purpose of required state and federal reporting.

If it is determined that any entity designated to receive an appropriation from State Fiscal Stabilization Funds is ineligible to receive such funds in accordance with the American Recovery and Reinvestment Act of 2009, the Executive Office of the Governor may adjust allocations from state funds and State Fiscal Stabilization Funds among eligible recipients, based upon the recommendation of the Department of Education or Board of Governors as appropriate, in a manner that ensures the combined total of state funds and State Fiscal Stabilization Funds remains consistent with the intent of the General Appropriations Act. Any such adjustments shall be subject to the notice and objection requirements of section 216.177, Florida Statutes.

The receipt of funds provided in Specific Appropriations 27 through 149 from federal stimulus grants authorized in the American Recovery and Reinvestment Act of 2009 by an eligible recipient are contingent upon the recipient's agreement to fully comply with the application and reporting requirements established by the Department of Education or the Board of Governors, as applicable.

If any school district levies the full 0.748 mill levy and it generates an amount of funds per unweighted FTE that is less than the state average amount per unweighted FTE, the school district shall receive from the funds provided in Specific Appropriations 6 and 78, a discretionary millage compression supplement that, when added to the funds generated by the district's 0.748 mill levy, shall be equal to the state average as provided in section 1011.62(5), Florida Statutes.

If any school district chooses to levy an amount not less than 0.498 mills and less than 0.748 mills, a compression supplement shall be calculated on a levy of 0.498. 2. In addition, if any school district levies for the 2010-2011 fiscal year, an additional 0.25 mills to meet critical operating needs pursuant to section 1011.71, Florida Statutes, and the 0.25 mills generates an amount of funds per unweighted FTE that is less than the state average amount per unweighted FTE, at the time of the third calculation of the FEFP, the school district shall receive from the funds provided in Specific Appropriations 6 and 78, a discretionary millage compression supplement that, when added to the funds generated by the district's 0.25 mill levy, shall be equal to the state average as provided in section 1011.62 (5), Florida Statutes.

Currently sponsored charter schools may contract with the Florida Virtual School or with a Department of Education approved virtual instruction program provider for virtual instruction to be provided to currently enrolled students of the charter school.

A minimum guaranteed level of funding shall be calculated to provide no greater than an 8 percent reduction per unweighted full-time equivalent student compared to the amount per unweighted full-time equivalent student funded in the 2009-2010 FEFP. The calculation of this minimum funding shall compare total state and local formula and categorical funds, actual discretionary local revenue, and federal stabilization funds for 2009-2010 with total state and local formula and categorical funds, maximum potential discretionary local revenue, and federal stabilization funds for 2010-2011. Funds for the School Recognition Program and the Merit Award Program shall not be included in the calculation of the Minimum Guarantee. If at any time during the 2010-2011 fiscal year, the appropriation is reduced, the Minimum Guarantee shall not hold a district or other entity harmless from the impact of the reduction.

From the funds in Specific Appropriations 6 and 78, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. School districts may expend funds in the amount of \$4,704 per student for each student who was enrolled and served during the 2009-2010 fiscal year and who is re-enrolled and eligible to be served during the 2010-2011 fiscal year. Each of the K-8 virtual schools shall provide to the Department of Education the name and address of each student who was enrolled and served during the 2009-2010 fiscal year and who is re-enrolled and is eligible to be served during the 2010-2011 fiscal year. The Department shall verify the eligibility of the students, assist with placement of each student in a school district virtual instruction program regardless of the student's district of residence, and assist the school district with executing an appropriate contract with an approved K-8 virtual school for payment for virtual instruction for each student. The maximum number of students to be funded pursuant to this provision is the number being served in 2009-2010.

From the funds in Specific Appropriations 6 and 78 school districts may implement web based community service hour tracking systems.

From the funds provided in Specific Appropriations 11, 13, 132, and 134, each university may shift enrollment by level in a manner which is revenue neutral; however, no university, with the exception of New College of Florida, shall increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 132 and 134.

The Chancellor of the State University System shall submit a revised 3-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Board of Governors by September 1, 2010. This revised 3-year enrollment plan must be developed with input from each state university.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2010-2011 enrollment plan for the State University System.

Funds provided in Specific Appropriation 132 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the university by more than 10 percent during the 2010-2011 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors.

From the funds provided in Specific Appropriation 132 to the University of Florida, the Florida Center for Library Automation shall work with the College Center for Library Automation to implement a search function by which a user may search simultaneously all holdings of libraries in the Florida College System and the State University System. In addition, library holdings currently available in SUNLINK, as well as library holdings available in standard machine readable bibliographic records of the State Library of Florida and the public libraries, should be included when and where feasible. The search function shall be implemented by September 1, 2010.

Any requests pursuant to chapter 216, Florida Statutes, by the Agency for Health Care Administration to increase budget authority to expand existing programs using increased federal reimbursement through Low Income Pool (LIP) provisions and exemptions to hospital Medicaid rate ceilings shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue or tobacco settlement funds. All hospitals with accepted 2008 Financial Hospital Uniform Reporting System (FHURS) data are eligible for the second phase of the allocation process.

From the funds in Specific Appropriation 191, \$608,803 from the Grants and Donations Trust Fund and \$974,150 from the Medical Care Trust Fund are provided for Medicaid low-income pool payments to specialty pediatric facilities. To qualify for a Medicaid low-income pool payment under this section, a hospital must be licensed as a children's specialty hospital and its combined Medicaid managed care and fee-for-service days as a percentage to total inpatient days must equal or exceed 30 percent. The agency shall use the 2003 Financial Hospital Uniform Reporting System (FHURS) data to determine the combined Medicaid managed care and fee-for-service days. The total Medicaid low-income pool payments made shall be distributed equally to the qualifying hospitals.

From the funds in Specific Appropriation 191, \$950,000 from the General Revenue Fund, \$28,826,710 from the Grants and Donations Trust Fund and \$47,245,805 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals that serve as a safety net in providing emergency, specialized pediatric trauma services and inpatient hospital care to low-income individuals. These amounts shall be paid to the following:

From the funds in Specific Appropriation 191, \$1,399,224 from the General Revenue Fund, \$7,168,224 from the Grants and Donations Trust Fund and \$13,708,808 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used to provide funding for Federally Qualified Health Centers supporting primary care services in medically underserved areas.

From the funds in Specific Appropriation 191, \$3,673,291 from the Grants and Donations Trust Fund and \$5,877,648 from the Medical Care Trust Fund are provided for county health initiatives emphasizing the expansion of primary care services, and rural health networks. The Department of Health will develop the funding criteria processes, which include assessing statewide benefits, sustainability, access to primary care improvements, ER diversion potential, and health care innovations that are replicable and with a three-year limit on low-income pool funding. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 191, \$1,153,800 from the Grants and Donations Trust Fund and \$1,846,200 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals with hospital based primary care initiatives.

From the funds in Specific Appropriation 191, \$96,150 from the Grants and Donations Trust Fund and \$153,850 from the Medical Care Trust Fund are provided to make health insurance premium payments for low-income residents enrolled in the Miami-Dade Premium Assistance Program. These funds are contingent on a local government contribution of \$96,150.

From the funds in Specific Appropriation 191, \$6,102,454, from the Grants and Donations Trust Fund and \$9,764,560 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments for premium assistance programs operated by the Palm Beach County Health Care District. These funds are contingent on a local government contribution from the Palm Beach Health Care District in the amount of \$13,367,014.

From the funds in Specific Appropriation 191, \$1,220,261 from the General Revenue Fund and \$1,952,544 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

From the funds in Specific Appropriation 191, \$461,520 from the General Revenue Fund and \$738,480 from the Medical Care Trust Fund are provided to continue the primary care and emergency room diversion program in Manatee, Sarasota and DeSoto counties.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved nonfederal share of matching

SECTION 3 - HUMAN SERVICES

funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

The agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided in Specific Appropriation 191 are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. In the event the nonfederal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Distribution of such funds provided in Specific Appropriation 191 are contingent upon approval from the Centers for Medicare and Medicaid Services.

	FROM MEDICAL CARE TRUST FUND		12,442,925

Funds in Specific Appropriation 192 are for the inclusion of freestanding dialysis clinics in the Medicaid program. The agency shall limit payment to \$100.00 per visit for each dialysis treatment. Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include National Drug Code information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

Funds in Specific Appropriation 192 reflect an increase of \$163,118 from the General Revenue Fund and \$261,006 from the Medical Care Trust Fund as a result of increasing the payment to Medicaid freestanding dialysis clinics from \$95.00 to \$100.00 per visit.

From the funds in Specific Appropriation 194, \$19,653,060 from the Grants and Donations Trust Fund and \$31,446,942 from the Medical Care Trust Fund are appropriated so that the agency may amend its current facility fees and physician services to allow for payments to hospitals providing primary care to low-income individuals and participating in the Primary Care Disproportionate Share Hospital (DSH) program in Fiscal Year 2003-2004 provided such hospital implements an emergency room diversion program so that non-emergent patients are triaged to lesser acute settings; or a public hospital assumed the fiscal and operating responsibilities for one or more primary care centers previously operated by the Florida Department of Health or the local county government. Any payments made to qualifying hospitals because of this change shall be contingent on the state share being provided through

grants and donations from counties, local governments, public entities, or taxing districts, and federal matching funds. This provision shall be contingent upon federal approval of a state plan amendment.

Funds in Specific Appropriation 194, reflect a reduction of \$13,561,973 from the General Revenue Fund, \$21,801,327 from the Medical Care Trust Fund, and \$62,971 from the Refugee Assistance Trust Fund as a result of implementing a reduction in outpatient hospital reimbursement rates. The agency shall implement a recurring methodology in the Title XIX Outpatient Hospital Reimbursement Plan to achieve this reduction. In establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. Hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent and rural hospitals as defined in s. 395.602, Florida Statutes are excluded from this reduction.

From the funds in Specific Appropriation 194, \$23,436,079 from the Grants and Donations Trust Fund and \$37,500,164 from the Medical Care Trust Fund are provided to increase the outpatient cap for adults from \$1,000 to \$1,500 per year and to eliminate the outpatient reimbursement ceilings for teaching, specialty, Community Health Education Program hospitals and Level III Neonatal Intensive Care Units that have a minimum of three of the following designated tertiary services as regulated under the certificate of need program: pediatric bone marrow transplantation, pediatric open heart surgery, pediatric cardiac catheterization and pediatric heart transplantation. Included in these funds are the annualized amounts to offset the reductions taken against hospitals defined in section 408.07 (45), Florida Statutes, that are not certified trauma centers, as identified in Section 13, chapter 2007-326, Laws of Florida.

From the funds in Specific Appropriation 194, \$4,678,761 from the Grants and Donations Trust Fund and \$7,486,505 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose charity care and Medicaid days as a percentage of total adjusted hospital days equals or exceeds 11 percent. For any public hospital or any leased public hospital found to have sovereign immunity or hospital with graduate medical education positions that does not qualify for the elimination of the outpatient ceilings under this provision of proviso or any other proviso listed, such hospitals shall be exempt from the outpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2010. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 194, \$82,610 from the Grants and Donation Trust Fund and \$132,185 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

From the funds in Specific Appropriation 194, \$4,609,114 from the Grants and Donations Trust Fund and \$7,375,061 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose Medicaid days, as a percentage of total hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2010 or become a designated or provisional trauma center during Fiscal Year 2010-2011. Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in section 13, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2010. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

SECTION 3 - HUMAN SERVICES

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 194 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 194, \$4,702,344 from the Grants and Donations Trust Fund and \$7,524,239 from the Medical Care Trust Fund are provided to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for the following three categories of hospitals. Of these funds \$3,372,389 is provided to the first category of hospitals, which are those hospitals that are part of a system that operate a provider service network in the following manner: \$570,978 is for Jackson Memorial Hospital; \$458,668 is for hospitals in Broward Health; \$840,958 is for hospitals in the Memorial Healthcare System; and \$256,166 to Shands Jacksonville and \$1,245,619 to Shands Gainesville. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,221,468 shall be used for the second category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for those hospitals that are licensed as a children's specialty hospital and whose Medicaid days plus charity care days divided by total adjusted patient days equals or exceeds 30 percent. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$4,632,726 shall be used for the third category to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for rural hospitals.

In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the outpatient rate for those individual hospitals. For this section of proviso the agency shall use the average of 2003, 2004 and 2005 audited DSH data available as of March 1, 2010. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 194, \$12,543,857 from the Grants and Donations Trust Fund and \$20,071,476 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in sections 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians and designated trauma hospitals to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 194, \$29,345,048 from the Grants and Donations Trust Fund and \$46,955,156 from the Medical Care Trust Fund are provided for hospitals, not previously included in the proviso above, to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of reductions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 219, \$5,199,157 from the Grants and Donations Trust Fund and \$8,319,193 from the Medical Care Trust Fund are provided for the purpose of maximizing federal revenues through the continuation of the Special Medicaid Payment Program for governmentally funded nursing homes. Any requests pursuant to chapter 216, Florida Statutes, by the Agency for Health Care Administration to increase budget authority to expand existing programs using increased federal reimbursement through these provisions, shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue. The agency is authorized to seek federal Medicaid waivers as necessary to implement this provision.

Funds in Specific Appropriation 219 reflect a reduction of \$51,068,058 from the General Revenue Fund and \$81,714,203 from the Medical Care Trust Fund as a result of modifying the reimbursement for nursing home rates. The agency shall implement a recurring methodology in the Title XIX Nursing Home Reimbursement Plan to reduce nursing home rates to achieve this reduction. In establishing rates through the normal process, prior to including this reduction, if the unit cost is equal to or less than the unit cost used in establishing the budget, then no additional reduction in rates is necessary. In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget.

From the funds in Specific Appropriation 219, the Agency for Health Care Administration, in consultation with the Department of Elder Affairs, the Department of Health, and the Department of Children and Families, is authorized to transfer funds, in accordance with the provisions of chapter 216, Florida Statutes, to Specific Appropriation 310 Home and Community Based Services Waiver, Specific Appropriation 395 Home and Community Based Services Waiver, Specific Appropriation 396 Assisted Living Facility Waiver, Specific Appropriation 401 Capitated Nursing Home Diversion Waiver, and Specific Appropriation 563 Brain and Spinal Cord Home and Community Based Services Waiver to transition the greatest number of appropriate eligible beneficiaries from skilled nursing facilities to community-based alternatives in order to maximize the reduction in Medicaid nursing home occupancy. Priority for the use of these funds will be given to the planning and service areas with the greatest potential for transition success.

Funds in Specific Appropriation 219 reflect the transfer of \$3,257,203 from the General Revenue Fund and \$5,211,863 from the Medical Care Trust Fund for the implementation of the Florida Nursing Home Transition Plan.

From the funds in Specific Appropriation 219, \$335,935,864 from the Grants and Donations Trust Fund and \$537,532,321 from the Medical Care Trust Fund are provided to buy back nursing facility rate reductions, effective on or after January 1, 2008 and are contingent on the non federal share being provided through nursing home quality assessments. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the budgeted authority in this line. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2011.

Funds in Specific Appropriations 603 through 781 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2010, and for which it has been determined by the Secretary of the department that there is no longer a need.

The Department of Corrections may, subject to all applicable provisions of chapter 216, Florida Statutes, transfer funds and positions and salary rate among budget entities and programs within Specific Appropriations 603 through 781 if necessary, to ensure public safety and avoid adversely affecting current employees due to the elimination of vacant positions and other approved reductions. It is the intent of the Legislature that priority shall be placed on preserving positions in correctional institutions and community corrections.

Funds in Specific Appropriations 603 through 781 include reductions in full-time equivalent positions and associated salary and benefits. Those reductions in full-time equivalent positions must be from, to the maximum extent feasible, supervisory and managerial positions.

To minimize the impact of funding reductions within Specific Appropriations 603 through 781, the department shall identify vacant correctional work release and substance abuse programming capacity and has the discretion pursuant to the provisions of Chapter 216, Florida Statutes, to transfer funds to enable the filling of such additional capacity in accordance with the provisions of chapter 945, Florida Statutes.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 639, 651 and 663, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with the respect to any facility, to reimburse the Department of Management Services, and any predecessor agency, for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services must ensure all future private prison contracts have explicit conditions that provide for the flexibility to adjust the percentages of special needs inmates to allow for changes in overall state populations of those inmates. Such percentages must be based on Department of Corrections' special needs inmate population forecasts, so that medical and mental healthcare costs are appropriately shared by both private and state prisons. All future private prison contracts must require each private prison vendor to report the same performance measures for inmate programs in private prisons as reported by the Department of Corrections for its comparable public institutions. As part of the private prisons contracting negotiations process, the Department of Corrections must consult with the Department of Management Services and each private prison vendor to establish high, reasonable, and achievable performance standards. All future private prison contracts must require each private prison vendor to develop inmate visitation policies and telephone rates for the private prisons that are consistent with those policies followed by the state's public prisons and encourage inmate family contact, as directed by Florida Statutes. Finally, the Department of Management Services must require all future private prison contracts to adhere to Department of Management Services' established criteria for awarding Privately Operated Institutions Inmate Welfare Trust Fund monies so that Department of Management Services' staff can verify such funds are being used appropriately.

From the funds in Specific Appropriations 639, 651, and 663, the Department of Management Services is directed to execute private prison contract amendments to each operations and management contract for each correctional facility currently under its supervision in order to provide the contractors the maximum flexibility to address recurring reductions in contract amounts. Such contract amendments shall expire on June 30, 2011. The Department of Management Services and the private prison contractors may amend the provisions of the private prison operating contracts limiting correctional officer overtime and part-time hours to be consistent with the overtime and part-time use as permitted

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

by the Department of Corrections and the American Correctional Association standards. The contract amendments may also eliminate deductions for vacant positions as long as the services associated with the position are being provided through the use of overtime or part-time staff. The Department of Management Services may amend the private prison operating contracts to provide for the payment of costs associated with all inmate academic, vocational, behavioral and substance abuse programs from funds in the Privately Operated Institutions Inmate Welfare Trust Fund. Such contract amendments may not negatively affect the Department of Corrections.

The Department of Corrections may contract through a request for proposal for innovative and cost effective approaches to the financing, construction and operation of private correctional beds and services which can include any and all operations defined and requested by the department, including but not limited to financing, operations, housing, staffing, security, meals, medical care, transportation, education and substance abuse treatment services. The department may consult with other state agencies on the development of this request for proposal. Any resulting contract shall be funded through existing appropriations, and at a minimum provide for per diem costs at a cost of at least seven percent below what the department can incarcerate similar inmates. The department shall not implement this section in a manner that reduces participation in existing reentry programs.

ADULT MALE CUSTODY OPERATIONS

Funds and positions in Specific Appropriations 629 through 781, support the state-wide inmate population increase. These funds and positions are sufficient to provide housing and security for 103,478 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 102,552 inmates.

Funds and positions in Specific Appropriations 629 through 781 are provided to address security needs for the additional prison populations expected in Fiscal Year 2010-2011 as projected by the Criminal Justice Estimating Conference.

STATE ATTORNEYS

The Prosecution Coordination Office's budgeting, training, and education needs may be funded by each State Attorney's office within the funds provided in Specific Appropriations 820 through 960. Funding for this office shall not exceed \$200,000 in general revenue and \$200,000 from the Grants and Donations Trust Fund.

The existing funding formula used and approved by the Florida Prosecuting Attorneys Association (FPAA) to assist the Legislature in distributing appropriations is not sufficiently meeting the fiscal needs

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

and concerns of the State Attorneys of all twenty judicial circuits. This formula perpetuates current inequities among the circuits creating the potential for lack of uniformity in the justice system across the state. To correct these inequities, from the funds in Specific Appropriations 820 through 960, the FPAA shall provide the Legislature with a funding plan redistributing the total recurring FY 2010-2011 budget funded by the General Revenue Fund of all 20 State Attorneys Offices using the current criteria and the most recent data available for said criteria. The FPAA may also include any other proposed alternatives for distributing future incremental funding changes the Legislature may appropriate. This plan shall be submitted to the President of the Senate and the Speaker of the House of Representatives by January 1, 2011.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1166 through 1188 , the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care prior to implementing any change.

From the funds in Specific Appropriations 1166 through 1188, for determining the most appropriate bed reductions in each level of residential commitments, the department may consider those residential commitment programs, if necessary, which have scored below 72 on the overall program score represented in the Comprehensive Accountability Report. The department may also consider programs that are underutilized, those that provide services for which there is a less critical need and other relevant performance measures in determining which level of residential beds should be reduced. Prior to any change authorized herein, notification and justification must be provided to the Governor's Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means, and the chair of the House Full Appropriations Council on General Government and Health Care.

AGENCY FOR WORKFORCE INNOVATION

From the funds in Specific Appropriations 2191 through 2249, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The agency head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

No federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, Workforce Florida, Inc., or the Agency for Workforce Innovation if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2208 through 2249, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Policy and Steering Committee on Ways and Means and the chair of the House Full Appropriations Council on Education and Economic Development.

From the funds in Specific Appropriation 2243 in the Welfare Transition Trust Fund, \$1,400,000 from recurring funds is provided for the Home Instruction Program for Pre-School Youngsters (HIPPY).

SECTION 6 - GENERAL GOVERNMENT

Funds in Specific Appropriation 2243 from the Child Care and Development Block Grant Trust Fund may be used to provide a rate differential or stipend to programs which reach the Gold Seal Quality Care designation. The rate differential shall not exceed twenty percent of the reimbursement rate.

Funds in Specific Appropriation 2243 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Agency for Workforce Innovation may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement. Progress towards meeting this requirement shall be monitored by the Agency for Workforce Innovation, and shall be considered satisfactorily attained if the six percent requirement is met on a statewide basis.

From the funds in Specific Appropriation 2243, the Agency for Workforce Innovation shall designate an amount to be used for the Child Care Executive Partnership Program, as defined in section 411.0102, Florida Statutes, as match to expand the provision of services to low income families at or below 200 percent of the federal poverty level. Funds for this program may be used to match funds for statewide contracts.

From the funds provided in Specific Appropriation 2905, the department shall use certified or licensed professionals who are providing solicited services to other clients when contracting with benefit or actuarial consultants.

From the funds provided in Specific Appropriation 2905, the department shall solicit information from the private sector by use of a written Request For Information (RFI) for the potential contracting with a single vendor pertaining to the financing and outsourcing of a defined contribution plan providing a single access point for plan participants to select any option available to them through a full cafeteria plan that meets the requirements and regulations of section 125 of the Internal Revenue Service Code. The plan shall provide consumer-driven health products and other health insurance options, as well as all other qualified benefits. The vendor shall include design features for risk pooling that prevent adverse selection and shall analyze the effects of these features on the State as well as the plan participants. The plan design shall include internet-based decision support technology, product portability, and incentives for healthy behaviors, and management of chronic disease and conditions. For purpose of this RFI, eligibility determination and enrollment administration, collecting and accounting of payroll deducted or direct-pay benefit contributions, and transfer of employer/employee contributions to a single contracted vendor will remain in-house and will require the necessary system interfaces between the state and a contracted vendor. The RFI shall include a window of time for written questions by interested parties and department answers to ensure that decision-useful information is submitted in response to this RFI. The RFI shall provide the ability for vendor's to submit general pricing data. Vendor responses received as a result of this RFI shall be provided to the chair of the Senate Ways and Means Committee and the chair of the Full Appropriations Council on General Government and Health Care by September 30, 2010.

The department is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to increase Specific Appropriation 2905 in the event benefit or actuarial consulting services exceed the amount of budget authority appropriated.

SECTION 8. EMPLOYEE COMPENSATION AND BENEFITS - FISCAL YEAR 2010-2011

This section provides instructions for implementing the Fiscal Year 2010-2011 salary and benefit adjustments provided in specific appropriation 2183A. All allocations and distributions and uses of these funds are to be made in strict accordance with the provisions of this act.

Salary and Benefit Appropriations and Pay Grade Adjustments

Effective July 1, 2010, all salary and benefit appropriations, excluding health insurance, are reduced by a recurring 3 percent reduction. The State University System's Education and General Activities appropriation is reduced by a recurring amount equivalent to each reported position receiving a 3 percent salary reduction. In addition, it is the intent of the Legislature that the minimum for each pay grade and pay band shall be reduced by 3 percent for the 2010-2011 fiscal year. The maximum for each pay grade and pay band shall not be adjusted for the 2010-11 fiscal year.

(1) EMPLOYEE AND OFFICER COMPENSATION

The Legislature recognizes that the state is facing a critical fiscal situation unprecedented in the last quarter century. During this time of budgetary shortfall it is in the best interest of the state to ensure that that the state's resources be used in the most efficient and prudent manner, while upholding the critical missions of the state. Further, given other budgetary reductions, it recognizes that the agency heads are uniquely positioned to determine how to best manage their agency's human resources given the constraints associated with a reduction in the salary and benefit appropriation. Given that recognition, in lieu of effecting a 3 percent across the board salary reduction, agency heads are provided additional flexibility to best manage their agency's staffing needs to ensure the mission and goals of their respective agencies are met. For Fiscal Year 2010-2011, agency heads are authorized to impose layoffs, reclassify employees, terminate employees or impose salary reductions or adjustments for individual or groups of employees while ensuring the agency remains within its salary and benefits appropriation. The intent is for this flexibility to be used in the best interest of their agency through the elimination of positions where least needed, reclassifying positions to more efficiently address agency needs, and reducing or, in limited circumstances, increasing salaries as deemed necessary. During this process, consideration should be given to critical positions to ensure the mission of the agency is fulfilled. Agency heads are expected to use this discretion in an objective manner giving consideration to fairness and consistency, as well as a thoughtful deliberation of agency operations. Elimination of full-time equivalent positions are authorized subject to the approval of the LBC.

For purposes of this Section, the term "agency head" shall include the term as defined in section 20.055(1)(b) Florida Statutes and shall also include the Chief Justice of the Supreme Court; the Board of Trustees of each University; the Board of Trustees of the Florida School for the Deaf and Blind; the executive director of the Justice Administrative Commission; the executive director of the Office of Guardian Ad Litem; each State Attorney; each Public Defender; each Capital Collateral Regional Counsel and each Regional Counsel.

(b) EXEMPT FROM CAREER SERVICE

1. Elected officers and full-time members of commissions:

In order to implement specific appropriations for salaries and benefits, the following elected officers and full-time members of commissions shall be paid at the annual rate shown below for the period indicated. However, the Chief Justice may elect to retain salaries up to the levels in effect on July 1, 2009 for justices and judges; the Governor may make such an election for the salaries of the Public Employees Relations Commissioners (on a pro-rata full-time equivalent basis), Regional Conflict Counsels and Parole Commissioners; the Governor and Cabinet may make such an election for their own positions and the salaries of the Public Service Commissioners; and each State Attorney and Public Defender may make such an election regarding their own positions. However, any adjustments must be made within the agencies' salary and benefit appropriation.
